WELCOME TO SUMMER 2021 at Wichita Collegiate School

Are you looking for a place where your student will continue learning, make lasting friendships, and explore hidden talents? Then look no further! Our Summer Explorations program has more than 100 classes spread over eight weeks for every age, interest, ability, and schedule. Offerings include academic classes for credit and enrichment, sport clinics, team camps, classes in visual and performing arts, plus cooking, driver education, foreign language, LEGOs, science, technology, and much more! Our experienced Collegiate teachers, distinguished guest faculty, and expert coaches, artists, and musicians look forward to helping your student reach their goals and develop new passions this summer.

This catalog begins with Week at a Glance class listings divided by student age: Early Childhood, Lower School, Middle School, Upper School, and Adult. Following these listings, all classes are listed alphabetically with full course descriptions.

If you need more information or assistance, please call the Wichita Collegiate Summer Explorations office at 316-771-2289 or send an email to summerexplorations@wcsks.com.

I look forward to a wonderful summer together!

Junilda Farner
Director
Summer Explorations 2021

PLEASE NOTE:

- Enroll your students according to their grade level for the upcoming 2021-2022 academic year.
- All additional registration forms and/or health forms must be returned prior to attending the first class. They can be found in your confirmation email and on the Summer Explorations webpage located at wcsks.com/browse/158863.
- Save 10% on your class fee when you refer a *new student to attend the same class. You must designate the referral when enrolling. After the class ends, the referring student will be reimbursed 10% as a thank you for bringing a friend! (*attending a Summer Explorations class for the first time)

GENERAL INFORMATION

Summer Programs Dates and Times

Summer Explorations runs June 7 through July 30, 2021. Classes are available for all ages from preschool to adult. We provide Kids Club from 7:30 a.m. to 9:00 a.m. and from 3:00 p.m. until 5:30 p.m. for students attending full day classes only.

Lunch

We provide a supervised lunch period from 11:30 a.m. to 12:30 p.m. for students attending full day classes only. Nutritious lunches prepared by SAGE may be purchased by the week or for the entire summer. Students 1st grade and older may bring a lunch from home; Early Childhood students may not.

Fees

All fees are paid via our online registration system with a credit card or debit card. Fees must be paid in advance of the class. When registering online you will be given the option to pay in full or elect the Payment Plan, which requires a 40% deposit with the remaining due on the Wednesday the week before the first day of class. The registrant accepts that Wichita Collegiate School will automatically deduct any balance due for a class in the manner provided. Wichita Collegiate School reserves the right to automatically deduct any delinquent or outstanding balances without notification.

Online Registration and Parent Portal

Our system has two parts: the online registration platform and the parent portal. The online registration link will take you to that module for new course registration. The parent portal link will allow you to view your enrolled courses and financial account, as well as print statements and make payments. Both of these links are available on the Summer Explorations web page located at wcsks.com/page/summer-exploration.

Cancellations or Refunds

Payments will be refunded if any class is cancelled by Wichita Collegiate School at any time. If the class is NOT cancelled, a refund minus an administration fee for each course will be given if the request to withdraw is made by email prior to two weeks before the first day of class. The administration fee will be either \$25 or 5.5% of the class fee, whichever is greater.

Behavior Policy

Wichita Collegiate School reserves the right to request withdrawal of any student whose conduct, attendance, or progress is deemed undesirable or unsatisfactory. Failing to conform to the school's rules and regulations can cause immediate dismissal without refund. Possession or use of alcohol, tobacco, drugs, or firearms is prohibited.

Program Information

For additional information about Summer Explorations, call 316-771-2289 or email summerexplorations@wcsks.com. Information can be provided by each division office. For information concerning admissions for the academic school year, contact the Admissions Office at 316-771-2224.

ACT Prep for Critical Reading and Writing

Peter DeVries

Feed your body and mind! Get testing help and great snacks in a relaxed environment! Let's be honest; no one associates summer vacation with standardized test prep. However, for those brave souls willing to accept the challenge, we will be having great breakfast snacks as well as coffee, cocoa, and juice to ease into the morning. Our class will focus primarily on two areas: test-taking strategies to assist on the multiple choice sections, and writing strategies and individual analysis to assist on timed essays. Students planning to take the ACT on June 12 could certainly benefit from this course. Email pdevries@wcsks.com with questions.

6/8 - 6/11 8:00 AM - 10:00 AM (Tu-F) Grades 9-12 \$200

ACT Prep for Mathematics

Jack Stewart

This test preparation class will include a review of the mathematical concepts and strategies needed for a high level of success on the ACT. Each session will help students maximize their potential score by familiarizing them with the test format and types of questions, developing strategies with which to approach the test, and stressing areas to improve. Participants will be asked to complete practice problems and practice ACT tests outside of class. Students planning to take the ACT on June 12 could certainly benefit from this course. Email jstewart@wcsks.com with questions.

6/8 - 6/11 10:15 AM - 12:15 PM (Tu-F) Grades 9-12 \$200

American Girl 1

Tanya Leddy

Come spend the week exploring the worlds of Addy, Molly, Maryellen, Courtney, and American Girl of 2021, Kira. Learn more about the era of each American Girl with crafts, stories, snacks, and a mystery field trip. Bring your doll and be prepared to have fun! Email tleddy1@wcsks.com with questions.

6/21 - 6/25 9:00 AM - 11:30 AM Grades 1-6 \$130

American Girl 2

Tanya Leddy

Come spend the week exploring the worlds of Felicity, Rebecca, Kit, Courtney, and American Girl of 2021, Kira. Learn more about the era of each American Girl with crafts, stories, snacks, and a mystery field trip. Bring your doll and be prepared to have fun! Email tleddy1@wcsks.com with questions.

7/5 - 7/9 9:00 AM - 11:30 AM Grades 2-6 \$130

Architects Under Construction

Rae Dain

During this week of construction, we will learn how things go together by experiencing hands-on use of a variety of building tools and techniques. We will collaborate on group projects and create individual block, magnetic blocks, LEGOs, pretzel sticks, Roominate, simple machines, and sand projects. We will look at famous architecture from around the world and try our hand at duplicating those masterpieces. Come join us for a week of fun in a construction zone! Email rdain@wcsks.com with questions.

6/28 - 7/2 9:00 AM - 11:30 AM Ages 4-5 \$130

Art Mysteries

Tanya Leddy

What are some of the mysteries behind famous works of art? Come find out in this class where we will investigate as well as create our own masterpieces. Email tleddy1@wcsks.com with questions.

7/12 - 7/16 9:00 AM - 11:30 AM Grades 3-6 \$130

Basketball Camp: Boys

Mitch Fiegel

If you are interested in a real basketball camp, then Coach Fiegel has the camp for you! Our primary goal is to prepare you to be successful as a basketball player. We focus on three areas to make that happen: fundamentals, attitude, and work ethic. We want every young man who leaves our camp to have a total and complete understanding of what it takes to be successful in the game of basketball.

Over the past 30+ years, Coach Fiegel has won six State Basketball Championships (1993, 1996, 2007, 2009, 2010, 2016). His TEAMS have also finished second (1998, 2015), third (1994, 2011), and fourth (2017), making 15 overall State tournament appearances. Coach Fiegel was chosen by the Wichita Eagle as their Metro Coach of the Year in 2007, 2009 and 2010, and Coach of the Year in 2007 and 2016. During the 2018 basketball season he celebrated with Wichita Collegiate School and his family upon achieving his 500th win as a head basketball coach.

When you think about what camp to choose this summer, ask yourself:

- Do you want a tough and challenging camp?
- Is 31 years of summer camp experience important to you?
- Do you want your son to work harder than he has ever worked, while having fun at the same time?
- Do you, at some point, hope that your son will be a high school player on a great TEAM?

If the answer is yes to any of these questions, then this is the camp for you. We are committed to providing a challenging and instructional experience for your son. Every player will receive a basketball report card to evaluate his current skill level, as well as a camp T-shirt. Each session will be limited to 30 students to ensure quality instruction for each boy— so make sure to enroll early, as spots fill up quickly! Contact Coach Fiegel at 316-771-2227 with questions.

