Re: UHS Inclement Weather
Date: January 22, 2021

UHS Inclement Weather/Snow Day Plan:

In November, the Unit Seven Board of Education approved a blended eLearning plan to be used on days when physical attendance in the building is called off by Superintendent Larson due to a weather related event. Due to the unpredictability of weather related days, the plan will function slightly different from the all-remote day plan. Here is how the inclement weather/snow day plan will work at UHS.

Student expectations:

- If advance notice is available, students will take the needed materials home the day before.
- Students are required to log-in for Google Classroom attendance. Students will sign into their remote instruction attendance for the day as usual. Students will be able to access and submit remote instruction attendance beginning at 8:20AM instead of waiting until the afternoon to log-in.
- Students will follow their daily schedule in the Google Classroom.
- Students should make every effort to contact their teacher by email **during their scheduled class** if they have questions about an assignment, access, etc.
- Students are expected to attend any Google Meets assigned by their teachers.
- Students are expected to complete their remote instruction class in the afternoon as usual.
- School will break from 12:00 PM-2:00 PM as usual during the regular day.
- Students will communicate with each teacher either through submitted work or teacher email contact from 2:00 to 3:00PM.

Teacher expectations:

- Teachers will assign activities that are timely and relevant to content area curriculum.
- Teachers will provide meaningful engagement through review, extended practice, project completion, etc.
- Teachers will support student success by being available throughout each class period to interact with students who need feedback and/or require assistance from 8:20AM-12:00 PM and 2:00-3:00 with 12:00 PM-2:00 PM as a scheduled break for UHS.

Parent expectations:

- UHS will send an email to parents as a reminder to return email the UHS office **if** their student is sick or cannot participate in school.

Page 2

- Please encourage your student to follow his/her schedule and fully participate to the greatest extent possible.

Administrative expectations:

Mr. Morrison and Mr. Gateley will be available from 8:00-3:00 to communicate with and to support all students, faculty, and staff in a successful eLearning experience.

Respectfully,

A handwritten signature in cursive script that reads "Phil Morrison Jr.".

Mr. Phil Morrison
