

## **Substitutes Wanted**

On February 8, 2021, Carlsbad Municipal Schools opened its doors to all students who wanted to return to an in-person learning environment. As we experience staff and student, COVID -19 cases some teachers and students must quarantine for 14 days. While students and teachers can continue to participate in learning while quarantined, we need substitutes in the building to supervise students at recess, while they are arriving, at lunch duty, or while their teacher is delivering instruction from home.

**We have been hiring substitutes daily since we returned to in-person instruction.**

**We still need substitutes.**

**If you can substitute only in the morning or the afternoon; if you can substitute only on one day a week; if you can substitute at all, we need you.**

**You will need to pass a background check and we will pay for the license.**
