

TRAVEL ADVISORY:

Please be advised that the North Babylon School District must comply with New York State travel guidelines regarding voluntary travel outside of New York.

- For travelers who were in another state for more than 24 hours:
 - Travelers must obtain a test within three days of departure from that state, prior to arrival in New York.
 - The traveler must, upon arrival in New York, quarantine for three days.
 - On day 4 of their quarantine, the traveler must seek another COVID test. If both tests come back negative, the traveler may exit quarantine early upon receipt of the second negative diagnostic test.

A copy of both negative results must be provided to the school nurse.

- If you do not choose to get tested, you must serve a 10 day quarantine from the time you arrive back in New York and complete the [Traveler Health form from the NYS website](#). Please provide a copy of the health form after it has been submitted or a screen shot of the response.
- For travelers who were in another state for less than 24 hours:
 - The traveler does not need a test prior to their departure from the other state, and does not need to quarantine upon arrival in New York State.
 - However, the traveler must fill out the traveler information form upon entry into New York State, and take a COVID diagnostic test 4 days after their arrival in New York.
