# Waiver of High School Graduation Credits

The board seeks to provide all students with the opportunity to complete graduation requirements without discrimination and without disparate impact on groups of students. In so doing, the board acknowledges that circumstances may arise that prevent a student from earning all twenty-four credits required for high school graduation. Such circumstances may include, but are not limited to, the following:

- Homelessness;
- A health condition resulting in an inability to attend class;
- Limited English proficiency:
- Disability, regardless of whether the student has an individualized education program or a plan under Section 504 of the federal Rehabilitation Act of 1973:
- Denial of an opportunity to retake classes or enroll in remedial classes free of charge during the first four years of high school;
- Transfer during the last two years of high school from a school with different graduation requirements; and
- Other circumstances (e.g., emergency, natural disaster, trauma, personal or family crisis) that directly compromised a student's ability to learn.

The board delegates to the superintendent or his/her designee discretion to grant a waiver of a maximum of two elective credits required for graduation. A student's parent/quardian or an adult student must file the district's Application for Waiver of High School Graduation Credits (Form 2418F) with the superintendent's office no later than thirty days prior to the student's scheduled graduation date.

# Procedure - Waiver of High School Graduation Credits

A student or his/her parents/guardians may request a waiver of up to two elective credits during his/her year of expected graduation from high school due to the student's circumstances. The superintendent or designee will review each request on a case-by-case basis and use his or her judgment, experience and knowledge of the student to determine whether the circumstances exist to justify the waiver.

#### Request Process

Requests will be made using the district's form made available for this purpose and will include any materials (e.g., letter from the student's licensed physician) that document the student's circumstances. Requests must be received by the superintendent or designee's office no less than thirty days prior to graduation. The superintendent or designee may waive the thirty day deadline in cases of catastrophic events occurring within thirty days of graduation that have a direct effect on the student or students requesting a waiver.

#### Determination

In determining whether to grant the request for waiver based on a student's circumstances such as those listed in Policy 2418, the superintendent or designee will consider factors such as:

- Unique limitations directly affecting the student as a result of the unusual circumstances;
- · Whether the unusual circumstances were beyond the student's control;
- Whether the unusual circumstances compromised the student's ability to learn;
- The student's efforts to cope with the unusual circumstances;
- Documentation provided by the student's parents or guardians;
- Possible discriminatory effects on the student and/or possible disparate impact on a group of students if the waiver is not granted; and
- Significant decline in the student's academic performance following the occurrence of the unusual circumstances.

In considering whether to grant the waiver, the superintendent or designee may, in his or her discretion, consult with school staff who have knowledge of the student and with any person identified in the application as having knowledge of the student's unique circumstances.

#### **Response Process**

The superintendent or designee will provide a response to a request for waiver within ten (10) business days. A response granting the waiver will include the number of elective credits that will be waived and notification that completion of the remainder of required credits is required for graduation. A response denying the waiver will state the reason(s) therefore, which may include, but are not limited to the following:

- The request was received within less than thirty days of graduation and does not concern a catastrophic event;
- The request did not include sufficient information to justify waiver of high school graduation credit;
   and
- The request was not based on documented or verifiable events that would justify waiver of high school graduation credit.

The superintendent or designee's decision is final and will only apply to the student's current graduation year.

# Prohibition of Harassment, Intimidation, and Bullying

The board is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers, and community members that is free from harassment, intimidation, or bullying. As defined in legislation, "Harassment, intimidation or bullying" means any intentional electronic, written, verbal, or physical act including but not limited to, one shown to be motivated by any characteristic in RCW 28A.640.010 and 28A 642.010, or other distinguishing characteristics, when the act:

- A. Physically harms a student or damages the student's property;
- B. Has the effect of substantially interfering with a student's education;
- C. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- D. Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying.

"Other distinguishing characteristics" can include but are not limited to physical appearance, clothing or other apparel, socioeconomic status and weight.

"Intentional acts" refers to the individual's choice to engage in the act rather than the ultimate impact of the action(s).

#### **Behaviors/Expressions**

This policy recognizes that 'harassment,' 'intimidation,' and 'bullying' are separate but related behaviors. Each must be addressed appropriately. The accompanying procedure differentiates the three behaviors, however, this differentiation should not be considered part of the legal definition of these behaviors.

Harassment, intimidation, or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation, or bullying may still be prohibited by other district policies or building, classroom or program rules.

#### **Training**

This policy is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community and will be implemented in conjunction with comprehensive training of staff and volunteers. Specific training requirements are included in the accompanying procedure.

#### Prevention

The district will provide students with strategies aimed at preventing harassment, intimidation, and bullying. In its efforts to train students, the district will seek partnerships with families, law enforcement, and other community agencies.

#### **Interventions**

Interventions are designed to remediate the impact on the targeted student(s) and others impacted by the violation, to change the behavior of the aggressor, and to restore a positive school climate. The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in

determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals.

