March 16, 2021

Dear Fairfield City Parents:

Due to the threat of severe weather, the Fairfield City School District will be CLOSED tomorrow, Wednesday, March 17th. Governor Kay Ivey has issued a state of emergency for all 67 counties in Alabama.

The National Weather Service in Birmingham expects this to be a "significant severe weather threat." We strongly encourage you to stay informed through reputable weather authorities, and make sure your NOAA weather radio is prepared to receive the latest weather updates.

Once again, Fairfield City School District will be closed tomorrow. Employees will not report to work. However, teachers may provide various learning opportunities, and we encourage our students to take advantage of them. Students should log on to Schoology for any assignments posted by their teachers.

Please, be safe and weather-aware.

Sincerely,

Dr. Regina Thompson

Superintendent
