Grammar/Writing/Spelling:

3.11(D) edit drafts using standard English conventions, including: (i) complete simple and compound sentences with subject-verb agreement.

3.12(C) compose argumentative texts, including opinion essays, using genre characteristics and craft

3.2(B) demonstrate and apply spelling knowledge by: (i) spelling multisyllabic words with closed syllables: open syllables, VCe syllables: vowel teams, including digraphs and diphthongs: r-controlled syllables: and final stable syllables.

Math Skills:

3.6C-Determine the area of rectangles with whole number side length in problems using multiplication related to the number of rows times the number of unit squares in each row.

3.6D-Decompose composite figures formed by rectangles into non-overlapping rectangles to determine the area of the original figure using the additive property of area.

3.6E- Decompose two congruent two-dimensional figures into parts with equal areas and express the area of each part as a unit fraction of the whole and recognize that equal shares of identical wholes need not have the same shape.

3.8A- Summarize a data set with multiple categories using a frequency table, dot plot, pictograph, or bar graph with scaled intervals.

3.8B- Solve one- and two-step problems using categorical data represented with a frequency table, dot plot, pictograph, or bar graph with scaled intervals.

Frequency Tables

Frequency tables or tally charts are an easy way to record data. Using tally marks, we record data as it is being collected. After recording all the data, we then count the total.
