

COMMUNITY FORUM

Acknowledging Racism in the Marysville SD

March 24, 2021
6:00 pm - 8:00 pm
via Zoom*

Leaders from our schools, police, city, and tribes recognize that racism, hate and exclusion are alive in Marysville. We are committed to changing our policies and dismantling institutionalized racism. In order to make changes, we must listen, learn, reflect and improve. We invite students, families and staff who represent our BIPOC communities to share experiences in this first of several facilitated, restorative forums.

If you would like to provide your experience in writing to be read anonymously, please answer our questions here: <https://tinyurl.com/3ssrk3fp>
