Dear Students and Parents,

The School Board, District Administration and Staff of the Bristol Bay Borough School District welcome you to the 2020-2021 school year! The purpose of this handbook is to provide BBBSD students and parents with information concerning the school operating laws, regulations and procedures. Please take time to read this handbook and familiarize yourself with the basic operating rules of our school.

The components of this handbook are based on State of Alaska Statutes regarding school law, policies, procedures, and regulations. Community input was sought by the School Board and was incorporated into this document. This handbook was also created with additional guidance from BBBSD Board Policies and Administrative Regulations.

Following the procedures within this handbook will ensure consistency across our district this year. It is recommended that school staff and students, with their parents, have an open discussion on these procedures at the beginning of the year. Again, please take some time to review the contents of this document.

If you have any questions or concerns with these policies and procedures, please feel free to give either one of us a call.

Sincerely,

Bill Hill
Superintendent

TIPS ON HOW TO BE A SUCCESSFUL STUDENT

Success in school involves commitment, effort, and time. The following general information is provided for students as a guide for the development of a successful and enjoyable school career.

SET GOALS: Clearly defined goals help to identify where you want to go, how you are progressing and when you reach the finish line. Set both short- and long-term goals.

WORK INDEPENDENTLY: Be a self-starter. Discipline yourself to complete assignments and track your goals to be sure you are meeting them.

ORGANIZE YOUR TIME: Your schedule should provide for study time, school-related activities, out-of-school activities.

FIND A GOOD PLACE TO STUDY: Remove any distractions. Don't kid yourself into thinking you can study as effectively with music blaring as you can in a quiet atmosphere. Gather all needed materials before starting to study. Have easy access to pencils, books, and any other materials that are needed.

USE AN ASSIGNMENT NOTEBOOK: Don't trust your memory. You should be sure that you know what assignments are required **and** when they are due.

TACKLE HARD ASSIGNMENTS FIRST: Do memory work first and alternate between written assignments and reading. Most students can learn more in three 40-minute sessions than they can in one session of 120 minutes.

CONCENTRATE: Break up your study time. It is easier to concentrate if you divide your study time among different subjects and give yourself a study break occasionally (10 minutes per hour).

TAKE NOTES IN CLASS: You will be able to pay closer attention to the instructor if you take notes in class. Note taking also helps you to better remember the information. Your teacher will help you to recognize important information by giving you clues. Important statements may be spoken more slowly, written on the board, or repeated. Write key phrases only. Keep your notes together, dated and in order. They will be helpful when studying before a test. Note taking requirements and expectations will vary by teacher.

LISTEN IN CLASS AND THEN ASK QUESTIONS FOR CLARIFICATION: If you don't understand the information, don't be afraid to ask for an explanation!

COMMUNICATE WITH THE STAFF: Let your teachers and counselors know who you are and what you require in order to achieve your goals. Communication is one of the key elements of a successful school career. It is a valuable asset that can only be developed through continued use and interaction.

GUIDANCE AND COUNSELING

Problem solving: A staff member can be a great help when you have personal problems. You may want to see a staff member if:

1. You need someone to listen
2. Things aren't going well at home
3. You feel sad, lonely, depressed, unloved
4. You're worried about something
5. You're forming habits you would like to stop
6. You're having trouble saying "No" to your friends
7. You need help in getting along with others
8. You would like to join a group to share thoughts and feelings about problems.

If further information is needed, please contact Mrs. Darlene Groat or a trusted staff member.

College and Career Information: Mrs. Groat will serve as your main source on this topic, but your teacher(s), can also help you when:

1. You want information about making your career choices or require job information
2. You need college or other post-high school information
3. You need financial aid information
4. You would like information on scholarships
5. You need to request letters of recommendation
6. You would like to use the ACIS computer
7. You need information about yourself, your likes and dislikes, or need help to make informed decisions.

If further information is needed, please contact Mrs. Darlene Groat to set up an appointment.

GENERAL INFORMATION

ENROLLMENT

Registration for new students, takes place in August prior to the beginning of school.

Prospective kindergarten students must be five years old on or before September 1st of the year of their registration in order to be eligible for admittance.

A student transferring to another school is asked to report his/her intended withdrawal to the office at the earliest possible date. Student records can be released to the requesting school with the exception of Special Education records, which require a parent/guardian's signature before being released.

To ensure the proper grade placement of a student who enrolls late to the District, the school's principal and other appropriate personnel will take into consideration all factors, including the student's prior grade-level assignment, transcript of record, test results, and other important information.

No students will be enrolled two weeks prior to the end of the school year without Superintendent approval.

IMMUNIZATIONS

BBBSD follows the state laws in regard to immunizations. Upon initial entry to school, each student's parent or guardian shall provide the school with an up-to-date immunization record as provided in Alaska law. New students must have a complete immunization record. Continuing students need to keep current in the immunizations required by law.

ENROLLMENT OF PART-TIME STUDENTS

In accordance with District policy, part-time students are required to meet all the conditions of enrollment applicable to full-time students, which include, but may not be limited to, grade-level placement or ability-level testing. Placement in a particular course is based on space-availability and the academic preparedness of the applicant. Course prerequisites must be met in all instances.

District-provided pupil transportation is available to part-time students; however, since their presence on campus is limited to the time period of the course(s) in which they are enrolled, alternative daily transportation arrangements by the parent/guardian may be necessary.

Part-time students are invited to participate in the school's extra-curricular activities, provided they meet all eligibility requirements and those outlined by Alaska School Activities Association (ASAA). The furnishing of any records needed to establish eligibility is the responsibility of the parent/legal guardian.

Part-time students are expected to comply with all District policies, school rules, and procedures.

ATTENDANCE: (BP 5113)

Because student achievement is directly related to regular school attendance, the District strongly encourages punctual arrival to class and regular school attendance. The District discourages tardiness, unapproved absences, and excessive absences.

Attendance, Absences, and Tardiness

The laws of the State of Alaska specify that parents have the primary responsibility for ensuring their child or children attend school regularly and punctually. The Bristol Bay School defines an absence as missing fifteen (15) minutes or more of class time. A tardy is defined as missing less than the first fifteen (15) minutes of a class period.

The attendance procedures at the Bristol Bay School are designed to assist parents in carrying out that responsibility and to help students recognize that regular and prompt school attendance relates directly to academic progress and overall school success. If a student is absent from school without the knowledge and/or approval of his/her parents or legal guardian, the school will attempt to notify the parents as soon as possible on the date of absence. If the school's attempt to contact the parent or legal guardian is unsuccessful, the principal may inform local law enforcement authorities of the student's non-attendance. The consequences resulting from an unapproved absence will be determined by the building administrator and can range from an assigned detention to suspension from school.

In addition to calling parents when a student is absent, the following procedures are in place to encourage regular attendance:

- 1) The school will attempt to notify the parent/guardian whenever a student's absences become excessive.
- 2) Parents will be notified by the school when their child has accumulated three or more absences in a quarter.
- 3) Report card mailings will include attendance data.
- 4) When a high school student incurs ten (10) or more absences in any class or subject during a semester, s/he may be denied credit. Both excused and unexcused absences count toward this limit.
- 5) Students in grades K-8 who incur 24 absences in the year may be subject to retention.

Students generally have one day to make up work for each day they are absent (when excused). A student who misses school due to truancy, skipping, leaving school grounds without permission, oversleeping, or missing the bus may receive a zero (0) for work missed and may be subject to disciplinary action.

