

## Proposed Policy Revisions for March 2021

The School Board continually goes through the process of revising the School Board Policy Manual. A majority of the changes are dictated by legislative action resulting in the Code of Virginia being amended. Some policy changes are the result of court action or simply the need for new topics to be addressed. The following policies are currently being examined for revision. These policies will be voted on at the April 1, 2021, School Board meeting.
