Friday, March 12, 2021

Dear Parents of La Grange High School Students and Staff of La Grange High School:

La Grange ISD has been notified that a staff member and an 11th grade student at La Grange High School tested positive for COVID-19. The last date the staff member and student were on campus was Thursday, March 11, 2021. Due to the positive case La Grange ISD is following the contact tracing protocols outlined in the Safe Return School document, which was last updated Monday, March 1, 2021 and is available on the La Grange ISD website.

Our campus has been following the health and hygiene guidelines announced by the Texas Education Agency (TEA), the Center for Disease Control (CDC), and the State Health Department. These practices include the wearing of masks properly for 9th – 12th graders, social distancing as much as feasible, providing hand sanitizer stations, no shared water, and other safe protocols.

If contact tracing identifies any students or staff who would meet the definition of having had “close contact” with the positive individual as defined in the Safe Return to School document, the staff or parents of those students will be contacted individually.

Any student who experiences any of the symptoms of COVID-19 should self-isolate. As a reminder, the symptoms of COVID-19 are as follows:

- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Significant muscle pain or ache
- Fatigue
- Headache
- Sore throat
- Loss of taste or smell
- Diarrhea
- Congestion or runny nose
- Shaking or exaggerated shivering
- Nausea or vomiting
- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit

If you have any questions as a parent, you may contact the La Grange ISD Administration Office at 979-968-7000 or the La Grange High School Campus at 979-968-4800.

Sincerely,

William D. Wagner,
Superintendent