Pre-Arranged Absences

The school recognizes that students will be absent due to family trips, school activities, and other planned events. Notice should be given to the office at least one week in advance of those absences so that the student can receive assignments s/he would be missing. A pre-arranged absence form is available in the office. The pre-arranged absence form will include coursework the teacher has prepared and/or determines is appropriate for this pre-arranged time. The student may have additional work to make-up when s/he returns. All make-up work is due upon the day of return or at the teacher's discretion. Pre-arranged absences will still count toward the limits outlined above.

Leaving School Grounds

Students are not permitted to leave the school grounds during the school day without prior parental approval and notification at the office when leaving. Senior and junior students who wish to leave during the lunch period, and who have a signed parent permission form on file in the school office, are the only exceptions.

If a student must leave school due to a medical appointment, family reason, or exceptional circumstance, prior permission from his/her parent/legal guardian must be secured. Students need to sign out through the office to arrange for such absences and prior notification from the parent/legal guardian.

ACADEMIC STANDARDS AND HIGH SCHOOL GRADUATION REQUIREMENTS

HOMEWORK

Homework is considered a regular part of the school's academic program. Parents are encouraged to provide a regular time and place for students to complete the days' assignments. The school and all personnel hired by the District are required to support this effort and provide alternatives at school to accomplish homework when no other place is available.

GRADING:

The following grading system represents a method of assessing student achievement. The letter grades earned are entered into a student's permanent record. They are used in determining class rank, honor roll placements and scholarships. Advanced Placement courses are graded on a five-point scale.

A+	(96.5-100%)	Outstanding Achievement	4.0
A	(93.6-96.4%)	Outstanding Achievement	4.0
A-	(89.5-93.5%)	Outstanding Achievement	4.0
B+	(86.5-89.4%)	Above Average Achievement	3.0
B	(83.6-86.4%)	Above Average Achievement	3.0
B-	(79.5-83.5%)	Above Average Achievement	3.0
C+	(76.5-79.4%)	Average Achievement	2.0
C	(73.6-76.4%)	Average Achievement	2.0
C-	(69.5-73.5%)	Average Achievement	2.0
D+	(66.5-69.4%)	Below Average Achievement	1.0
D	(63.6-66.4%)	Below Average Achievement	1.0
D-	(59.5-63.5%)	Below Average Achievement	1.0
F	(0-59.4%)	Little or No Achievement	0
Incomplete		Work in Progress	0
NG		Due to excessive absences	0

To ensure parental involvement in the educational process, regular and consistent communication between teachers and parents shall be conducted. Teachers shall outline and inform parents/student of their grading procedure at the beginning of each semester.

Strategies or approaches, in addition to regularly scheduled progress/grade reports, shall be developed and implemented by teachers to ensure that parents are apprised of their student's academic performance and/or conduct in school. Contacts between teachers and parents, whether made in writing or verbally, should be documented for the benefit of all parties. Whenever it becomes evident to a teacher that a student is in danger of failing a course, the teacher shall arrange a conference with the student's parent/guardian.

Students who receive an Incomplete (I) on their report card are allowed 10 school days to make-up work for the marking period, unless special arrangements are made with the teacher and/or administration. Any assignments not completed within the time period will reflect a zero and will be used in the calculation of the quarter grade for the class.

An Incomplete (I) grade will not be used in computing grade point averages until a final grade is assigned.

A Pass (P) grade indicates the receipt of course credit, but no grade point value is assigned. A Pass (P) is not included in the calculation of grade point average (GPA).

A maximum of 2 elective credits may be earned in various "student aide" assignments unless there is a special arrangement. A Pass/Fail grade will be assessed for "student aide" assignments. Work experience credits/classes are limited to 2 for juniors and 3 for seniors.

High School Graduation Requirements 2020-2021 School Year

Students who intend to graduate from the Bristol Bay Borough School District shall have earned a minimum of twenty-two (22) high school credits and passed any required graduation exam. As these graduation requirements recognize a minimum district standard, students planning to attend post-secondary and university programs must understand that these institutions

may have foreign language requirements or encourage students to take three and four years in core subjects. As of 2011, there are minimum requirements for the Alaska Performance Scholarship that parents may also want to consider if they hope to have a child eventually qualify for that valuable opportunity.

The minimum required number of credits shall include the following:

<u>Subject Area</u>	<u>Credits</u>
Language Arts	4
Social Studies	3
Physical Education	1
Science	2
Mathematics	3
Vocational Education	2
Health	½
Electives	6 ½

Dual Credit

High school students may receive dual credit for completing higher education courses. Proper forms must be filed through the counselor's office prior to enrolling in the course.

High Honors/Honor Roll

High Honor Roll recognition is based on a 3.75 grade point average (GPA) with no grade being below B. Honor Roll status is based on a 3.25 GPA with no grade being below C. Students considered for either honor must be enrolled in at least four (4) letter-grade carrying classes.

A Pass grade will not be used in the determination of High Honor Roll/Honor Roll status. A Fail grade will preclude a student from such consideration.

Repeated Classes

With the approval of the principal, a student may repeat a course in order to raise his/her grade. The student shall receive credit only for taking the course once. The highest grade received will be the permanent grade on the student's transcript.

Adding/Dropping Classes

The adding or dropping of classes must take place within 10 school days of any semester. To do either, a student must secure the approval of his/her teacher(s) and a parent/legal guardian, and complete the required request form.

Withdrawal from Classes

A student who drops a course during the first 10 school days of the semester/quarter may do so without any entry on his/her permanent record. A student who drops a course after the first two weeks of the quarter may receive an F grade on his/her permanent record, unless otherwise decided by the principal because of extenuating circumstances.

A student may only receive quarter credit for a course as recommended by the principal and the superintendent.

Distance Education Course Offerings (On-Line Courses)

In the case of electives, the District will work with parents on a case-by-case basis. The school representatives will meet with the parents, student and teacher to determine the appropriate course work for each student. Once a distance course has been identified, the Principal and guidance counselor must approve that particular course. In some cases parents will be required to pay for the initial cost of tuition and books for all distance courses. Parents will be reimbursed for the distance course tuition and books once the student successfully completes the course. In case of a financial hardship families may apply to the Principal for a financial waiver.

The online classes are in place to provide educational opportunities not found in the regular schedule. Online courses may also provide opportunities for college credit. Currently, online courses are provided to students at no cost, with certain exceptions. If a student/parent requests an online course in lieu of a current class offering the students/parents will be required

to pay for the course prior to enrollment. Parents and students should also be aware that online courses have predetermined timelines and courses are to be completed within the specified time.

Student Academic Reporting:

Report cards are issued to students and/or their parents/legal guardians each quarter of the school year.

Progress Reports

Progress reports shall be mailed to parents/legal guardians at mid-quarter. Teachers will contact parents at any time the quality of student work falls below potential or expectation or deserves special recognition. F's, D's, and I's will be reported to parents by teachers at mid-quarter.

To ensure parental involvement in the educational process, which is considered to be essential to students' academic success, positive social growth, and development, regular and consistent communication between teachers and parents shall be conducted. This communication is a responsibility of both the parents and the teachers. Strategies or approaches, in addition to regularly scheduled progress/grade reports, shall be developed and implemented by teachers to ensure that parents are apprised of their child's academic performance and/or conduct in school. The teacher will keep documentation of the conferences they have with the student/parents. Barring exceptional circumstances, of which the principal shall be made aware, teacher-parent conferences are to be conducted whenever a student is receiving a failing grade, or excessive absences or tardies are prevalent.

