March 4, 2021

Parents and Guardians,

COVID-19 UPDATE: Dwight Township High School has been notified, in the past week, of 6 students testing positive for COVID-19. Contact tracing at the school has been completed and anyone in close contact (someone who was within 6 feet of an infected person for 15 minutes or more) with this person has been notified.

If you were notified, your child will need to quarantine for 10 days from the last known contact with the individuals. While quarantining your child may not attend school or any school activities. However, they should continue working digitally in order to be counted present.

Being a school district that has students and staff in the building daily, the Illinois State Department of Health and the Centers for Disease Control are in close and frequent contact with us to help ensure that we are creating a safe learning environment as possible.

Sincerely,
Andrew W. Pittenger
Principal
Dwight Township High School
