

**FAYETTEVILLE PERRY LOCAL SCHOOL DISTRICT
2023-24**

PARENT COMMUNICATION/FOOD SERVICE ALERT FORM

With the Meals Plus POS System we are able to assist in meeting the special needs and requests of our students or specified wishes of our parents. This system allows us to put message alerts to notify cashiers of special or specific circumstances involving individual students. Some possible alerts could be: **allergies, medical conditions (such as diabetes), or lactose intolerance.**

It also allows you to manage your child's account by putting a limit on spending, you can also let us know if you want your child to eat breakfast or purchase milk. If you have put limits on accounts in the past and want these changed please call Cindy Phillips @ 513-875-5096

Please use the form below to indicate your child's needs or specific instruction.

Send this form to the school with the request that it be forwarded to the Food Service Office or mail it to:
Fayetteville Perry Schools
Food Service
601 S. Apple St.
Fayetteville, Oh 45118

Student Alert Request From