Academic Assessment Program

Assessments are integrated throughout the instructional program. The Bristol Bay Borough School District provides a K-12 assessment program, which adheres to the State of Alaska mandates. Assessments include, but are not limited to, teacher designed quizzes and exams and the following: MAP, Accuplacer, Aleks, Workeys, and TABE testing. In addition, the PSAT, the SAT, the ACT, and the ASVAB may be administered to high school students. Math, reading, and language arts skills are assessed within the District for grades 3-12 using District adopted assessments.

Eligibility to Participate in Afterschool Events, Activities, and Sports:

The following information is provided to help parents and students understand eligibility. Eligibility encompasses the right to attend or participate in all after school events and open campus for juniors and seniors.

Weekly eligibility will be posted each Tuesday morning and runs until the next Tuesday. Students will pick up their eligibility reports in the office each Tuesday at 3:30. Students who have a failing grade, or any "D" grades, are to take the eligibility report home for a parent signature.

Eligibility Reports signed by parents/guardians are to be returned to the office on Wednesday.

Semester Credit Rule: In order to participate in Alaska School Activities Association (A.S.A.A.) events a student must have earned credit in five (5) courses the previous semester and be enrolled in at least five (5) credit bearing classes. Seniors on track to graduate need only to be enrolled in four (4) credit bearing courses.

Semester Grade Point Average Rule: A.S.A.A. has determined a student must have earned a 2.0 GPA the previous semester. If a student had less than a 2.0 GPA the previous semester he/she can participate if the overall GPA is 2.0 or above.

Absences: A parent meeting will be arranged when a student reaches 10 absences in a class. Depending on the reasons for the absences and student performance in the class a student may be declared ineligible for a period of time (up to and including the rest of the semester).

Behavior: Unsatisfactory classroom behavior will result in being ineligible to participate or attend events during the next eligibility period. A second infraction will result in being ineligible to practice.

Assignments: Incomplete assignments will result in a student being ineligible for the next eligibility period. After the initial due date, any teacher required schoolwork that is late will be deducted ten (10) points each day that the

schoolwork is not turned in. This will eventually culminate in a zero (0) being given to that student's assignment after a ten (10) school day time period.

(Exceptions are at teacher discretion and can be based on excused or pre-arranged absences, and extenuating circumstances)

Tardies: A student with more than one unexcused tardy to a class during the eligibility period, will be declared ineligible to participate or attend events the following eligibility period. (Example of Excused Tardy: late South plane, dentist appointment) (Example of unexcused tardy: car problems, alarm didn't go off) (A student with an unexcused tardy may still practice)

Suspensions (in or out of school): will result in a student becoming ineligible for extra-curricular activity participation or attendance at events until reinstated by the Principal

Player Participation: Player participation in events will be determined by a coach's assessment of a player's skill level, participation in practices, and adherence to school and the coach's rules and expectations.

Grade Practice Eligibility: If a student has two D's he/she can practice but can't participate in events. If he/she has 3 Ds or an F, the student is ineligible to practice or participate until the next eligibility report. If a student receives a "I" - Incomplete, or an "U"- Unsatisfactory behavior, they will be considered eligible to practice, but not participate in extra-curricular activities.

STUDENT ACCIDENTS AND ACCIDENT INSURANCE

Medical Insurance

Limited medical insurance coverage is provided to students who sustain injuries during school or while traveling to or from school or while participating in a school-sponsored activity. This insurance is provided at no cost to the parent and is secondary to the parents' primary insurance. For further information regarding the limits of coverage and exclusions, please contact the superintendent's office.

STUDENT RIGHTS, RESPONSIBILITIES AND STANDARDS OF CONDUCT

The Bristol Bay School District Board of Education recognizes that education is a right not to be taken away without cause. This right, however, is conditional upon the individual's willingness to obey reasonable rules and regulations. Rules, regulations and disciplinary actions are to be directed toward serving educational outcomes. The School Board, given authority by the state government, delegates to the administration of the District the responsibility to use democratic principles and to exercise prudence in the formulation of essential and enforceable rules. Students must conduct themselves in an appropriate manner in which learning can take place and where mature behavior, self-discipline, and personal responsibility are nurtured.

Since it is necessary for rules and regulations to be established, students are to be informed of the rules and the rationales underlying them. Adult authority will be used to enforce these rules when it becomes necessary. The importance of individual rights and privileges that accrue from a democratic society can be maintained only if each individual assumes personal responsibility for his/her behavior.

RESPONSIBILITIES OF THE STUDENT

Attend school daily, except when ill, and be on time to all classes.

Express his/her opinions and ideas in a respectful manner so as not to offend or slander others.

Dress in a manner so as not to be an undue distraction or interfere with the activities of others.

Act responsibly at all times, and take into consideration the feelings of others. Do not interfere with the rights of others.

Conduct oneself in accordance with school rules, policies and expectations that regulate student behavior.

Be willing to volunteer information in disciplinary cases should he/she have knowledge regarding an incident.

Take an active part in student government by running for office or conscientiously voting for the best candidates.

Make problems known to the administration through the student government.

Review questions with the teacher before bringing grievances before a local administrator.

Question, review and understand current policies.

Request a review of grades, assignments or tests.

Enhance the learning culture by approaching studies diligently and honestly.

Student Behavior Expectations

Teachers are responsible for addressing discipline issues with the students. Teacher contact with parents is essential. Parents will be contacted concerning behavioral and conduct issues. If such interventions prove to be unproductive, student behavior issues should be referred to the school counselor and/or principal.

Sexual or Physical Harassment, Abuse/Assault/Bullying (BP 5131.43, BP 5145.7)

The Bristol Bay Borough School District does not tolerate harassment or abuse of students or any conduct that adversely affects students' educational opportunities. Harassment includes, but is not limited to, slurs, epithets, threats, derogatory comments, teasing, unwelcome jokes, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct, including hazing or initiation. Students who engage in such behavior will be subject to appropriate disciplinary action, which can include a verbal reprimand, student/parent consultation, suspension, referral to a law enforcement agency, and/or expulsion. Students who have been subjected to harassment, assault, or abuse of any type should contact the school principal immediately.

Violent & Aggressive Conduct (BP 5131.43)

Violent and aggressive conduct directed toward school district personnel or students shall not be tolerated at any time. The use of physical violence or force as a means of resolving interpersonal differences is unacceptable and will not be tolerated in school, on school grounds, or at school-related activities. The consequences for such behavior may include student/parent conferencing, suspension, or, in extreme instances, expulsion.

Weapons and Dangerous Instruments (BP 5131.7)

Students shall not use or be in possession of dangerous instruments, deadly weapons, or their replicas in school, on school grounds, while using district-provided transportation, or during any school-related or school-sponsored activity unless prior permission has been obtained from the superintendent specifically authorizing permission. Students who violate this policy are subject to immediate disciplinary action in accordance with District policy and procedures, which may include expulsion, suspension, and/or referral to law enforcement authorities.

Controlled Substances, Alcohol and Tobacco (BP 5131.6, BP 5131.62)

The possession or use of controlled substances, alcohol, tobacco or inhalants (to include smokeless nicotine devices – VAPE – vaporizers) by students at school, on school grounds, or as a part of a school activity, is strictly prohibited. Violations will result in appropriate progressive disciplinary measures that may include parent/student conferencing, completion of an alcohol/substance abuse awareness program, suspension, expulsion, and/or referral to law enforcement authorities. In addition, students may be declared ineligible for all district-sponsored activities for the remainder of school year, as well as prohibited from receiving awards or honors in connection with them. (Since the school is responsible for students at all times during the school day, even during lunch, students who use controlled substances, alcohol, or tobacco during the lunch hour, even off school grounds, and return to school, will be in violation of the controlled substance policies of Bristol Bay School.)

