

Van Buren Local Schools

Quarterly Update

February 2022

Building a culture of learning that enables all students to achieve.

1 Building Thinkers.

Elementary students have had the opportunity to participate in various activities through the STEAM program and also through the After School STEM Club, which promotes critical thinking in a fun and engaging way!

2 Building Connections.

High school and elementary students were paired this quarter to start our new Buddy Program! Students spent time reading with their buddies, and worked together to create holiday cards for the hospital and area nursing homes!

3 Building Experiences.

Middle school students participated in the 1st Annual Club Day! Students were able to explore the various clubs and opportunities offered at VBMS, which has led to an increase in club participation! This event was also entirely student-led!

4 Stay Connected!
