I understand that:

- The student is responsible for understanding when his or her choice of schedule will result in tuition charges. If the student enrolls for more high school and college credits than are identified in the Running Start State Funding Limit Table, the student is responsible for:
  - 1) paying all college tuition and fees associated with exceeding the college credits identified in the table; or
  - 2) withdrawing from the excess college or high school course(s).
- The student is required to pay any class/lab fees charged for college classes.
- Enrollment in specific college classes cannot be guaranteed – even if the classes are needed to fulfill high school graduation requirements.
- To add/withdraw from a course, the student must complete the college Add/Drop process by the college deadline and notify the high school counselor.
- The student is responsible for ensuring that college courses completed as part of the Running Start program will meet high school graduation requirements.
- If the student plans to transfer, it is the student's responsibility to determine college admissions policies/deadlines and whether credits will transfer.
- The student and parent's signatures below provide permission for the high school and college to share the Running Start student's academic records, which can include the student's grades, billing, registration, and attendance records regardless of whether FERPA rights belong to the student or parents.
- After completing the college coursework, students are responsible for requesting official college transcripts through the college's registrar office.

I acknowledge that I have read and understand both sides of this form, and will comply with the conditions of Running Start participation and the expectations of college course enrollment.