Plagiarism (BP 5131.9)

Plagiarism is a serious offence, which may result in a parent conference, a failed assignment, course failure, and/or ineligibility for school-sponsored events.

Personal Appearance/Grooming (BP 5132)

Students may wear or display buttons, armbands, flags, decals and other items of symbolic expression, unless they materially and substantially interfere with the educational process or with the rights of others. Items that depict drugs, alcohol, tobacco, obscenity, profanity, or which are libelous are prohibited at all times. The consequences for such behavior may include student/parent conferencing, suspension, or, in extreme instances, expulsion.

Hats, Hoods, and caps worn in the classroom, will be at the teachers discretion,, but will not be worn in the auditorium, or while a student is appearing on the stage. Outer clothing should completely cover all undergarments and not expose the abdomen. Sleeveless shirts and shorts/skirts above the mid-thigh are not allowed. Students dressed inappropriately will be asked to change or cover up.

Personal Technology (Cell Phones – Electronic Devices)

The use of electronic personal devices are allowed before and after school, during lunch, and between classes.

Cell phones, iPods, CD players and other electronic devices are to be turned off and kept out of sight during class unless the teacher has given specific permission for their use. If an item is confiscated for violation of class rules, it may be retrieved from the teacher on the first offense. For subsequent offenses, the item will be turned over to the Principal, and a meeting to include the student, parents, teacher and Principal will be required before retrieval.

Vandalism (BP 5131.5), Malicious Mischief, Theft, and Other Criminal Acts (BP 5030)

Violations of state statute, local ordinance or Board Policy shall result in a referral to local law enforcement authorities as well as parent/student conferencing, suspension, and/or expulsion. In instances of damage to or loss of school property, full monetary restitution shall be expected from the student and/or parent/legal guardian.

Student Parking of Motorized Vehicles

Parking for student-operated motorized vehicles, including snow machines, off-the-road motorbikes and 4-wheelers is in the student parking lot across the street from the entrance to Bristol Bay School. Students are to operate vehicles in a manner respectful of a safe school environment. Violations of these regulations shall be dealt with on a case-by-case basis, which may include parent contact, progressive disciplinary action, and/or the intervention of local law enforcement.

Hall Passes

For student safety and to minimize disruptions, students are required to be in possession of a teacher approved hall-pass if out of the classroom during class instruction periods. To minimize disruptions in the elementary classes, 7-12 grade students are prohibited from the elementary wing without approval from the office.

Cafeteria

The Bristol Bay Borough Schools provide wholesome breakfasts and lunches for students at a nominal cost. Free or reduced-cost meals are available to those who qualify. The school follows a “no-charge” guideline. Food is not to be taken out of the cafeteria area.

Eating Food Outside of the Cafeteria

Eating in the classroom is at the teacher’s discretion. Food or drinks are not allowed in the library, auditorium, gymnasiums, hallways, carpeted areas, and are NEVER allowed in the computer classrooms. Students are not permitted to chew gum in the school.

Sick Room

A teacher may send a student who becomes ill during school to the Sick Room, which is located in the school office. The parent/legal guardian will be notified as quickly as possible. Medications will not be dispensed to a student without the written consent of the parent/legal guardian. In all instances, medication must be delivered by the parent/legal guardian directly to the school office and will be dispensed during non-instructional time.

School Dances

All school dances require the supervision of at least one (1) certified staff member, one (1) class or club advisor, and one (1) adult male or female parent chaperone.

Only students in the appropriate grades will be allowed at dances for specific age groups. Prior permission to bring a guest not enrolled at Bristol Bay must be obtained from the school principal one (1) week prior to the dance. Guests are expected to observe school rules. Guests must be under 21 years of age and show a photo ID that includes date of birth. The Principal has the authority to deny out-of-school guest requests. BBBSD students must meet eligibility requirements to attend school-sponsored dances.

Once a student enters the dance, s/he will not be permitted to leave and re-enter the building.

For high school students, dances must end by 10:30 PM; for middle school students, 9:30 PM. These times may be altered with prior approval from the principal.

At least one-week prior to the scheduled date the principal must approve dances and the list of adult chaperones. If enough chaperones are not present on the night of the dance the principal or designee will cancel the dance.

Students must meet eligibility requirements to attend dances and all after school activities.

Suspensions (in or out of school) will result in a student becoming ineligible for extra-curricular activity participation until reinstated by the site Principal.

Students must be drug, alcohol and tobacco free. Students who are caught using these substances will be subject to district policy as outlined in the student handbook.

Lockers/Desks

Lockers and desks are the property of the District and are subject to search by school authorities and law enforcement officials when there is suspicion that illegal, disruptive, or objectionable items are present. Objectionable items are defined as, but not limited to, those that advertise, glorify or promote sexual activity, weapons, and/or the use of alcohol, tobacco, or prohibited drugs.

Students are expected to keep lockers and desks clean and not covered or written upon in any manner. All tape, stickers, posters, pictures, etc. are to be removed from the inside of lockers/desks before the last day of school.

Students should leave their valuables at home as the District assumes no responsibility for their loss.

School Phone

Since most of our teachers are in class all day, it is important to reduce the number of calls to students or teachers while they are in class. Parents may call the office at anytime during the school day to leave messages for students. Messages will be communicated to students as soon as practical.

School Property

School equipment, supplies, textbooks, laptops and other materials are the property of Bristol Bay Borough School District. Consequently, students are responsible for the loss or damage to school property and shall bear the cost of their replacement.

The student may have to pay for the cost of projects/supplies in classes such as art, home economics, music, and industrial arts. However, no student shall be denied full participation in these classes due to his/her inability to pay for materials.

A Student Sent to the Office

All students sent to the office must have a discipline referral from the teacher identifying behavior, intervention steps taken to modify the behavior, and the action recommended. If the teacher sends a student to the office without a discipline referral, the student will remain in the office until the end of class period and then sent to the next class.

Lunch Detention

Students may be assigned to serve a detention during lunchtime as a result of unexcused tardies, unacceptable behavior, and incomplete assignments.

Withdrawn/Suspended Students

Students who have withdrawn from school or are under a school suspension are not permitted on campus during school hours or to participate in student activities without the permission of the site administrator.

DISCIPLINE of STUDENTS

The School Board believes that one of the major functions of the public schools is the preparation of youth for responsible citizenship. The district shall foster a learning environment, which reinforces the concepts of self-discipline and the acceptance of personal responsibility. Students are expected to progress from being adult-directed to self-directed with minimal application of disciplinary measures.

The Board recognizes that there must exist certain disciplinary policies and regulations relating to student conduct which delineate acceptable behavior and provide the basis for sound disciplinary practices within each school in the district in order to maintain an environment conducive to learning. These policies and regulations will be enforced fairly, uniformly and consistently without regard to race, creed, color, or sex.

The administration, teachers, and classified staff share mutual responsibility for the enforcement of district policies and regulations pertaining to student conduct and safety. The Board shall give reasonable support and assistance to employees with respect to student discipline. The Board shall review its policies related to student rights and responsibility at least once every three years and shall modify its policies as needed in accordance with law.

The Board recognizes that not all students will adhere to district rules for appropriate behavior. Sufficient support services shall be provided so that continually disruptive students will not be returned to regular classes without some modification of behavior. Students may be assigned to other alternative programs or be subject to removal from school.

The principal shall publish school rules for student discipline, which describe the school's behavior management plan and consequences for student misconduct. Special care shall be taken when developing school rules to solicit the views of the school community, including administrators, teachers, school security personnel, parents/guardians, and students.

