BE MINE!

MATH:

2.6B Students will model, create, and describe contextual division situations in which a set of concrete objects is separated into equivalent sets.

FACT FLUENCY

We will focus on fact families. Students will practice daily and test this week!

Problem Solving

We will focus on analyzing given information for understanding the problem, implementing a variety of skills and strategies, and formulating a plan to represent and solve **two** step word problem.

Science: The students will measure, record, and graph weather information, including temperature, wind conditions, precipitation, and cloud coverage, in order to identify patterns in the data.
