

Senior Night

Senior night will be modified this year to follow the boundaries of the Klawock City School District COVID SMART plan and Mitigation Plan for activities in the gym. These plans prohibit large group gatherings and set limits as to how many people can gather in our gym at one time.

Senior night is currently scheduled for March 13th, our last home game. After collaborating with advisors, students and administrators, we have three options that our students will vote on Friday 2/19. Please review these options and discuss with your senior which one to vote for. You can also contact me directly by calling or emailing me (755-2220, kelli.larson@klawockschool.com) if you want to discuss this in greater detail.

Options:

1. Senior night on 3/13 between the games much like it was done traditionally, but with a maximum of 10 guests including the senior brought into the gym. The senior can announce as many as they want but only 10 come into the gym. Guests will wait in designated areas outside of the gym until it is their turn to be announced, and will exit out the side door after the announcements and photo unless they have a ticket to attend the game.
2. Senior night on Wednesday 3/10 that doesn't occur during a game where you can invite as many guests as you want. The total number of guests that will be announced for the entire class will determine if everyone can be in the gym at once or if they will have to enter and exit with their senior.
3. Senior night on 3/13 between games as done traditionally, except seniors with 10 or less guests will be introduced and photos taken in the gym while seniors with 11 or more guests will be announced in the gym but the photo taken in a section of the covered play area that the seniors have decorated to their liking.

Seniors will vote on this at their class meeting at 11:15 on Friday 2/19
