The SFA shall consult with the FSMC in the selection of commodities; however, the final determination as to the acceptance of commodities must be made by the SFA.
- E. In accordance with 7 CFR §250.51(a), the FSMC must credit the SFA for the value of all donated foods received for use in the SFA's meal service in the school year (including both entitlement and bonus foods). The SFA will only allow donated foods (not such commercial substitutes) to be used (SFA must indicate):  Yes  No

- I. The FSMC will not itself enter into the processing agreement with the processor required in Subpart C of 7 CFR §250.50. Assurance that the procurement of processed end products on behalf of the recipient agency, as applicable, will ensure compliance with the requirements in Subpart C of 7 CFR Part 250 and with the provisions of distributing or recipient agency processing agreements, and will ensure crediting of the recipient agency for the value of donated foods contained in such end products at the processing agreement value.

Fringe benefits, as well as the basis for any salary increases, must be specified in the proposal and approved by the SFA in order for these to be allowable costs. USDA commodities shall not be used for these special functions unless the SFA's students are the primary beneficiaries. Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market or contracts for transportation or transmission of intelligence.

- E. The FSMC has signed the *Certification of Independent Price Determination*, Attachment H, which was attached as an addendum to the FSMC's proposal and which is incorporated herein by reference and made a part of this contract.
- F. To ensure that an SFA does not enter into a contract with a debarred or suspended FSMC, each SFA must obtain satisfaction that an FSMC is neither excluded nor disqualified before doing business with the FSMC. The uniform federal suspension/debarment certification has been established, and the collection of paper certifications is no longer mandatory. An SFA may meet the requirements by either of the two methods listed below (SFA must check one):
- Checking the Excluded Parties List System. This is available on the Internet at <https://SAM.gov>
  - Collecting a certification that the FSMC is neither excluded nor disqualified. (See Attachment I.)
- G. Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act (33 U.S.C. 1251- 1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the nonfederal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- H. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award of \$100,000 or more must file the required certification. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any

lobbying with nonfederal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the nonfederal award.

- B. No provision of this contract shall be assigned or subcontracted without prior written consent of the SFA.
- C. No waiver of any default shall be construed to be or constitute a waiver of any subsequent claim.

- E. Payments on any claim shall not preclude the SFA from making a claim for adjustment on any item found not to have been in accordance with the provisions of this contract and specifications.

XXIII. Optional Requirements to Be Included—To be completed by the SFA

- A. The District  will  will not (SFA must indicate) reimbursement for reasonable cellular telephone expenses incurred by the Director for communications related to the contract. Reasonable expenses shall not include additional services such as paging, e-mail, or voice mail. If allowed, it must be charged as an expense by the FSMC.
- B. Reasonable expenses shall include mileage reimbursement, lodging (at the lowest available room rate), and reasonable meal expenses. Mileage, lodging, and meal expenses will be reimbursed at the same rate as received by SFA employees.

- C. The District  will  will not (SFA must indicate) reimburse reasonable mileage expense of the Director for allowable local travel related to the contract based on the same mileage rate as received by SFA employees. This mileage rate is \$ \_\_\_\_\_.
- D. The following provisions  will  will not (SFA must indicate) apply the FSMC investment.

The FSMC  may  may not (SFA must indicate) purchase nonexpendable equipment (any item costing \$5,000 or more) for the food service program in an amount not to exceed \$ 0. The FSMC shall be subject to the same procurement requirements to which the District is subject in any procurement action and may not serve as a vendor when procuring on behalf of the school food service. Contracts should provide the SFA with final, **PRIOR** approval authority for the purchase of equipment that is used in storage, preparation, and delivery of school meals. Contracts should establish an amortization schedule, if appropriate. Whether or not an amortization schedule is used, title to the property must be vested with the SFA when the equipment is placed in service. Clauses that require the full repayment of unamortized costs incurred by the FSMC when the contract is terminated or not renewed are not permitted. Approval by the State Agency for equipment purchases of \$5,000 or more is required.

If the contract expires or is terminated prior to the complete repayment of the investment, the District shall, on the expiration date, or within five days after receipt by either party of any notice of termination under this contract, either (SFA must indicate):

1.  The SFA can retain the property and continue to make payments in accordance with the amortization schedule.

**OR**

2.  Return the property to the FSMC in full release of the unpaid balance. (Reference: FSMC Guidance)

- E. Except as otherwise expressly provided in this contract, the FSMC will defend, indemnify, and hold the SFA harmless from and against all claims, liability, loss, and expense, including reasonable collection expenses, attorneys' fees, and court costs that may arise because of the sole negligence, misconduct, or other fault of the FSMC, its agents, or employees in the performance of its obligations under this contract, except to the extent any such claims or actions result from the negligence of the SFA, its employees, or agents. This clause shall survive termination of the Agreement.
- F. The SFA  will  will not (SFA must indicate) require the FSMC to perform a security (back-ground check on any FSMC employee that will work at the SFA. Limitation on Nonperformance for Deficit Operations (Guarantee). The District and the FSMC shall work together to ensure a financially sound operation. If food service operations result in a deficit during the initial contract school year, the FSMC shall reimburse the District for the deficit. All FSMC assumptions used in calculating financial projections shall be clearly defined in the financial section of each proposal. Factors not clearly defined shall be the sole responsibility of the FSMC. If the contract is renewed, this condition shall apply to subsequent years. FSMCs cannot recover any deficits in subsequent years if contract is renewed.
- E. Assumptions. Financial terms of the Agreement are based upon existing conditions and the following assumptions. If there is a material change in conditions, including, without limitations, changes to the following assumptions, the contract (1) may be terminated at the end of the current term or (2) continue under the same terms as written, whichever is mutually agreed upon.
- The District's policies, practices, and service requirements shall remain materially consistent through- out the contract term and any subsequent contract renewals.

