Nyssa Community,

We are excited to announce that high school sports are back in Nyssa! This is something that as a community we have been working really hard to accomplish because we know the value it brings to our schools and community.

In order to be able to participate in sporting events in Nyssa, we are required to follow certain safety protocols to allow our students to continue to compete. We are asking for your support to keep our doors open and sports fields operating.

One main safety measure that our league has agreed to follow is not allowing fans at events. While disappointing, this would allow us to protect our athletes at Nyssa. Fans will also not be allowed at other Oregon schools where we compete at away games.

In order to help with this issue, the Nyssa School District has purchased a video broadcast system called "Pixellot." With this system, we are able to livestream all home games to anyone who wants to watch, for free this year! Even though we may not be able to attend in person, we can still cheer on our Bulldogs from anywhere that has internet access.

We have two Pixellot cameras:

- 1) on the football field; and
- 2) in the high school gym.

So any sporting events that occur in these two locations can be viewed through the livelink.

The link for streamed games will be placed on the school district website before each game, so please go to www.nyssa.k12.or.us for these announcements.

Our student-athletes are so excited to have this opportunity to compete, and I know as family and community, we also look forward to having our students back on the court and the field for competition!

Thank you for your support of Nyssa schools!
