Dear North Kingstown Community:

The search for a new superintendent of schools is well underway. An important part of the process is to solicit community input about the attributes, experiences, and desired goals for a new superintendent. This will be of valuable assistance to the School Committee and the Screening Committee as they interview the candidates.

Dr. Sally Dias, a search consultant with the New England School Development Council (NESDEC), will meet with interested community members in a virtual focus group conducted via internet video conference. Participation in a virtual focus group will require about an hour.

The virtual focus group session for community members will be held on **Wednesday, June 15th @ 6:30 PM.**

Community members wishing to participate in the virtual focus group are invited to register in advance at the link below:
