Hello Bulldog Families,

This email contains the same information sent out to you on December 31, 2020. Thank you for reading this and watching the video.

When we started this journey through the COVID 19 pandemic last spring, there were three basic priorities that emerged, which have been a consistent foundation for decision making over the past 10 months. While they have been modified somewhat to reflect the various situations and phases we've been in, these three priorities continue to be:

- Safety and overall health of our students and staff
- Learning, instruction and engagement of our students
- Clear communication to families and staff

These priorities will remain as we move forward into 2021 and into the second semester of this school year.

This email is being sent to you to provide reminders and information about the start of second semester. Students return to school, either in person or remotely, on Wednesday, January 6, 2021. Please take the time to watch this under-5-minute video and read through this email:
