

Infinity High School

MARCH NEWS

Parents/Guardians and Students:

March is a very busy month for us! Our school received funding for Career Technical Education (CTE) field trips. This month, we will be visiting 4 different business who manufacture various essentials and equipment. We will first visit AC Disposal, then Sisneros Bros., CAT/Wagner, and finish the month off at CEMCO.

Our Junior students will be taking the New Mexico Assessment of Science Readiness on Wednesday, March 29, 2023. Senior students who did not take this test last year will need to make it up during this same time.

Spring break is quickly approaching! We will be off from school March 13th through March 17th.

In preparation for next school year, teachers will be reviewing students Next Step Plans which helps students understand what credits they will need next year. The time

also allows teachers to set goals for students so they can continue to progress in their classes. In addition, teachers will also be in contact with parents to let them know how your child is doing, so please be on the lookout for a conference.

If you or someone you know are in need of resources for food, hygiene products, or other necessities, please visit <https://resourcesvalencianm.org/> for a quick search of where to locate the items you need.

Congratulations Corner:

Congratulations to Veronica Batista on being voted our Student of the Week for The Valencia County News-Bulletin!
