#### Classroom Placement Informational Form

Student classroom placement is taken seriously and is initiated according to a process involving time and careful thought concerning the best interest of every child in each classroom.

Classrooms are heterogeneously grouped to mirror our society. To create balanced classes of students, the following factors are considered: gender, ability levels, student needs, behavior concerns, and special program needs. Please note that the final decision on all student placements rests with the Principal. Teacher requests will not be honored. Instead, if there are special factors to be considered you may share those here to aid administration in the classroom placement of your child.
