

SICK BUT CAN'T LEAVE SCHOOL?

HOW DOES SCHOOL-BASED TELEMEDICINE WORK?

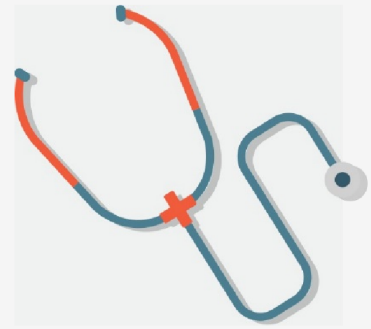

With a parent's permission, the student will be evaluated by an ARcare provider through a secure video connection. With the assistance of a school nurse, and the use of special equipment, our provider can listen to a patient's heart and lungs and examine their ears, throat and eyes. Once the assessment is complete, a summary of the visit and instructions for follow-up care is given to the parent.

SOME CONDITIONS WE TREAT

- Allergies
- Asthma, Respiratory and Sinus Infections
- Bladder Infections and UTIs
- Bronchitis
- Bug Bites
- Colds/Flu Symptoms/Cough
- COVID-19 Testing
- Earaches
- Fever
- Headaches
- Infections
- Medication Management
- Muscle Sprains
- Pink Eye
- Rashes
- Sore Throats
- Vomiting

SICK BUT CAN'T LEAVE SCHOOL?

WHAT IS TELEHEALTH?

A visit with an ARcare provider utilizing your school nurse and technology without having to go to the doctor's office.

WHO IS IT FOR?

Students and staff at all Jacksonville North Pulaski School campuses.

TYPES OF VISITS

Acute illnesses or injuries, lab tests, referrals, medication refills, health screenings and behavioral health services.

*COVID-19 testing is available at each campus location.

HOW TO SCHEDULE?

Contact your school nurse. Some paperwork may be required depending on if you are a current ARcare patient or new patient.
