

## HOW TO USE YOUR COVIDWISE APP

1. Enter the 6 digit PIN, and click Next at the bottom of the screen.
2. Click Submit Positive Result at the bottom of the next screen.
3. Click Share on the popup.

In all, this should not take more than a couple of minutes.

See the accompanying screen grabs here:

Additionally, to help support the community, there is now a COVIDWISE tab on the VEDSS Resource Page:
