##### Back to School Transition Tips

Adjusting to a hybrid style of learning after months of remote learning can be a challenge for many families. Starting a new style of learning on a positive note can influence children's attitude, confidence, and performance both socially and academically. Dr. Erika Geisler, a psychologist from Wilmington, DE, offers the following suggestions to make the transition smoother and easier.

1. Re-establish the bedtime and mealtime routines (especially breakfast). Prepare your child by talking with him or her about the benefits of school routines in terms of leaving the house and not becoming overtired or overwhelmed.
2. Create a family calendar to keep track of important dates. This is especially important if there is more than one child in the family.
3. Leave plenty of extra time. Make sure your child has plenty of time to get up, eat breakfast and prepare to leave the house for school.
4. Focus on the positives. They will now be able to see their friends and teachers.
5. Discuss how in person school will probably still be different. Students and school personnel will be wearing masks and social distancing. These concepts might be difficult for younger children to understand, so some practice at home is in order.

## Great Things are Happening at HPE

### National Elementary Honor Society is Returning to HPE

The National Elementary Honor Society (NEHS) was established in 2008 by the [National Association of Secondary School Principals](#) (NASSP) in partnership with the [National Association of Elementary School Principals](#) (NAESP). NEHS recognizes students in both public and nonpublic elementary schools for their outstanding academic achievement and demonstrated personal responsibility. Through NEHS, students provide meaningful service to the school and community and develop essential leadership skills. NEHS supports these purposes by strengthening the lives of our nation's elementary students and the schools in which they are enrolled. More information about NEHS will be posted on the school's website.

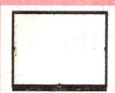

### Playground Update

For those that are not aware, the HPE school community won a playground a few years ago when we completed with schools across the nation in the TerraCycle-Shoprite Recycling Contest. However, the playground was destroyed by an accidental fire last summer. We are excited to announce, a new playground is being built. It will be completed in by the middle of the month.

### WPS Promethean Board Initiative

We are excited to announce that interactive Promethean Boards are in the process of being installed in all of our classrooms. The Promethean Board initiative is a district-wide initiative. They will be used to enhance teaching and learning in our school. Soon every instructional classroom throughout the district will have a Promethean Board installed.
