

HOW MUCH DO YOU KNOW ABOUT UINDY'S STUDY ABROAD PROGRAM?

TRUE

FALSE

1. Some majors can study abroad, but it doesn't make sense for everyone.

TRUE

FALSE

2. Studying abroad can help you get ahead on credit hours.

TRUE

FALSE

3. It's more expensive to study abroad than to stay on campus.

TRUE

FALSE

4. Student-athletes are not able to study abroad.

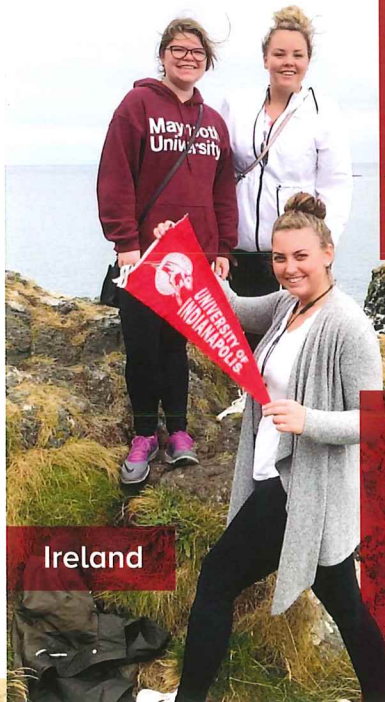

TRUE

FALSE

5. Summer is a great time to experience a new part of the world.

4. FALSE - Athletes are encouraged to study abroad! Summer terms are a great option, and the Office of Study Abroad can accommodate your schedule regardless of your athletic season.

5. TRUE - While semester long and faculty-led trips are great options, many students choose to study abroad the summer after their freshman or sophomore years.

Ireland

1. FALSE - From liberal arts core classes to general education requirements and major-specific classes, the Office of Study Abroad can help ANY major study abroad while staying on-track to graduate.

Morocco

2. TRUE - Most study abroad experiences fulfill two general education requirements beyond any credits for classes taken.

3. FALSE - Depending on the program, studying abroad can actually be less expensive than staying on campus!

WHY STUDY ABROAD?

There are countless reasons to study abroad. As cliché as it sounds, it is truly a life-changing experience and one that pays for itself over and over. And, it's fun! But more importantly, it provides an opportunity to see the world, make new friends, and gain a new perspective. Studying abroad also shows independence and experience that will boost your resume for graduate school or your career.

WHERE CAN I GO?

Anywhere! UIndy has several direct partnerships with other universities with most programs available through CCIS, the study abroad college consortium. Check out CCISabroad.org to view opportunities, or make an appointment with the Office of Study Abroad to discuss all of your options.