School site rules must be strictly based on district policy, regulation and state and federal laws and be enforced fairly and uniformly. The Superintendent or designee shall establish procedures for the approval of such rules.

At the beginning of each school year, the Superintendent or designee shall ensure that every student and his/her parents/guardians are notified in writing of the availability of Board policies and administrative regulations related to student rights and responsibilities. Such policies shall be posted in accordance with law. (4 AAC 07.030)

Disciplinary Action

Disciplinary action may include any or all of the following, as appropriate:

- Student calls parents to explain the infraction
- Verbal Reprimand
- Parent/Student Conferencing
- Detention/Remediation
- Suspension
- Referral to Law Enforcement Authorities
- Expulsion
- Recommendation for counseling and/or anger management

The Principal shall take appropriate disciplinary action in accordance with existing School Board policies and regulations and shall report all such actions to the Superintendent or designee.

In-School Suspension

In an effort to establish disciplinary procedures that are effective in reducing student truancy and misbehavior and do not interrupt the educational process, the School Board, Superintendent, or designee may authorize in-school suspension as an alternative to out-of-school suspension.

In-school suspension removes the student from the school social scene while still requiring him/her to maintain the same basic school day schedule and to keep up with required academic assignments. Failure to serve in-school suspension or removal from the in-school suspension program for disciplinary reasons shall result in out-of-school suspension or additional time assigned.

Corporal Punishment

Corporal punishment is prohibited by law as a disciplinary measure against any student. School administrators and teachers shall employ other means of disciplining students.

The prohibition of corporal punishment does not prevent the use of reasonable and appropriate force by a teacher or other supervising employee, which is necessary to maintain order or protect student welfare. Reasonable and necessary force or physical restraint against a student may be used to protect the student, or others, from physical injury; to obtain possession of a weapon or other dangerous object; to maintain reasonable order in the classroom or on school grounds; or to protect property from serious damage or destruction. The force shall not be greater than necessary to control the misconduct or dangerous situation. In no event may deadly force be used against a student.

Reporting to Law Enforcement

In addition to subjecting a student to discipline, any crime committed by a student while at school, on school grounds, or during any school sponsored activity on or off campus shall be reported to law enforcement. Criminal proceedings are independent of actions taken by the School District. The District may impose discipline for misconduct regardless of whether criminal charges are filed or a conviction is

obtained. The Superintendent should ensure cooperation with law enforcement in the criminal investigation of students who commit crimes while under the jurisdiction of the school.

Discipline of Special Education Students

Most special education students will be disciplined according to the District's policies and procedures except for the following reasons: 1) The Student's Individualized Education Plan (IEP) calls for the modified disciplinary procedure and/or; 2) The Student's IEP team members hold a meeting and determine that the misconduct was related to the student's disability.

DISCIPLINE PROCEDURES :

- (A) Corporal punishment is not allowed as a means of discipline in the Bristol Bay Borough School District.
- (B) The Rules of Discipline. They are not binding to the extent they rule out common sense and good judgment but are cited in an effort to achieve fairness and consistency. In all cases parents will be notified as soon as the site administrator has cause to believe that a student is guilty of any of the following unacceptable behaviors.
- (C) Suspension and expulsion of pupils from school is allowed under District Guidelines.

Detention:

Each teacher in the District has the right to require a student to report for after-school detention. Parents will be notified prior to a child being detained. Detention may be assigned to assist a child who has fallen behind in studies or to discipline a child who has been a disruption at school or in class.

Suspension:

The principal may suspend temporarily a pupil from school for reasons only as outlined in AS 14.30.045.

Suspensions shall be immediately reported to the parent/guardian and to the Superintendent or Designee.

Reasons for suspension, expulsion, or denial of admission of pupils by the Hearing Authority as detailed in Alaska Statutes are as follows:

- 1) Continued willful disobedience or open and persistent defiance of reasonable school authority.
- 2) Behavior that is inimical (harmful, hostile or adverse) to the welfare, safety, or morals of other pupils.
- 3) A physical or mental condition, which in the opinion of competent medical authority will cause attendance of the child to be inimical to the welfare of other pupils.
- 4) A physical or mental condition, which in the opinion of competent medical authority will render the child unable to reasonably benefit from the programs available.
- 5) Conviction of a felony, which the governing body (School Board) of the District determines will cause attendance of the child to be inimical to the welfare or education of other pupils.

Where suspension is specified or recommended, IN-SCHOOL SUSPENSION when possible should be the first consideration. Only the most severe infractions should result in suspension out of school. In-house suspension means that the student is required to report to a specified supervised area where he/she has limited interaction with other students or the teachers. The suspended student would not participate in any class activities or interact in any way with the other students. The suspended student should have daily assignments given to him/her or be otherwise occupied with academic activities.

A student who is suspended from school will not be permitted to be in school or on school grounds at any time during the suspension period. Students who have out-of-school suspension will be required to conference with the teacher in whose class the infraction occurred prior to returning to school. Schoolwork missed during this time remains the full responsibility of the student. Arrangements to make up work should be made with individual teachers. Credit will be

given for such work if completed according to the terms established by the teacher. The principal under mitigating circumstances, may make exceptions.

A different period of suspension or expulsion may be justified after consideration of the

The Superintendent or designee shall also be responsible for referring to law enforcement authorities any student who violates this policy.

If the student involved has an individual education plan, an IEP team meeting will be called to determine whether there is a connection between the behavior and the disability and to determine appropriate discipline or placement of the student, in accordance with applicable law.

A student who has been suspended or expelled for violating this policy may seek early reinstatement by submitting a written request to the Superintendent or designee. The request must identify all the reasons why the student feels that early reinstatement is appropriate. In evaluating the request, the Superintendent or designee should consider the severity of the weapons violation, the student's discipline record, the amount of the suspension or expulsion the student has served at the time of the request, and any other relevant criteria. As a requirement of early readmission, a student must sign a written contract with the district, which identifies conditions of early reinstatement. The contract shall clearly state that any violation of school rules by the student will result in immediate reinstatement of the remaining suspension or expulsion period for the prior weapon violation. A decision of the Superintendent or designee to grant or deny a request for early readmission shall be final and the student will be notified of the decision within ten school days.

The Superintendent or designee shall provide the School Board with a written report of all violations of this policy, including the circumstances of the violation, the type of weapon involved, and the disciplinary or other action taken in response to the violation of policy.

In addition, the matter of an expelled student's further education shall be referred to the appropriate authority.

A student who is expelled from the Bristol Bay Borough School District shall no longer have access to the rights and privileges afforded to other students. Once expelled, s/he may no longer attend classes or participate in any school function or event. If a hearing is requested, it shall be held within ten (10) days of such a request.

SEARCH AND SEIZURE

The School Board is committed to maintaining an environment for students and staff which is safe and conducive to learning and working. The Board recognizes that incidents may occur where the health, safety and welfare of students and staff are jeopardized and which necessitate the search and seizure of students, their property or their lockers by school officials.

Because lockers are under the joint control of the student and the district, school officials shall have the right and ability to open and inspect any school locker without student permission when they have reasonable suspicion that the search will disclose evidence of illegal possessions or activity or when odors, smoke, fire and/or other threats to student health, welfare or safety emanate from the locker.

Activity Fees will be \$75.00 per high school student activity and \$50.00 per middle school student activity, with a \$250.00 per family cap.

Physical to Participate

An annual physical examination is required of all MS/HS students who intend to participate in extra-curricular athletic activities. A student must have a physical and ASAA physical form completed by the first day of practice (for ASAA sanctioned sports). The physical must be completed by a physician, physician assistant or advanced nurse practitioner. If, due to scheduling, a student is unable to get his/her physical before the start of practice, a waiver form needs to be requested and returned to the district office.

