## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

## Schoolwide Program

This year's plan is responsive to the COVID-19 pandemic that has challenged the Delhi community. Specifically, the plan looks to address what was experienced during the months of March, April, and May, when instruction and communication with our students decreased tremendously, as the uncertainty and ambiguity of distance learning caused considerable disruption in day-to-day student-teacher interaction and school-home interaction

Our entire program has been impacted by COVID-19. Therefore, our Schoolwide Program is fully informed by these realities. The School Plan for Student Achievement takes into consideration the challenges faced at the closing of the previous year in order to provide a stable program during difficult times.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.
The Schendel Elementary's plan directly aligns with the district's mission to "Advancing future leaders' creativity, individuality, talents, and abilities through rigorous, dynamic educational programs", as well as with the vision of "Empowering our students to serve and lead the world". To achieve the mission and vision of the Delhi Board of Trustees, Schendel Elementary's School Plan for Student Achievement focuses on four main goals, that come from the adopted LCAP:

Goal 1 - Parent Involvement
Schendel Elementary School will ensure active parent involvement and student engagement through:
a. Research-based parent involvement practices
b. Family input in school decision making
c. Educational programs designed for families to empower them in supporting student achievement and success

Goal 2 - Conditions for learning:
Schendel Elementary School will provide high quality, equitable Conditions of Learning for each student through:
a. Fully credentialed, highly qualified teachers
b. Standards-aligned instructional materials, including educational technology

## Goal 3 - Pupil Outcomes

Schendel Elementary School will ensure Pupil Outcomes exhibit access, equity, and achievement in research based instructional and support programs focused on:
a. Student Achievement
b. College and Career Readiness
c. English Learners attaining proficiency in English Acquisition and Academics
d. English Learner Reclassification and ongoing achievement

Goal 4- Engagement:
Schendel Elementary School will ensure student Engagement through:
a. Active family and student support and intervention to increase school attendance
b. Identification of at-risk students, intervening to reduce dropout and increase graduation rates
c. Safe and civil school environments in which students are safe, involved, valued, and respected
d. Evidence of healthy decision making and citizenship

## Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the schoolyear, and a summary of results from the survey(s).
Our entire program has been impacted by COVID-19. Therefore, our School Plan for Student Achievement is fully informed by these realities.

In addition to the District-Wide Roundtable in June, a survey was conducted asking parents about which type of model they would like to see in the Fall, specifically: (1) Traditional, (2) Hybrid, (3) Distance Learning, and (4) virtual independent practice. The majority of respondents preferred a Traditional Opening.

With the various changes in direction coming from the state government, all stakeholders were also surveyed on Thursday July 2, 2020, regarding the reopening of schools. Of the 412 that responded, $86 \%$ were parents, $13 \%$ were teachers, $8 \%$ were classified employees, and $.5 \%$ were administrators. Responses varied from wanting students to be back in school to others not wanting students to be back in school.
>> The District has developed five phases to guide our District's return to in-person instruction.
>> Based on a survey of families, it was estimated that 300 families had poor or no connectivity, and purchased 350 internet Hot Spots.
When some of these Hot Spots did not provide the desired level of connectivity, 120 more were purchased that would access a different network.
>> Principals and school sites have regular and ongoing communication with students and parents, often about devices and connectivity.
The Technology Department is contacted and the district's technology staff make home visits when requested or necessary to address
connectivity and hardware issues.
>> The District negotiated a Memorandum of Understanding with the Teachers Union to address their feedback which included among other
things: (1) start date of school was pushed back from August 5th to August 20th and the work year;
(2) Distance learning Procedures/Leaves
including when teachers can provide instruction from home, and other instructional related issues;
(3) distance Learning Accountability

Requirements; (4) Evaluations/Pay and Benefits; (5) Evaluations; (6) Health and Safety Protocols including Decontamination of Classrooms and Improvement of Air Ventilation and Filtration.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.
With the addition of a new principal, the focus of systemically facilitating observation and feedback cycles became a priority for the 2020-2021 school year. The pillars for this focus are:

1. Scheduled observations: Lock in frequent \& regular observations.
2. Key action steps: Identify the one or two most important areas for growth.
3. Effective feedback: Give direct face -to-face feedback that provides specific action steps for improvement.
4. Direct Accountability: Create systems to ensure feedback translates into practice

As of December 2020, the principal conducted 50 observations that included positive and constructive feedback.

SUMMARY OF FINDINGS:

1. Teachers embraced the use the district adopted digital tool Google Classroom.
2. There is a need to support teachers to differentiate rigorous instruction for all students including

ELLs and students with disabilities based on multiple forms of authentic assessments, regardless of current level of achievement.
3. There is a need to support teachers with pushing students to engage in academic discourse by: Modeling academic responses, coaching students to use the formal register and academic vocabulary during 1-1 interaction, and providing opportunities for collaborative discourse that uses the formal register and academic vocabulary.
4. There is a need to develop structures for teachers to regularly receive face-to-face feedback that provides specific action steps for improvement: As of the current state, there is no calendared time for teachers to receive feedback other than email correspondence or if a teacher suggests to meet to further discuss their walkthrough.
5. There is a need to provide school-wide professional development for Tier 1 instructional supports.
6. There is a need to further systematize the RTI model, which must include school-wide professional development.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)
The school uses state assessments to monitor strategic planning and make modifications when the need arises. These state assessments include:

1. SBAC ELA and Math for 3rd-6th grade.
2. ELPAC to measure how well students in kindergarten (K) through grade six understand English when it is not their primary language.

Our local assessments, which are embedded within our adopted curriculums, are aligned to the Common Core State Standards and the California English Language Development Standards. Teachers use formative assessment data and benchmark data to monitor programmatic effectiveness as it pertains to our academic goals.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)
Our local assessments, which are embedded within our adopted curriculums, are aligned to the Common Core State Standards and the California English Language Development Standards.
Teachers use formative assessment data and benchmark data to monitor programmatic effectiveness as it pertains to our academic goals. We utilize the Data Summary Sheet, which includes data from state assessments, as well as formative and benchmark data to ascertain which groups of students are in need of intervention support.

TK-1 students in Structured English Immersion (SEI) classes will be administered the Acadience assessment during in-person instruction. During Distance Learning (DL), they will only be administered the SBSL created Reading Inventory.

DLA TK-1 will be administered curriculum embedded assessments along with the STAR Reading Spanish as a Post for Kindergarten, and a Pre and Post for 1st grade.

SEI and DLA grades 2-6 will be administered the STAR Reading (English or Spanish; depending on the language of instruction) assessment as a Pre and a Post.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)
The school works in conjunction with Human Resources to ensure all teaching positions are filled with fully credentialed, highly qualified teachers. This collaboration includes the monitoring of credentials, mandated trainings and coordinating with individuals that need to update their status as credentialed and highly qualified teachers.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)
The school works in conjunction with Human Resources to ensure all teaching positions are filled in a timely manner by fully credentialed, highly qualified teachers. Due to one formal leave of absence an a mid year retirement, the school has 2 positions filled by long term substitute, and one of those has been filled with a fully credentialed, highly qualified teacher as of January.

The school provides training and support with the implementation of CCSS aligned ELA and Math curriculums and reading intervention curriculums, which includes access to all necessary materials for implementation of adopted curriculums and/or program implemented This year provided the opportunity to further support the implementation of technology through the training and development of certificated staff.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)
The professional development scope and sequence is guided by the progress monitoring of student performance in benchmark assessments, teacher feedback and trends discovered through observation and feedback.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)
Ongoing analysis of student performance in benchmark assessments, teacher feedback and trends discovered through observation and feedback is used to activate targeted teacher support which may include focused coaching cycles by the principal and/or assigning a Teacher On Special Assignment to enable teachers to work alongside an additional content expert.

Teacher collaboration by grade level (kindergarten through grade eight [K-8]) and department (grades nine through twelve) (EPC)
Teachers have two hours a week that is used for grade level collaboration. In addition, the district provides four faculty meetings throughout the year that are designated for vertical articulation.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA) The school has adopted the use of formally vetted curriculums. This adoption includes training and support with the implementation of CCSS aligned ELA and Math curriculums and reading intervention curriculums, which includes access to all necessary materials for implementation of adopted curriculums and/or program implemented

Adherence to recommended instructional minutes for reading/language arts and mathematics (K-8) (EPC)
The Phase I distance learning schedule establishes sufficient live contact minutes to meet the state minimum instructional minutes so teachers monitor attendance during their live contact with students. When the asynchronous model is used, teachers assign work to the student, and after the asynchronous learning time has passed, the teacher evaluates the work and assigns a time value to the pupil's work.

Lesson pacing schedule (K-8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)
Teachers are guided by a pacing plan that provides instructional and assessment calendars. This pacing includes the structuring of reading intervention groups in grades K-1 which are embedded during the lesson cycle. An additional 35 minute block of time was added to four days of the week for teachers to facilitate intervention groups to students in need of targeted support.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)
The school has adopted the use of formally vetted curriculums which includes access to all necessary materials for implementation of adopted curriculums and/or program implemented. This includes providing student friendly supplies to keep students involved in extended learning opportunities.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)
The school has adopted the use of formally vetted curriculums in ELA, Math, ELD and Reading Intervention. Teachers are provided training and support with the implementation of these curriculums, which includes access to all necessary materials and ongoing coaching.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)
Teachers have time during their daily schedule set aside to check up on the wellbeing underperforming students. As it pertains to underperforming students, the teacher seeks to better understand the students foster home environment and coordinate support with the school site as needed.

Underperforming students are supported by instructional assistants in the classroom and they also get additional support during small group instruction.

Underperforming students who are struggling with participation and attendance will be brought on campus, as permitted by state and health officials, for on site support during distance learning. The on site support will include, but not be limited to:
Daily SEL check ins.
Instructional support during DL instruction.
Collaboration between school staff and teachers to ensure students are on track to meet academic mastery.

Evidence-based educational practices to raise student achievement
Schendel Elementary School utilizes evidence-based educational practices to raise student achievement by providing high quality, equitable Conditions of Learning for each student through fully credentialed, highly qualified teachers and using standards-aligned instructional materials, which include educational technology and implementing the following educational practices:

1. Use of data to drive adjustments to instruction and instructional programs.
2. Targeted intervention for students in need, which includes small group and individualized instruction.
3. Targeted support for ELLs, SWDs, Homeless and Foster Youth and Low Income Students in the form of small group and individualized instruction during the lesson cycle and extended support during additional tutoring time.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)
The families of under-achieving students are provided the following supports:

1. Teachers reach out directly to families of underachieving students
2. Collaboration With community organizations to provide wrap-around supports
3. Counseling services provided by district psychologists
4. Extended day tutoring

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)
Stakeholders are engaged in the planning, implementation, and evaluation of programs as follows:
Family input in school decision making through governance (SSC and ELAC).

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)
Schendel Elementary uses categorical funds to enable underperforming students to meet standards in the following ways:

Provide compensation to Teacher to:
Plan and develop quarterly parent training to support student achievement. Training topics focused on ELA, ELD, MATH, Social/Emotional support for students.

Support the academic needs of students and/or the needs of the school with extra hours for classified staff as necessary to support corrective reading groups.
Work in conjunction with Human Resources to ensure all teaching positions are filled in a timely manner by fully credentialed, highly qualified teachers.
Copier maintenance.
Provide additional training and support with the implementation of CCSS aligned ELA and Math curriculums, including but not limited to program training.
Provide additional training and support for staff to assist with the implementation of corrective reading.
Provide student friendly supplies and environment to keep students involved in extended learning opportunities.
Support the implementation of technology through the training and development of certificated staff.
Enhance instruction by providing access to the copying of instructional materials as needed.
Ensure all students, teachers, and staff have the supplies and materials needed to support the diverse instructional needs of every students.
Provide all necessary materials for implementation of adopted curriculums and/or program implemented.
3rd - 6th grade students to be provided intervention based on identified student needs. Intervention to take place after school utilizing Corrective Reading Decoding curriculum.

Decrease officer referrals, lost time and suspensions by focusing on Positive Behavior Intervention and Supports incentives and rewards.

Provide identified students access to corrective reading by establishing a tutoring block of Corrective Reading time.
Materials to be ordered for all students needing corrective reading support. "
Provide promotional items, promotional activities, incentives, awards, and/or recognitions regarding student academics, attendance, and character/social development.

