

NEBRASKA CITY PUBLIC SCHOOLS
It's a great day to be a Pioneer!

LOURDES CENTRAL CATHOLIC
A CATHOLIC LIFE PREPARATORY SCHOOL

Dear Nebraska City School Families,

Nebraska City Public Schools, Lourdes Central Catholic, and the Nebraska Center for the Education of the Blind or Visually Impaired are thankful for the patience and support the community has provided us this school year. Your willingness to work with the schools have helped us keep our doors open and students learning from our teachers.

In the very near future, the Southeast District Health Department is planning to vaccinate educators as part of Phase 1B. We do not have an exact date in which this will happen. However, with what we do know, we wanted to communicate with you because it will involve you continuing to be flexible and supportive. The Nebraska Department of Education has granted 4 school days this year that may be used for Covid related issues, that would allow staff to communicate, plan, and address Covid related issues. NCPS and LCC may use one or two of these allotted days to vaccinate staff. Students would not report on these days.

What we know:

- We know our opportunity to be vaccinated is coming soon.
- We know that we will have 4-6 days of advanced notice. **If all willing staff are to be vaccinated in one day, students will not report for school that day.**
- We know that SEDHD, CHI and the National Guard will help vaccinate staff from all school sites.
- We know that the second shot will occur (approximately) 28 days after the first dose.

What we don't know:

- We don't know an exact date
- We don't know the amount of vaccine that will be available to staff.
- We don't know if all willing staff will be able to be vaccinated the same day.

Sincerely,

Mark Fritch, Superintendent
Superintendent
Nebraska City Public Schools

Fr. Johnathan Haschke
Chief Administrative Office
Lourdes Central Catholic School

Sally Schreiner
Campus Administrator
NCECBVI