Building Access and Regulations

If a student is participating in an after-school sport or activity, he/she needs to come to the school at the specified time of that activity and report directly to the coach or sponsor. Students will be asked to leave the building if they are not participating in a specific sport or activity at the time they are in the building.

Food and drink are permitted only in the concession area. Children not of school age or students in grades PreK-3 who attend school functions or activities must be under the supervision of a parent or guardian or other adult family member at all times. This responsibility cannot be assigned to an older child.

South Naknek Students

South Naknek High school students who participate in extra-curricular activities must make arrangements for housing during the season. South Naknek participants in after-school activities will not be flown home each day at the conclusion of their after-school activities.

Travel

Students represent their school and the School District when traveling. If students do not abide by the sponsor's, teacher's, or coach's instructions for conduct on a trip, they may be sent home at parent expense and/or otherwise disciplined.

In order to be allowed to go on a trip, students must meet eligibility and attendance requirements in all classes and arrange for make-up work from all their teachers prior to leaving on the trip. Students must be on time for all scheduled activities.

Student Release while on District Sponsored Trips:

Due to safety and legal liability responsibilities, the district discourages parents/guardians from requesting a student release. Chaperones will only release students to immediate family members, including: parents, grandparents, aunts or uncles (siblings of parents) and siblings 21 years of age or older. The school must have notification of parental release prior to departure and have signed the Request For Travel Release Responsibility form.

In order for a student release to be granted, the following conditions are required:

1. Signatures of parents, Principal and Activities Director MUST BE OBTAINED prior to student departure for planned activity.
2. Release only to immediate family member listed on student release form.
3. Student release will in no way interfere with full participation in activity.
4. Chaperone must have verification of the release.
5. Chaperone has the right to refuse release if student's safety is a concern or the release conflicts with trip activities.

STUDENT TRAVEL/FIELD TRIPS

School Transportation Conduct

Students who fail to comply with the regulations shall be subject to disciplinary action, which may include the temporary or permanent denial of school transportation privileges. A parent or legal guardian shall be notified of any disciplinary action contemplated or taken either by the school or the transportation provider.

Field trips may be planned for groups of students throughout the year. These activities enhance our total educational program.

Student field trips and student travel sponsored by the school must be carefully planned. No student travel away from the local school site may be made without prior approval of the District Office. Considerations must be made with regard to funding, timeliness, and sufficient educational benefit prior to approval of any student travel.

Student travel in all school-sponsored trips shall use District approved vendors. Approval of the Superintendent must be obtained prior to any travel using any method of transportation outside of the list of District approved travel providers. District Policy details procedures for submitting student travel requests for approval by the District School Board and District Office.

The Administrator must submit a travel proposal to the Activities Director 60 days prior to the proposed travel date. The Activities Coordinator has the responsibility to inform the Superintendent of all student travel requests.

Note: All school rules, eligibility criteria, discipline, conduct rules, etc., apply during any student travel sponsored by the District.

EXTRA-CURRICULAR and OFF-SITE CURRICULAR ACTIVITY ELIGIBILITY REQUIREMENTS

To be eligible to attend or participate in school extra-curricular activities, students must meet eligibility requirements, be in good disciplinary standing, and attend and participate in all scheduled classes on the day of the activity unless excused by the Principal. For travel that originates on a weekend or vacation day, students must attend and participate in all scheduled classes on the preceding school day.

Field Trips

Field trips within the immediate area and to nearby points of interest are scheduled by classroom teachers and approved by the site administrator throughout the year. These trips are designed to supplement the curriculum and to introduce students to resources in the community. Parents are asked to sign a blanket field trip permission form at the beginning of the school year. Field trips that are longer or out of the ordinary will require special permission. Before all such trips classroom teachers will notify parents.

Student Athlete Travel Regulations:

All of the above guidelines are required for student athletes. In addition:

The student must maintain a 90% attendance rate at practice to be eligible for travel. What constitutes 90% attendance is at the discretion of the Principal.

The student must be in attendance the day before, the day of and the next school day after an event, if applicable. If they are absent on any of these days, they will be ineligible for the following event. A student must attend the entire day of school the day of an event, except for required travel time. A student who is more than 30 minutes late for any class is considered absent and will not be eligible for the event.

If a student is sent home from a trip:

A letter will be sent to the parents or guardians and the student will not be allowed to travel again until the district receives reimbursement, in the form of community service, for the cost of the trip. The community service will be arranged through the Activities Director.

The student will be ineligible for all extracurricular travel for 45 calendar days.

After the 45-day suspension period, the student must submit a letter of apology to the BBBSD Superintendent and ask for his/her eligibility to be reinstated. The letter must contain a description of the offense and the corrections made to ensure that it won't happen again.

Repeat violations resulting in being sent home, will be reviewed by the School Board and the length of ineligibility will be determined.

A student will also be held to site and district discipline policies when he/she return to the school site.

Other instances that will result in a review of a student's eligibility:

Leaving a school-sponsored trip for non-emergency situations.
Not attending a trip without giving at least a 7-calendar day notice of cancellation.

Conduct at School:

Students must conduct themselves in an acceptable manner with all school staff. If a student is reported as having poor conduct in any class, he/she will be declared ineligible for extracurricular activities for the next week.

Conduct on Trips:

Students are required to conduct themselves properly while participating in activities and are guests of another school. A student will obey rules or regulations that have been established by the coach, supervisor, chaperone, or hosting school. Infringements of this section shall be dealt within accordance with the student disciplinary section of Board Policy. Severe infractions of regulations by students while they are away from the home site may result in students being sent home immediately. The student(s) will have an opportunity to present his/her case. The appropriate penalty shall be imposed if the student(s) is found to be in noncompliance with the behavior expectations of District, the local handbook or local coach. The most severe penalty being that of prohibiting participation in extracurricular and off-site curricular activities for the remainder of his/her term as a student. If a student is sent home he/she will not be allowed to travel again until he/she have completed community service to work off the cost of the return trip; this will be arranged through the Activities Director. After the suspension period is completed, the student must write a letter to the BBBSD Superintendent and ask for his/her eligibility to be reinstated. The letter must detail the offense and the corrections made to ensure it won't happen again. A student will also be held to site and district discipline policies when he/she return to the school site. The Superintendent will share the letter with the BBBSD School Board.

Weather Restrictions and Conditions for all Student Travel

Emergency School Closure

School will be closed when the wind chill factor is determined to be -60 F or lower, based on the NOAA or KAKN radio station weather reports.

An announcement to close school will be made on KAKN radio no later than 7:00 AM, if at all possible. If possible, a notice will also be posted on the local cable TV reader board at the earliest possible time.

Transportation

The Bristol Bay Borough School District provides bus transportation to K-12 students who live on or near publicly maintained roads, as well as air transportation to those of grades K-12 who reside within the community of South Naknek. Bus and airplane transportation schedules are published and distributed at the beginning of each school year.

At all times, bus drivers and pilots will have supervisory authority over students who are transported via a bus or an airplane.

When the temperature is 32° F or colder, students shall carry with them on the bus or airplane the following items of clothing:

- A pair of insulated pants
- A winter coat with hood (or other cold weather head covering)
- Appropriate footwear
- A pair of mittens or gloves.

When the temperature is 0° F or colder, students shall be wearing the above items upon boarding. The bus driver or pilot has the authority to deny bus or airplane transportation to a student if s/he is not dressed appropriately for cold weather.

