Administrative Report by Ms. Ciarrocca:

Good evening Board members, parents, community members here in person and those viewing online. As summer begins to wrap up, our board offices and schools have been humming with activity with new registrations, 5 days of new staff orientation, a myriad of various teacher trainings, and last minute touches to the cleaning and maintenance of all of our buildings. Students have been coming to orientations at the NBTHS, NBTMS, and Linwood this week. Next week, there will be Kindergarten and Preschool orientations. Teachers have been coming in to set up their classrooms and prepare to welcome your children to a new school year next Thursday, September 1st.

It is our hope that as we move into the 2nd school year with full in person learning that we will have a much more “normal” school year ahead. I met today with our school nursing supervisor, Mary Ellen Engel and our school advising physician, Dr. Mandelbaum to discuss our district’s focus on health and wellness this school year. While we will remain vigilant for any potential covid outbreaks, this year will look very different from last year. Anyone who is sick, showing symptoms of an illness, will be asked to stay home while sick. With a positive COVID case, students and staff will be required to stay home for 5 days and wear a mask upon return to school for another 5 days. We will not be quarantining or contact tracing. We do ask that parents continue to use the link on our website to report any positive student cases as we are still required to report any cases we may have to the state. As was the case last year, masking will remain optional.

You will see on tonight's agenda a small update to our district calendar which eliminates one of our ½ days for professional learning in October since we have a full day scheduled on October 24 instead.

Additionally, starting tomorrow you will also be able to see a calendar that shows just our early dismissal days for specific schools. The master calendar with one exception of the HS PSAT early dismissal) only shows full district early dismissals. Due to our contract, we have other early dismissals for Back to School nights, days prior to holidays, etc. In September, I will be sharing a calendar survey with all families so that we can get your input as we develop calendars for the 23-24 and 24-25 school years.

Please note that the pandemic-related federal free breakfast and lunch program has ended. It is extremely important to apply for free or reduced lunch to determine if your child is eligible. Please visit the district's website to complete the online application. If you cannot complete the online application, paper applications are available at North Brunswick Township Board of Education (NBTBOE) or can be printed from our website. Completed paper applications can be returned to the NBTBOE at 25 Linwood Place, North Brunswick, NJ, 08902.

Not only does the application determine free and reduced priced meals, but it may also determine additional benefits if you qualify. Additionally, North Brunswick Township Schools receives state funding based on the applications so it is important to our district funding to ensure that all eligible students are identified. A KINVO with this information will be going out tomorrow with all of the links and paper applications will also be available at all schools.

We are very excited to welcome our students back next week and look forward to a productive and collaborative year with all of our students and their families.

Please continue to watch for those Kinvo notices and updates on our district website and follow us on our various social media sites: Facebook, Twitter and soon Instagram.