Brainology

Instructor TBD

Brainology is a fun, interactive program that shows students how their brains – like their muscles – become stronger with effort and practice. Students discover how the brain functions and learns. They also learn healthy habits, study techniques, self-regulation strategies, and other essential non-cognitive skills to help them to become confident and effective learners. Students will learn about the neuroscience of malleable intelligence and understand that they can grow their ability with effort and practice. Students become grittier, will learn to embrace challenges at school and home, and ultimately become self-motivated learners.

7/5 - 7/9 9:00 AM - 11:30 AM Grades 4-6 \$160

BreakoutEDU

In this course, students are put into immersive situations that promote teamwork and demand critical thinking and problem-solving skills to complete a common goal. These scenarios present the students with opportunities to find clues, collaborate with others, and learn from failure. Cooperation and collaboration are key components to being successful. Students will sharpen their listening skills, practice tactful ways to agree and disagree with others, and polish their ability to verbalize and execute their own ideas. Learning from mistakes and revising plans are additional life skills that come in to play when trying to “break out.” Email jgehrer@wcsks.com with questions.

6/28 - 7/2 9:00 AM - 11:30 AM Grades 4-8 \$210

Camp Collegiate: Viral Edition!

Steve Hawley

Camp Collegiate is a fast-paced, fun-based learning experience that will make summer days fly by! Boys and girls in 3rd through 8th Grade will spend their days with friends and counselors on Wichita Collegiate School campus playing games like Capture the Flag and dodgeball, and having dart tournaments and Nerf gun battles. We love to build, be creative, and learn at Camp Collegiate, and will be designing and building science projects and making beautiful and functional artwork. Students will look forward to having a Canteen each day and spending a provided “allowance” on snacks. We will continue traditions such as Iron Chef Day, water days, roasting marshmallows to make s’mores, and a medallion hunt, as well as start new ones such as afternoon club time where students will choose which clubs they attend and can focus on projects of their own. Send your camper in clothes that can get dirty, as we will be spending lots of time outside! On water activity days I will notify you to send a swimsuit with your child, and it’s important to have sunscreen and bug spray daily. Students may order a lunch or bring one from home, and microwaves will be available. Get out of the house and come spend the summer with us! Call 634-0489, Ext. 410 or email shawley@wcsks.com with questions.

Government/Economics for Credit

Shane Phillips

This course is designed to offer students the equivalent of a one-semester study of the concepts and structure of American government, and a one-semester study of the fundamental principles of economics. Completion of this course satisfies the Wichita Collegiate School social studies graduation requirement and the Kansas Board of Regents requirements for a government credit, and creates some flexibility for students by opening up an hour in their schedules for a further expanded curriculum during the normal school year. Email sphillips@wcsks.com with questions.

6/7 - 7/16 8:00 AM - 12:00 PM Grade 12 \$900

I Love Food

Lori Meister

This class will playfully explore the beauty of fruits and vegetables through art, science and literature. Each day the children will experience natural foods through taste, touch, and smell while investigating their beautiful forms and colors. The campus planting beds, gardens, and strawberry patch will be explored to help children make the connection between plants and yummy, nutritious food. This class may be especially beneficial to children who have a limited affinity to eat fruits and vegetables. Email lmeister@wcsks.com with questions.

6/14 - 6/18 9:00 AM - 11:30 AM Ages 4-5 \$130

Imagine That

Rae Dain

This fun class will inspire each child's creativity through favorite fairy tales and dramatic play. The children will build their expressive language skills while playing dress-up, creating costumes, and experiencing the exchange of ideas in role-playing. Email rdain@wcsks.com with questions.

7/26 - 7/30 9:00 AM - 11:30 AM Ages 3-4 \$130

LEGO Explorations!

