Dear Parents and Guardians,

As we move to re-establish a personal connection with our students at this late stage of the COVID pandemic, we at Gallatin County School are enthusiastically announcing many end-of-year activities and events for our in-person learners. In anticipation of these final festivities, we are excited to invite our remote learners to transition back to in-school learning by March 22<sup>nd</sup> to enable them to participate in these activities and events with us. After this date, remote and in-person transitions will no longer be offered. If you would like for your child to join us for in-person learning during this final phase of the 2020-2021 school year and take part in these activities and events, please contact your child's building secretary to arrange for their return to school.
