

ROLE OF ADMINISTRATION

In this series of the board policy manual, the board defines the role and the employment of school district administrators. Policies in the 400 Series, "Employees," also apply to administrators unless a more specific policy exists in the 300 Series, "Administration."

School district administrators have been given a great opportunity and responsibility to manage the school district, to provide educational leadership, and to implement the educational philosophy of the school district. They are responsible for the day-to-day operations of the school district. In carrying out these operations, the administrators are guided by board policies, the law, the needs of the students, and the wishes of the citizens in the school district community.

It shall be the responsibility of the administrators to implement and enforce the policies of the board, to oversee employees, to monitor educational issues confronting the school district, and to inform the board about school district operations.

While the board holds the superintendent ultimately responsible for these duties, the principals are more directly responsible for educational results, for the administration of the school facilities and for the employees.

The superintendent, each principal, and all other administrators shall have the authority and responsibility necessary for his or her specific administrative assignments. The board shall be responsible for clearly specifying requirements and expectations of the superintendent, then holding the superintendent accountable by evaluating how well those requirements and expectations have been met. In turn, the superintendent shall be responsible for clearly specifying the requirements and expectations for all administrators, then for holding each accountable by evaluating how well the requirements and expectations have been met.

The board and the administration shall work together to share information and decisions under the management team concept.

It shall be the responsibility of each administrator to fully participate in the management of the school district by investigating, analyzing, and expressing their views on issues. Those board members or administrators with special expertise or knowledge of an issue may be called upon to provide information. Each board member and administrator shall support the decisions reached on the issues confronting the school district.

The board shall be responsible for making the final decision in matters pertaining to the school district.

It shall be the responsibility of the superintendent to develop guidelines for cooperative decision-making.

If the absence of the superintendent is temporary, the successor shall assume only those duties and responsibilities of the superintendent that require immediate action. The successor shall assume the duties when the successor learns of the superintendent's absence or when assigned by the superintendent or the board.

It is the policy of the District to comply with the National School Lunch Program and School Breakfast Program and all other federal grant programs that provide free or reduced meals to qualifying students.

Student Eligibility

Families of students who may be eligible for free or reduced price school meals should submit an application to determine their eligibility. Applications are available through the Superintendent or Superintendent's designee. As long as an application is submitted on or after July 1, the application will be considered current for the new school year. Meal Account Balances

The District will ensure that families can check their meal account balances in a manner other than exclusively online. The District will ensure that at least one form of meal account payment is free of charge.

The District encourages families to pre-pay without charge for free or reduced price meals. Notwithstanding the option to pre-pay, students and families will have a method to add funds during the school day. Any balance remaining in a pre-paid account shall carry over into the next month. Households approved for free or reduced price meals with funds remaining in their meal account at the end of the school year shall receive a refund.
