

Edmentum Solutions for California

Edmentum empowers educators to transform their approach and build a school around the needs of each individual student. We provide adaptive curriculum, research-based assessments, and holistic educational services to make personalized learning an achievable reality in every classroom.

Exact Path

K-12 diagnostic-driven, direct adaptive instruction

Exact Path offers adaptive diagnostic assessments combined with engaging instruction in the form of individualized learning paths to promote statistically significant growth in K-12 reading, language arts, and math.

Courseware

6-12 courses & digital curriculum

Courseware offers a robust collection of interactive and rigorous courses aligned to California Core and national standards, including core subjects, Advanced Placement®, CTE, electives, world languages, and test prep courses. Flexible digital curriculum to promote student agency, engagement, and success. (Over 230 a-g approved courses)

Study Island

K-12 Standards and State assessment-based content

Make instruction more effective, improve mastery and retention, and boost student achievement with K-12 standards-based formative assessments, ongoing practice, and embedded state test preparation for math, ELA, science, and social studies.
