## There are only a few weeks left in the third quarter.

The ability to monitor your student's grades and any assignment information can be securely viewed from an internet browser at home or office through PIV. An additional feature of PIV is an email notification option. This will give you the flexibility to choose which reports or notifications you would like to receive concerning your student's grades and how often you would like to receive them. For example, you could choose a standard grade report via email to be sent to you every Thursday. You could also choose the option to receive an email notification when any grade goes above or below a set value that you choose.

The PIV service is not meant to replace direct communication between students/parents/teachers or other school staff members. If you have questions about any of the information, please discuss them with your student first. Then have your student discuss it with his/her teacher(s). If you need further clarification, please contact the school or your student's teacher.

Please contact the office if you are unable to find your Pinnacle Parent Login information.
