Alpine Union School District

Principal's Message

Mountain View Learning Academy is nestled in the beautiful hills of Alpine on Harbison Canyon Road. Our program is like a charter school. We offer on-site classes up to three days a week. These classes focus on the following personalized learning plans: writing, math, algebra, social studies, hands-on science, the visual arts, performing arts and physical education. Extracurricular opportunities include student council, dance and engineering.

When students are not on site, they are working at home on their individually designed lesson plans. Our highly experienced staff works with parents to design lesson plans that meet the student's academic needs as well as the state standards. All of our teachers are state certified, and our program is fully accredited.

In addition to the on-site classes and individually designed lesson plans, we offer fabulous field trips. These field trips are educational and fun for the whole family. In the past, we have visited Sea World, Birch Aquarium, Eagle Mine, Old Town, Mission San Juan Capistrano, Julian Wolf Encounter, Riley's Farm, Chula Vista Nature Center, Natural History Museum, the Space Theatre and much more.

School Mission Statement

Mountain View Learning Academy is a long-term, hybrid, K-8 independent study program (Mountain View Home-School). Independent study is considered an alternative means of delivering instruction to students, typically via the parent, within the home setting. On-site classes and regularly scheduled field trips are part of the fabric of Mountain View Home-School. The scope and sequence of the curriculum at Mountain View is intended to keep pace with that which is occurring within the other schools within the Alpine Union School District. This educational option provides students and families with the opportunity for increased parental involvement and hands-on learning.

Parental Involvement

Mountain View Learning Academy is, by definition, a partnership between a supervising teacher and parents that involves collaboration on an ongoing basis. Bimonthly meetings are held to generate assignments and evaluate previously assigned work. Parental involvement is encouraged as far as participating in regularly scheduled field trips and volunteering for teaching or assisting in enrichment classes.

For more information on how to become involved, contact Principal Yvette Maier at (619) 445-2977 or ymaier@alpineschools.net.

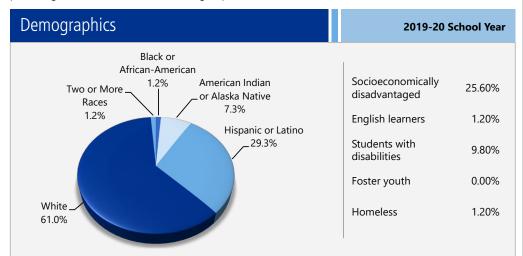

School Safety

Mountain View Learning Academy is housed on the site of Shadow Hills Elementary School and is included in the safety plan and drills for that school. Shadow Hills Elementary School maintains a plan that outlines procedures for various emergencies. Each month the staff conducts a fire, duck-and-cover, or lockdown drill. Each fall, the district transportation department conducts a school-evacuation drill.

The school safety plan was reviewed and discussed with school faculty in October 2020.

Enrollment by Student Group

The total enrollment at the school was 82 students for the 2019-20 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Beliefs

Our Alpine Union School District believes:

Education is the foundation of a democratic society.

Each person has value.

Everyone in the community shares responsibility for the educational success of all children.

We have high expectations that challenge each individual to reach his or her potential.

Effective communication fosters good human relations.

All individuals deserve to be and feel safe. Safety optimizes the learning environment.

We value and live by the highest ethical standards of respect, integrity, honesty and fairness.

Educating our children is an investment in the future.

Class Size Distribution

Mountain View Learning Academy is a homeschool program, therefore there are no traditional grade level classes. An average caseload has been 25 students for the past three years.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status	2020-21 School Year	
Items Inspected		Repair Status
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation	and HVAC)	Good
Interior: Interior surfaces (floors, ceilings, walls and window casings)		Good

School Facilities

Mountain View is located on the campus of Shadow Hills Elementary School and has access to the library, auditorium and computer lab. The classrooms and office are all in portables. The Shadow Hills campus was built in 1960 with the portables added later. The buildings are in adequate condition. The district maintenance crew addresses these issues. The Shadow Hills custodial staff maintains facilities. The custodians vacuum rooms multiple times per week. The district crew promptly. addresses safety issues that arise. During COVID-19, additional cleaning in all of the classrooms takes place each Wednesday. All classrooms are electromagnetically cleaned twice a week.

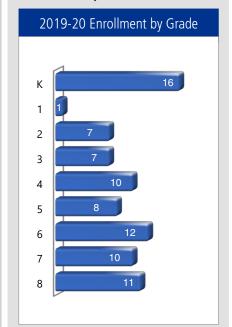

The campus has 4 staff members on duty to supervise the crosswalk in the parking lot before school. Two campus supervisors are on duty 30 minutes before school and supervise students as they walk to class. Then they deliver breakfast to each classroom. The six teachers at Mountain View supervise lunch, recess and dismissal

"Our highly experienced staff works with parents to design lesson plans that meet the student's academic needs as well as the state standards."

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2019-20 school year.

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard. org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The new California Science Test (CAST) was first administered operationally during the 2018–19 school year. The table below shows the percentage of students meeting or exceeding the state standards.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 4. Abdominal Strength and Endurance
- 2. Body Composition
- 5. Upper Body Strength and Endurance
- 3. Flexibility
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2019-20 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11 and science in grades 5, 8 and high school. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate

Smarter Balanced Assessments

assessment.

include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www. cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Textbooks are adopted according to the state-mandated textbook-adoption cycle. Instructional materials are selected from the list of state-approved textbooks that align to state standards and curriculum frameworks. A committee of teachers is selected to review and identify publishers from the approved list for piloting in classrooms. Instructional materials are piloted in classrooms across school sites and grade levels, and teachers are provided the opportunity to review the materials and provide feedback. Parents are also invited to preview proposed instructional materials and provide feedback. Based on feedback received, a publisher is selected for adoption and brought before the governing board for approval. Instructional materials, when adopted, are provided to all students, including English learners.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates. The 2019-20 suspension and expulsion rate data are not comparable to prior year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to prior years. Note: Students are only counted one time, regardless of the number of suspensions.

Financial Data

The financial data displayed in this SARC is from the 2018-19 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at www.cde.ca.gov/ds/fd/ec. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at www.cde.ca.gov/ds/fd/cs. To look up expenditures and salaries for a specific school district, see the Ed-Data website at www.ed-data.org.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note: The district salary data does not include benefits.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at http://dq.cde.ca.gov/dataquest. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1. All data accurate as of December 2020...

School Financial Data