- Average daily attendance (ADA) for the initial contract year beginning July 1 shall equal or exceed prior year's ADA.
- Legislation, regulations, and reimbursement rates that create changes in the school lunch program shall remain material consistent throughout the year.
- Usable commodities, of adequate quality and variety required for the menu cycle, valued at an amount as set forth by USDA for the contract year will continue to be available.
- The government reimbursement rates in effect shall remain materially consistent throughout the year.
- Meal components and quantities required by the National School Lunch Act (NSLA) or the NSLP remain consistent with prior years.
- Service hours, service requirements, and type or number of facilities selling food and/or beverages on District's premises shall remain materially consistent throughout the year.
- The state or federal minimum wage rate and taxes in effect shall remain materially consistent throughout the year.
- District revenue credited to the food service program shall include all state and federal amounts received specifically for child nutrition operations.
- The projected number of full feeding days in: Year One: 170 (may not be a full year), Year Two: 170, Year Three: 170, Year Four: 170, Year Five: 170

The term *materially consistent* shall mean that a change does not (1) materially increase FSMC's cost of providing management service or (2) materially decrease the net revenue derived from the food service operation. SDE will define material change as anything that would change the contract more than \$150,000. Any change over \$150,000 must be rebid.

#### XXIV. Trade Secrets and Proprietary Information

- A. During the term of the Agreement, the FSMC may grant to the District a nonexclusive right to access certain proprietary materials of the FSMC, including menus, recipes, signage, food service surveys and studies, management guidelines and procedures, operating manuals, software (both owned by and licensed by the FSMC), and similar compilations regularly used in FSMC business operations (*trade secrets*). The District shall not disclose any of the FSMC's trade secrets or other confidential information, directly or indirectly, during or after the term of the Agreement. The District shall not photocopy or otherwise duplicate any such material without the prior written consent of the FSMC. All trade secrets and other confidential information shall remain the exclusive property of the FSMC and shall be returned to the FSMC immediately upon termination of the Agreement. The District shall not use any confusingly similar names, marks, systems, insignia, symbols, procedures, and methods. Without limiting the foregoing and except for software provided by the District, the District specifically agrees that all software associated with the operation of the food service, including without limitation, menu systems, food production system, accounting systems, and other software, are owned by or licensed to the FSMC and not the District. Furthermore, the District's access or use of such software shall not create any right, title interest, or copyright in such software and the District shall not retain such software beyond the termination of the Agreement. In the event of any breach of this provision, the FSMC shall be entitled to equitable relief, including an injunction or specific performance, in addition to all other remedies otherwise available. The District's obligations under this section are subject to its obligations under the Oklahoma Open Records Act. This provision shall survive termination of the Agreement.
- B. Rights to Inventions Made Under a Contract or Agreement. If the federal award meets the definition of *funding agreement* under 27 CFR §401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that *funding agreement*, the recipient or subrecipient must comply with the requirements of 37 CFR

Part 401, *Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements*, and any implementing regulations issued by the awarding agency. (Reference 2 CFR 200, Appendix II, F)

## Codes of Conduct (2 CFR 200.318[c][1])

The nonfederal entity must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the nonfederal entity (SFA) may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, nonfederal entities (SFAs) may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. This must be stated in the SFA's Code of Conduct and Procurement Plan. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the nonfederal entity (SFA).

A copy of the bid bond shall accompany each bid. (Reference 7 CFR 225.15[m][5-7])

## COST RESPONSIBILITY DETAIL SHEET

The SFA has deemed the following cost responsibility schedule to be a necessary part of this proposal specification as an indicator of who will bear ultimate responsibility for the cost. Costs that are not provided for under the standard contract terms and conditions, but are necessary for the effective on-site operation of the food service program and are directly incurred for the SFA's operation, must be assigned by the SFA and included in the RFP. The column selected by the SFA for each expense represents whether the SFA or FSMC is *ULTIMATELY* responsible for that cost.

## INSTRUCTIONS FOR SUSPENSION AND DEBARMENT CERTIFICATION

1. By signing and submitting this form, the prospective lower-tier participant is providing the certification set out on the reverse side in accordance with these instructions.
2. The certification in this clause is a material representation of fact upon which reliance was placed when the transaction was entered into. If it is later determined that the prospective lower-tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/ or debarment.
3. The prospective lower-tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower-tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms *covered transaction*, *debarred*, *suspended*, *ineligible*, *lower-tier covered transaction*, *participant*, *person*, *primary covered transaction*, *principal*, *proposal*, and *voluntarily excluded*, as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person for which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower-tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower-tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower-tier participant further agrees by submitting this form that he or she will include this clause titled *Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion—Lower-Tier Covered Transactions*, without modification, in all lower-tier covered transactions and in all solicitations for lower-tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower-tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principles. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant are not required to exceed that which is normally possessed by a person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower-tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