Fiscal support (EPC)
Schendel Elementary created actions and activities aligned to those of the Delhi Unified School District to meet the ESSA requirements under Title I, Title II, Title III, and Title IV. Specifically: Title I deals with Parent Involvement, Educator Equity, and the establishment and maintenance of programs that improve the educational opportunities of low-income and disadvantaged students; Title II deals with Professional Development to Support Teachers, Other School Leaders, and Administrators;
Title III deals with English Learner Support Through Staff Training, Programmatic Quality, and Activities to Ensure English Proficiency and Academic Achievement; and
Title IV deals with Student access to, and opportunities for a well-rounded education for all students; school conditions for student learning in order to create a healthy and safe school environment; and access to personalized learning experiences supported by technology and professional development for effective use of data and technology.

The ESSA requirements mentioned above are aligned to DUSD's Local Control Accountability Plan. To achieve this, the Delhi
Board of Trustees has approved the LCAP which focuses on four main goals:

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

## Involvement Process for the SPSA and Annual Review and Update

In addition to the District-Wide Roundtable in June and the survey conducted in July, the School Site Council consulted regarding the current plan on December 16, 2020 and will begin the planning process for the upcoming school year (2021-2022) on the following dates:
January 13, 20201
February 17, 2021
March 17, 2021
The English Learner Advisory Committee will be consulted regarding the plan on February 1, 2021.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.
The following resource inequities have been identified:

## PROFESSIONAL DEVELOPMENT

1. There is a need to implement professional development on the following:
A. How to differentiate rigorous instruction for all students including ELLs and students with disabilities based on multiple forms of authentic assessments.
B. How to guide teachers with pushing students to engage in academic discourse by: Modeling academic responses, coaching students to use the formal register and academic vocabulary during 1-1 interaction, and providing opportunities for collaborative discourse that uses the formal register and academic vocabulary,
C.Aligned best practices for RTI Model

## PROFESSIONAL CAPITAL

1. There is a need to develop a master schedule that will fit structures for teachers to regularly receive face-to-face feedback that provides specific action steps for improvement.

## BUDGET

There is aneed to further systematize the RTI model, which must include school-wide professional development and additional staffing in the form of and RTI specialist.

## Conclusions based on this data:

1. A considerable percentage of students (41.75) are reading below standard, which is similar to the percentage (41.05) of students not meeting standards in ELA.
2. There is a need to strengthen the reading program.

## Conclusions based on this data:

1. A considerable percentage (42.71) of students did not meet standard in mathematics, with 53.62 in grade five.
2. There is a need to strengthen the mathematics program.

## Goals, Strategies, \& Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Parental Involvement

## LEA/LCAP Goal

LEA Goal:
Community Relations
LCAP Goal:
Goal Area 1: State Priority: Engagement - Delhi Unified School District will ensure active parent involvement and student engagement

## Goal 1

Schendel Elementary School will ensure active parent involvement and student engagement through:
a. Research-based parent involvement practices
b. Family input in school decision making
c. Educational programs designed for families to empower them in supporting student achievement and success What data did you use to form this goal (findings from data analysis)?

The data used is from:
a. LCAP
b. Stakeholder attendance rates for 2015-2016, 2016-2017, 2017-2018

Group data to be collected to measure gains:
Data will be collected monthly regarding stakeholder attendance to be analyzed annually at the minimum.

Strategy:
Strategies include:
a. Provide research-based family engagement practices
b. Provide opportunities for family input in school decision making

Groups participating in this goal (e.g., students, parents, teachers, administrators):
The focus students are all students.

## Identified Need

How does this goal align to your Local Educational Agency Plan goals?:
Goal Area 1: State Priority: Engagement - Delhi Unified School District will ensure active parent involvement and student

Engagement through:
a. Increase parent involvement $2.5 \%-5 \%$ from base year 2017-2018 across three years.
b. Family input in school decision making will increase through governance participation by $2.5 \%$ 5\% from base year 2017-2018 across three years.
c. Educational programs, designed for families, to empower them in supporting student achievement and success will increase through program offerings and participation data by $2.5 \%-5 \%$ from base year 2017-2018 across three years.

What did the analysis of the data reveal that led you to this goal?
For the 2015-2016 school year: 171 stakeholders attended events.
For the 2016-2017 school year: 199 stakeholders attended events.
The analysis of this data shows an increase of $16 \%$, thus leading to the development of this goal.
Which stakeholders were involved in analyzing data and developing this goal?
Invitations were extended to stakeholders including but not limited to parents, staff, and the community.