Gears, levers, pulleys, wheels, and axles bring models to life! Projects can range from building a step-by-step merry-go-round to inventing a vehicle replacing Cinderella's broken-down pumpkin coach on the way to the ball. The guided explorations and inventive applications are appropriate for both interested beginners and experienced LEGO fans. LEGO Technic Kits and simple machine sets of 200+ pieces give every student the opportunity to explore areas of mechanical engineering through simple machines and structural experiments. Activities will focus on exploring, investigating, and problem-solving, and will provide challenging transitions from two-dimensional pictures into three-dimensional models. Students will gain great hands-on experiences, boost trial-and-error confidence, and learn valuable lessons in compromising during partner work. Open-ended design challenges will capture your child's imagination! Thousands of additional pieces from LEGO resource sets will spark new and experienced summer LEGO builders. The grand finale will bring simple machines to life! Your children, both girls and boys, will find this class energizing and entertaining as a favorite Summer Explorations class! LEGO Explorations: Next Level, from Page to Stage! Martha Leaf

This summer offering is a mash-up of screenwriting, engineering, and film-production! Curious and creative young people will: collaboratively write an original screenplay; construct LEGO sets, props, and mini-figures; and film all the action using stop-motion animation, a technique that physically manipulates an object so that it appears to move on its own. Having witnessed over 20 years of "LEGO Exploration" enthusiasm at Summer Explorations, Mrs. Leaf predicts that this "Next Level" challenge will be engaging for all ages and talents. The possibilities are endless! And after all, there is an Oscar for Best Animated Short! Prior experience with writing, LEGO building, or filming is not necessary, but may be helpful. The integration of Next Level LEGOs is yet another way of bringing energy and entertainment to one of your child's weeks of summer! Email mleaf@wcsks.com with questions.

SAT Prep for Critical Reading and Writing

Peter DeVries

Feed your body and mind! Get testing help and great snacks in a relaxed environment! Let's be honest; no one associates summer vacation with standardized test prep. However, for those brave souls willing to accept the challenge, we will be having great breakfast snacks as well as coffee, cocoa, and juice to ease into the morning. Our class will focus primarily on two areas: test-taking strategies to assist on the multiple choice sections, and writing strategies and individual analysis to assist on timed essays. Students planning to take the SAT on June 5 are encouraged to take this course. Email pdevries@wcsks.com with questions.

Spartan Running Club

Clark Ensz

The Spartan Running Club is for runners and athletes of all levels; from those just getting started to experienced runners who want to further develop their training. Learning to run with proper technique and to gradually build up endurance helps avoid injury and creates a better foundation—not only for runners but also for those aspiring to take on any other athletic endeavor. For those planning to run cross country in the fall, summer training is an essential part of preparing for the upcoming season. Runners will be working with a staff of coaches who have trained, competed, and coached at the collegiate and elite levels: Clark Ensz, Head Coach, WCS Upper and Middle School Cross Country and Track; Mica Elkouri, Assistant Coach, WCS Upper and Middle School Cross Country and Track; David Keller, Assistant Coach, WCS Upper and Middle School Cross Country and Track; and Tiffany Lippoldt, Head Coach, WCS Middle School Track, and Assistant Coach, WCS Middle School Cross Country. We will meet at the Southwest entrance to the track at Spartan Stadium to start each practice. Please note, some of our running will take place in areas around campus (such as Lakepoint) during which times runners may not be under direct supervision. No practices will be held June 28-July 4 in accordance with KSHSAA regulations. Email ensz@sbcglobal.net or micaelkouri@gmail.com with questions.

Summer Strength and Speed Training

Troy Black

All classes will be taught in the state-of-the art Lattner Center, as well as on the turf or track at Spartan Stadium. The class is led by Troy Black, Head of the Spartan Strength and Speed program. Coach Black has been teaching weight training for 30+ years. His assistants will be Cam Clark, ATC, Head Athletic Trainer for Via Christi Hospital and Kansas Newman University; Kendrick Harper, former KU football player; Dylan Heath, WCS Middle School PE teacher; and Regan Carlstrom-Wayman, WCS School Nurse and Varsity Volleyball coach. Coach Black and his staff have many years of proven experience and knowledge in the realm of strength and speed development, and each session has a curriculum molded to the skill sets and abilities of the students. The curriculum and techniques, like the training center, are state-of-the art and are presented in a positive and uplifting environment.

