Determination of the Schedule of the School Day and Week
KRS 160.345 (2)(i)4

Criteria for Developing the School Schedule

Our schedule will:

1. Reflect our mission and belief statements
2. Give all students access to all classes, avoiding conflicting schedules of specialized classes and preventing any exclusion related to cultural background, physical abilities, socio-economic status, and intellectual status.
3. Provide students with the learning time they need, including technology access to complete writing assignment and other learning activities.
4. Facilitate appropriate decisions to give particular students expanded time and support for successful performance (such as independent study, additional time to work on a project or assignment, or other appropriate methods for the situation).
5. Support our Curriculum Policy, our Instructional Practices Policy, our equity and diversity commitments, and the goals and strategies of our School Improvement Plan.
6. Allow teachers shared time to collaborate and plan on a regular basis.
7. Facilitate teacher opportunities to switch teaching assignments to capitalize on different teachers' in-depth knowledge of specific topics.
8. Facilitate teacher opportunities to adjust the length of class periods when needed to provide the best instruction.
9. Promote reasonable and appropriate enrollments for all classes and appropriate numbers of pupils each teacher works with in the course of a day.
10. Respect the beginning and ending times of the school day and school calendar year as established by the Board of Education.

Process for Developing the School Day Schedule

Annually, the principal will implement a school day schedule that includes any changes that have been adopted by the Council.

The school day schedule will be reviewed each year using the following procedures:

1. In December, the Council will appoint an Ad Hoc Scheduling Committee (or charge a standing committee) to complete the following tasks:
 - Review student performance data and survey data (if available) from students, parents, and staff on how well instructional time is being used.
 - Brainstorm current time barriers to implementing needed practices and meeting student needs and ways the schedule might be changed to remove those barriers.
 - Discuss advantages and disadvantages of various changes, focusing on the criteria listed in the first section of this policy.
 2. In January, committees will notify the group charged with scheduling if recommendations they have made or are considering would have schedule implications.
 3. Based on the above work the committee will consult the principal and make recommendations concerning schedule changes for the coming school year no later than the end of February.
 4. By the end of March, the principal will prepare a recommendation to the Council on a schedule for the coming school year including changes (if any). The principal's recommendation may include more than one option.
 5. The Council will consider the principal's recommendations and adopt a schedule in time to implement our Staff and Student Assignment Policies.