Anticipated annual growth for each group:
The expected growth is in line with Delhi's LCAP of $2.5 \%-5 \%$.
Means of evaluating progress toward this goal:
For this particular goal, stakeholder attendance data will be collected for measurement and analysis.
Actions to improve achievement to exit program improvement (if applicable).

## Annual Review

## SPSA Year Reviewed: 2018-19

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
To be implemented during the second half of the year.
Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
Due to COVID- 19 adjustments, this strategy will be implemented during he second half of the academic year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.
This will be revisited during January-March of 20201.

## Annual Review

## SPSA Year Reviewed: 2018-19

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
Corrective Reading tutoring will begin at he start of the second half of the year.
Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
Due to COVID-19 implementation of the corrective reading support will begin in 2021.
Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.
This will be revisited in Jan- March of 2021.

## Goal 3

Schendel Elementary School will ensure Pupil Outcomes exhibit access, equity, and achievement in research based
instructional and support programs focused on:
a. Student Achievement
b. College and Career Readiness
c. English Learners attaining proficiency in English Acquisition and Academics d. English Learner Reclassification and ongoing achievement

## Identified Need

What data did you use to form this goal (findings from data analysis)?
The goal was formed based on:

1. CELDT AMAO 1 and 2 data
2. SBAC score comparison from 2016-2017 and 2017-2018

Group data to be collected to measure gains:
Data will be monitored throughout the year. Formative assessments will be evaluated after administering the test. PLC collaboration time will frequently be used for evaluation of data.

Strategy:
Strategies include:
a. Student achievement
b. College and Career Readiness
c. English Learners attaining proficiency in English acquisition and academics

## d. English Learner reclassification and ongoing achievement

Groups participating in this goal (e.g., students, parents, teachers, administrators):
The focus students are:

## 1. All students

How does this goal align to your Local Educational Agency Plan goals?:
Delhi Unified School District will ensure Pupil Outcomes exhibit access, equity, and achievement in research based instructional and support programs focused on:
a. Increase achievement for all students in Math and ELA by 2.5\%-5\% over base year 2017-2018 across three years.
b. Increase English Learner Proficiency percentage by 2.5\% - 5\% over base year 2017-2018 across three years.
c. Increase Reclassification percentage by $2.5 \%-5 \%$ over base year 2017-2018 across three years.

What did the analysis of the data reveal that led you to this goal?
The analysis revealed:

1. CELDT AMAO 1 and 2 were not met.
2. SBAC data regarding the percentage of students scoring Standard Met or Standard Exceeded for 3rd-6th grade for the 2017-

2018 school year when compared to the 2016-2017 school year showed:
A. A decline of $6 \%$ in ELA for 3rd, 5th, and 6 th grades. 4 th grade increased by $2 \%$.
B. A decline of $10 \%$ or less in Math for 3rd grade, 5th grade, and 6th grade. 4th grade increased by 3\%.

Which stakeholders were involved in analyzing data and developing this goal?
Invitations were extended to stakeholders including but not limited to parents, staff, and the community.

Anticipated annual growth for each group:
The expected growth is:

1. To increase the percentage of students scoring Standard Met or Standard Exceeded in both ELA and Math by $2.5 \%-5 \%$.
2. To Increase English Learner proficiency and reclassification by 2.5\%-5\%

Means of evaluating progress toward this goal:
The data collected will be SBAC scores for formal analysis. Throughout the school year site based assessment data, such as formative assessments, quizzes, and tests will be analyzed to address any student achievement deficiencies prior to administering the SBAC.

## Annual Measurable Outcomes

Metric/Indicator

1. To increase the percentage of students scoring Standard Met or Standard Exceeded in both ELA and Math by 2.5\%5\%.

## School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

## 1 School Principal

3 Classroom Teachers
1 Other School Staff
5 Parent or Community Members
0 Secondary Students

| Name of Members | Role |
| :--- | :--- |
| Jose Miguel Kubes | Principal |
| Amber Topete | Classroom Teacher |
| Marta Rameno | Classroom Teacher |
| Flor Navarro | Parent or Community Member |
| Oliva Herrera | Parent or Community Member |
| Rosa Camacho | Parent or Community Member |
| Jessia Kelting | Parent or Community Member |
| Erika Pullido | Parent or Community Member |
| Syliva Placencia | Other School Staff |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

## Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
Signature
Committee or Advisory Group Name

## Alma Herrer

ELAD, Alma Herrera on 12/16/2020

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 02/11/2020.