Grades 6-8:

The focus of this program is to introduce the students to the weight room, get them ready for their upcoming sport season, provide them with the opportunity to improve their physical conditioning level, demonstrate a variety of ways to work on strength and speed, and get them excited about training. We know that these students are still growing, so the whole focus is on technique, and improving their speed, agility, quickness, and conditioning level. No practices will be held June 28-July 4 in accordance with KSHSAA regulations. Please note, the three-day "try the class" period is the only prororation offered for this class. Sunflower Summer Theatre: *Giants in the Sky*

Emily Goodpasture & Ashley Winters

This year Sunflower Summer Theatre is expanding and adding a musical to our season. Our inaugural show will be the musical, *Giants in the Sky*, winner of the 2017 Broadway Workshop's Children's Musical Theatre Festival NYC! "Ever since they left Earth a long time ago, the Giants have made a life up above where their job is to keep the sky beautiful. They polish the stars, poke the clouds to let it rain and paint the sunsets. But there is one curious Giant who wonders what life is like on Earth, so she steals a key to the locked up "beanstalk" and embarks on an adventure down below!" Students will spend their mornings learning the songs, creating characters, memorizing lines, and practicing choreography to put together this 60-minute show. All participants will perform in the show and a final performance for parents and the community will be the evening of Friday, June 18. Email egoodpasture@wcsks.com with questions.

Tennis Academy

Dave Hawley

This class is for anyone who is either a beginner or wants to play for enjoyment. Summer Explorations is one of the longest running programs that WCS has to offer, and over the years, hundreds of players have gotten their tennis start under the tutelage of Coach Dave Hawley and his staff. Coach Hawley enjoyed a fine career of his own, being a significant member of his high school state championship team at York High School in Nebraska, and then being the #1 player on his college teams at York College and Harding University. In his tenure at WCS, Hawley has coached his teams to more than 50 State team titles, and over 75 individual titles. In addition, his teams has captured numerous league and regional crowns. He has a "no cut" philosophy; everyone plays. Hawley has been Coach of the Year several times, and was named to the initial class of National High School Tennis Coaches Hall of Fame. An incredible tennis experience awaits your child at all levels in the Summer Explorations Tennis Academy!

You may order a camp T-shirt for \$10 on the first day of camp. Each class is offered for two weeks per session and is available to all ages of students. If two consecutive weeks do not work, please contact Coach Hawley. Please note, to check for rainouts for all tennis sessions call 316-259-7351. Email dhawley@wcsks.com with questions.

Upper School Writer's Workshop

Jillian King

This will be a great week with an intensive writing focus for any student who wants to develop their skills, hone their craft, and receive feedback on their work. The focus of this week will be to expose students to a variety of different styles of writing, including but not limited to literary analysis, personal narrative, and expository writing. Students will have the opportunity to respond, in writing, to poetry and various forms of visual art. They will work to develop their own personal voice and style while putting their pen to the paper, and will be encouraged to work one-on-one with the instructor and their peers for feedback to develop their writing. This course will also focus on writing in phases, encouraging students to work through prewriting, early drafts, and revisions, to polished final works. A fun week to immerse yourself in writing and embrace your own creativity! Please bring a notebook, pens, and pencils to class. Email jking@wcsks.com with questions.

Volleyball Camp

Regan Carlstrom-Wayman & Kathy Rukes

This camp is run by WCS Varsity Volleyball Coach Regan Carlstrom-Wayman and Middle School Volleyball Coach Kathy Rukes, who believe that to be successful on the volleyball court, players need a love of the game, a strong work ethic, and a solid foundation in the fundamentals of volleyball. During this camp, players will receive individual instruction on how to improve their serving, passing, setting, and hitting, as well as a chance to put those skills into action through a series of fun and challenging games and drills designed to prepare these young athletes for the fall season. All participants will receive a camp T-shirt. Email rcarlstrom@wcsks.com or krukes@wcsks.com with questions.

7/19 - 7/22 1:00 PM - 3:30 PM (M-Th) Grades 6-8 \$120

The Wizarding World of Harry Potter

Kathy Rukes

Unlock the magic as we explore the wizarding world of Harry Potter. In addition to taking introductory courses in potions, transfiguration, charms, and defense against the dark arts, our young witches and wizards will compete in a quidditch match, build their own Hogwarts, and dress up as their favorite witch, wizard, or magical creature. For more information, please email Kathy Rukes atkrukes@wcsks.com