Students leaving school before the end of the day using alternative transportation must have the written permission of their parent or legal guardian on file in the school office. Students in grades 1 through 3 are required to have a bus pass if they wish to be dropped off at a point other than their customary stop. Bus passes can be obtained in the school office.

It is the parents' and student's responsibility to abide by all laws, regulations, and directives relating to the District's bus and air transportation service.

Student travel is prohibited on any piston aircraft when the ambient air temperature is twenty (20) degrees Fahrenheit below zero or colder.

Student travel is prohibited on any turbine aircraft when the ambient air temperature is thirty (30) degrees Fahrenheit below zero or colder.

Students are not to be transported in the back of an open vehicle if the ambient air temperature is twenty (20) degrees Fahrenheit below zero or colder.

Student travel at these temperatures is at the discretion of the individual.

Be aware of the increased danger of travel due to inclement weather and short daylight hours available for travel at certain times of the year.

Please take extra precautions to provide for the maximum safety margins for all students and staff. These extra precautions include, at the minimum, the following:

1. Prior planning, including written travel information with students' names, telephone numbers, addresses and dates of travel. This should be available for the travel coordinator no later than one week before travel is to begin. Of course, we will always deal with emergencies, but the longer lead time the better.
2. All students and chaperones traveling on District sponsored aircraft are required to be dressed appropriately for the weather. The District is adamant on this requirement with students. This requirement shall be observed during the winter months, which extend to April in our area.
3. All personnel are reminded that at no time should they feel compelled to travel when conditions are questionable. If you think that weather or other conditions warrant a postponement or rescheduling, please inform District Office that a plane should not be sent for you or your students.

Student Transportation To and From Home

REGULATIONS GOVERNING PUPILS RIDING SCHOOL BUSES:

Alaska statutes do not mandate pupil transportation. School bus transportation is provided as a courtesy and is a privilege, not a right. If a student's conduct is such that the health, safety, comfort, or the well being of others is jeopardized, on or off the bus, a school district official may deny the privilege of riding the bus. The school bus driver is in charge of the bus and its passengers and has authority and responsibility. Only designated school officials are authorized to suspend transportation privileges.

GENERAL TRANSPORTATION POLICIES

1. Students are required to ride the bus assigned to them and to board and disembark at their assigned stop. Students may be transported to an unassigned bus stop or on a different bus on an occasional basis upon approval by the school office. Parents should contact the school office with their request to allow their child to be transported to a different location than the regular pickup or drop off.
2. A student may not be removed from a bus after he/she has boarded without approval by a school representative.
3. The school bus driver and the school principal are responsible for handling behavioral problems occurring on a school bus, but only the school principal, or designee, has the authority to suspend a student's bus-riding privileges.

AT ALL TIMES

1. Students must obey the school bus driver. The driver's primary concern is safety.
2. Students should exercise good manners, caution, and consideration for others.
3. Any or all students may be assigned seats on the bus.
4. Students may not have anything in their possession that may cause injury to others.
5. Hanging onto any portion of the school bus from outside the school bus, whether the bus is moving or not, is dangerous and will be prohibited.
6. Items that can be held in the student's lap or under the student's seat in the bus may be transported. Larger items will require approval of the bus driver. Approval will be based on safety and space available.

7. Parents are responsible for damages to the school bus due to the misconduct of their children.
8. No animals of any kind are allowed on the bus.

WAITING FOR THE BUS

1. Walk on the left hand side of the road facing traffic.
2. Stay a safe distance from the roadway
3. Be at the stop five(5) minutes ahead of time. The school bus driver has a schedule to keep and cannot wait. Be on time for the bus.
4. Line up at the place designated by the bus driver when the school bus approaches.
5. Stay clear of the wheels until the school bus has come to a complete stop.
6. Students must cross the roadway approximately (15) feet in front of the bus and only when the bus driver motions for pupils to cross. Stop immediately if the bus driver sounds the horn!

BOARDING AND OFF-LOADING THE SCHOOL BUS

2. Let the smaller children board first
3. Always use the handrail and go up and down the steps one at a time.
4. Don't push, crowd, or disturb others.
5. When boarding, go directly to your seat and be seated.
6. After leaving the bus, go directly home or to the assigned place.

12. Abusive, vulgar language, or directing such language toward others is prohibited.
13. Keep the aisle and the exits clear.
14. The emergency door and exit controls may be used only during supervised drills or actual emergencies.

BUS MISCONDUCT POLICY AND PROCEDURES

Drivers are responsible for maintaining order on the buses. Administering sanctions for misconduct on the school bus is the responsibility of the Principal. Only the Principal, or designee, has the authority to suspend a student's bus privileges. It is the responsibility of the Principal to inform parents when a student has been suspended.

In the event of misbehavior on the part of the student riding the bus, the bus driver may issue a report to the principal of the infraction.

1. Depending on the nature and severity of the incident the first conduct report may result in a warning or other disciplinary actions, up to and including temporary or permanent suspension of bus privileges.
2. The second conduct report will result in the imposition of "PROBATIONARY" status. This process will include counseling with the student and official notification of the parents.
3. The third conduct report may result in long-term suspension of bus privileges depending on the severity of the incident and may not be reinstated until after a conference with the student, driver, and school personnel.

THE BRISTOL BAY BOROUGH SCHOOL DISTRICT INTERNET SAFETY and ACCEPTABLE USE POLICY

Please read all items below and sign on page 4 of this agreement.

Introduction:

The computers, hardware, software, and local area computer network (LAN) in each school and the district office are maintained to provide a variety of quality educational resources to the students, staff, and community of the Bristol Bay Borough School District including:

- Electronic Mail (e-mail)
- The World Wide Web and other Internet Resources
- File sharing of local and District information
- Computer equipment and software

The goal in providing these services is to support the District's Mission and Student Outcomes by facilitating resource sharing, innovations, research, and communication.

Internet Safety & Acceptable Use Policy:

In response to the Children's Internet Protection Act (CIPA) and subsequent Federal Communications Commission (FCC) rulings on the implementation of the Act, Bristol Bay Borough District has implemented the following measures to insure the safety of its students and comply with the requirements of the Act.

1. To prevent access to visual depictions of an obscene or child pornographic nature, the Bristol Bay Borough School District will implement a technology protection measure filter all web access on all computers to inappropriate visual materials and supervise all student use of computers.
2. To prevent access by minors to inappropriate matter on the Internet, Bristol Bay Borough School District will supervise all student use of computers and may filter student Internet access using filtering software.
3. To insure the safety and security of minors when using e-mail, chat rooms, etc., the Bristol Bay Borough School District will supervise all student use of computers and may filter student Internet access using filtering software.
4. To prevent unauthorized access such as "hacking" and other unlawful activities by minors, the Bristol Bay Borough School District will utilize network security and maintenance software and will supervise all student use of computers.
5. To prevent unauthorized disclosure, use and dissemination of personal information regarding minors, the Bristol Bay Borough School District will ensure that students are under adult supervision when using computers and will educate students to the risks of disclosure of personal information on the Internet.
6. To restrict minors' access to materials harmful to minors, the Bristol Bay Borough School District will supervise all student use of computers and may filter student Internet access using filtering software.

With access to computers and people, locally and worldwide, materials that may not be considered to be of educational value in the context of the school setting become available. While Internet content filtering will enable the blocking of access to known inappropriate resources and services designed to defeat filtering, no electronic technology measure can guarantee blocking of all non-educational materials. The District believes, however, that the benefits of the computer network including the value of the information and the opportunities for interaction with colleagues and peers far outweigh the possibility that users may obtain

material that is objectionable, controversial, or not consistent with the educational goals of the Bristol Bay Borough School District.

The inappropriate use of the Bristol Bay Borough Schools District's computer network will result in a cancellation of the privilege of using the computer network and possible disciplinary action. Electronic mail, Internet use and other network activity are not private. The computer equipment and software within the school, as well as the electronic mail and Internet services are the property of the District. Bristol Bay Borough School District reserves the right to access and/or monitor any and all activity and materials performed on, or contained on, District equipment or networks. Special Education Services

Federal and State Laws require that the Bristol Bay Borough School District find and provide a *free and appropriate and public education* (FAPE) to all disabled school age individuals (ages 3-21) residing within the District. The State of Alaska, in accordance with IDEA, recognizes 14 categories of disabilities under which a child may qualify for special education services. These 14 categories are: autism, cognitively impaired, deafness, orthopedic impairment, deaf-blindness, other health impairment, emotional disturbance, traumatic brain injury, hearing impairment, multiple disabilities, visual impairment, specific learning disability, early childhood developmental delay and speech or language impairment.

Students with certified disabilities may require specialized or modified materials, equipment, instructional programs and/or related services. In all such instances, the educationally related services will be provided to the individual in accordance with the Individual with Disabilities Education Act (IDEA).

District Personnel, in conjunction with village health aides, conduct an annual Child Find Screening every fall at the District's school locations. While a concentrated screening effort is made every fall, Child Find Screening services are available through the school year. Anyone knowing of a child who may be in need of screening is encouraged to contact the District's Child Find Coordinator.

Anyone knowing of a child who may benefit from such a program is encouraged to contact Paula Niedermeyer.

Parent Notice for Directory Information

Parents/guardians and/or students have the right to deny the release of information in any or all categories by providing written notification to the principal. The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student records. Military and college recruiters are allowed access to the student directory information unless parents indicate otherwise.

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the Bristol Bay Borough School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Bristol Bay Borough School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Bristol

Bay Borough School District to include this type of information from your child's education records in certain school publications. Examples include:

- **A playbill, showing your student's role in a drama production;**
- **The annual yearbook;**
- **Honor roll or other recognition lists;**
- **Graduation programs; and**
- **Sports activity sheets, such as for wrestling, showing weight and height of team members.**

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings, unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

The Bristol Bay Borough School District has designated the following information as directory information:

- **Student's name**
- **Participation in officially recognized activities and sports**
- **Address**

Child Find

Throughout the school year, staff members of the Bristol Bay Staff are available to screen students and accept referrals for children aged 3-21 who are suspected of having an educational disability.

Children aged 3-21 who qualify for special education services are entitled to receive a free and appropriate public education through the school district in which they reside. Students with certified disabilities may require specialized or modified materials, equipment, instructional programs and/ or related services. In all such instances, the educationally related services will be provided to the child in accordance with the federal Individuals with Disabilities Education Act (IDEA). The State of Alaska, in accordance with IDEA, recognizes 13 categories of disabilities under which a child may qualify for special education services. These 13 categories are autism, deafness, deaf-blindness, early childhood developmental delay, emotional disturbance, hearing impairment, specific learning disability, mental retardation, orthopedic impairment, other health impairment, speech or language impairment, traumatic brain injury, and visual impairment. For children who qualify, the school district provides an individualized education program with specialized instruction and related services as needed.

Administration of Medication (BP 5141.21)

The School Board recognizes that students sometimes may need to take prescribed medication during the school day in order to be able to attend school without jeopardizing their health. In such cases, when the district has received written statements from the student's physician and parent/guardian as required by law, designated personnel shall assist the student in taking the medication.

The Board recognizes that some students have allergies of such severity that they may require an emergency anaphylactic injection during the course of the school day. Parents/guardians who are aware of this foreseeable need may ask the district to store and provide such injections. School staff who may be required to administer anaphylactic injections shall receive appropriate training and will be authorized to administer the injections within the legal provisions of law.

(cf. 5141 - Health Care and Emergencies)

Self-Administration of Medication for Asthma or Anaphylaxis

A student may be permitted to carry medication that has been prescribed or ordered by a physician to stay on or with the student due to a pressing medical need. Students who have received instruction in the self-administration of asthma or anaphylaxis medication shall be permitted to carry and self-administer the medication upon written authorization of the parent/guardian and health care provider, consistent with law and procedures developed by the Superintendent. Written authorization must be submitted annually.

By law, neither the District nor its schools are liable for injuries that may result from the storage or self-administration of medication. No student will be permitted to carry or self-administer a prescribed medication without a release of liability for the school, its employees, and agents. The release of liability shall include an agreement to indemnify and hold harmless the school and its employees or agents from claims arising out of the storage or self-administration of medication.

A student who uses the medication in a manner other than prescribed is subject to disciplinary action.

Administering Medication cont. (AR 5141,21)

Before a designated employee administers any prescription or over-the-counter medication to any student during school hours, the district shall have received:

1. A written statement from the student's physician or pharmacy label detailing the prescribed method, amount and time schedules by which the medication is to be taken, and
2. A written statement from the student's parent/guardian requesting the district to assist the student in taking the medication as prescribed by the physician.

Medication shall be in a properly labeled pharmacy bottle containing the name and telephone number of the pharmacy, the student's identification, name of the physician, and dosage of the medication to be given. The designated employee shall be responsible for the medication at school and shall administer it in accordance with the physician's indicated dosage schedule.

All medications must be delivered to the school by the parent/guardian or his/her adult representative.

The designated employee shall maintain a list of students needing medication during school hours, including the type of medication, times, and dosage. This list will be kept in the principal's and/or school nurse's office and shall be reviewed and updated periodically.

WHY ARE THESE IMMUNIZATIONS IMPORTANT?

For many years the backbone of Alaska's disease prevention efforts has been the appropriate immunization of children attending our schools and childcare facilities. Compliance with these requirements has nearly eliminated vaccine-preventable diseases that in the past caused significant illness and death (see details on the back of this sheet). This success is the direct result of the tremendous partnerships that have developed among parents, school and child care facility personnel, and health care providers. This support and commitment will ensure that Alaska's children and adults do not suffer from diseases that can be prevented safely and effectively.

WHERE TO GET IMMUNIZATIONS AND INFORMATION:

Childhood vaccines are available at physician offices, clinics and public health centers throughout the state.

Tips for Parents

McKinney-Vento Homeless Assistance Act

Know your educational rights.

- Enroll your child in school. You can enroll your child even if you are missing immunization records, school records, and proof of residency.
- Let the school know where you want the child to attend school. The McKinney-Vento Homeless Education Act gives your child the right to stay at the current school even if the family's homeless situation means you are no longer in the attendance zone. The school would be called the school of origin, and school districts must let students stay, to the extent feasible. Your child also may attend the school where you are currently living.

Keep copies of critical records.

- Critical records include immunizations, Social Security number, health physicals, and individualized education programs (IEPs).
- Ask someone you trust to keep a set of records for you if your current living arrangements make this difficult.

Maintain high expectations for your child.

Ask questions, such as the following:

- Is transportation available for my child to stay in the same school?
- Will someone help us transfer records quickly when we move?
- Is there a pre-school program?
- Is there a summer school program?
- Are there any special classes that would benefit a talent my child has?
- Should my child be tested for special education?
- Are there sports, music, or other activities in which my child can participate?
- Can my child receive free meals at school?
- Are school supplies available?
- Will my child be able to go on field trips even if we are unable to pay?
- Are there after-school study halls or tutoring available?