#### Students with Individual Education Plans or Section 504 Plans

If allegations are proven that a student with an Individual Education Plan (IEP) or Section 504 Plan has been the aggressor or target of harassment, intimidation or bullying, the school will convene the student's IEP or Section 504 team to determine whether the incident had an impact on the student's ability to receive a free, appropriate public education (FAPE). The meeting should occur regardless of whether the harassment, intimidation, or bullying incident was based on the student's disability. During the meeting, the team will evaluate issues such as the student's academic performance, behavioral issues, attendance, and participation in extracurricular activities. If a determination is made that the student is not receiving a FAPE as a result of the harassment, intimidation, or bullying incident, the district will provide additional services and supports as deemed necessary, such as counseling, monitoring and/or reevaluation or revision of the student's IEP or Section 504 plan, to ensure the student receives a FAPE.

#### **Retaliation/False Allegations**

Retaliation is prohibited and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying, or participating in an investigation.

It is also a violation of district policy to knowingly report false allegations of harassment, intimidation, and bullying. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

#### **Compliance Officer**

The superintendent will appoint a compliance officer as the primary district contact to receive copies of all formal and informal compliants and ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district. The district compliance officer will participate in at least one mandatory training opportunity offered by OSPI.

The superintendent is authorized to direct the implementation of procedures addressing the elements of this policy.

# Procedure - Prohibition of Harassment, Intimidation and Bullying

#### A. Introduction

The North Franklin School District strives to provide students with optimal conditions for learning by maintaining a school environment where everyone is treated with respect and no one is physically or emotionally harmed.

In order to ensure respect and prevent harm, it is a violation of district policy for a student to be harassed, intimidated, or bullied by others in the school community, at school sponsored events, or when such actions create a substantial disruption to the educational process. The school community includes all students, school employees, school board members, contractors, unpaid volunteers, families, patrons, and other visitors. Student(s) will not be harassed because of their race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression, gender identity, mental or physical disability, or other distinguishing characteristics.

Any school staff who observes, overhears, or otherwise witnesses harassment, intimidation, or bullying or to whom such actions have been reported must take prompt and appropriate action to stop the harassment, intimidation, or bullying, and to prevent its reoccurrence.

#### B. **Definitions**

**Aggressor** means a student, staff member, or other member of the school community who engages in the harassment, intimidation, or bullying of a student.

**Harassment, intimidation, or bullying** means an intentional electronic, written, verbal, or physical act that:

- 1. Physically harms a student or damages the student's property;
- 2. Has the effect of substantially interfering with a student's education;
- 3. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- 4. Has the effect of substantially disrupting the orderly operation of the school.

Conduct that is "substantially interfering with a student's education" will be determined by considering a targeted student's grades, attendance, demeanor, interaction with peers, participation in activities, and other indicators.

Conduct that may rise to the level of harassment, intimidation, or bullying may take many forms, including, but not limited to: slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, ostracism, physical attacks or threats, gestures, or acts relating to an individual or group whether electronic, written, oral, or physically transmitted messages or images. There is no requirement that the targeted student actually possess the characteristic that is the basis for the harassment, intimidation, or bullying.

**Retaliation** occurs when an individual is intimidated, threatened, coerced, or discriminated against for reporting harassment, intimidation, or bullying, or participating in an investigation.

**Staff** includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, classified staff, substitute and temporary teachers, volunteers, or paraprofessionals (both employees and contractors).

**Targeted Student** means a student against whom harassment, intimidation, or bullying has allegedly been perpetrated.

#### C. Behaviors/Expressions

'Harassment,' 'intimidation,' and 'bullying' are separate but related behaviors. Each must be addressed appropriately. Although this procedure differentiates the three behaviors, this differentiation should not be considered part of the legal definition of these behaviors, Harassment refers to any malicious act, which causes harm to any person's physical well-being. It can be discriminatory harassment, malicious harassment, or sexual harassment. Intimidation refers to implied or overt threats of physical violence. Bullying refers to unwanted aggressive behavior(s) by another youth or group of youths that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated. Bullying may inflict harm on the targeted youth including physical or educational harm. Bullying can also occur through technology and is called electronic bullying or cyberbullying

#### D. Relationship to Other Laws

This procedure applies only to <u>RCW 28A.600.477 – Prohibition Harassment</u>, <u>Intimidation and Bullying</u>. There are other laws and procedures to address related issues such as sexual harassment or discrimination.

At least four Washington laws may apply to harassment or discrimination:

- 1. RCW 28A.600.477 Prohibition Harassment, Intimidation and Bullying
- 2. RCW 28A.640.020 Sexual Equality
- 3. RCW 28A.642 Prohibition of Discrimination in Public Schools
- 4. RCW 49.60.010 The Law Against Discrimination

The district will ensure its compliance with all state laws regarding harassment, intimidation, or bullying. Nothing in this procedure prevents a student, parent/guardian, school or district from taking action to remediate harassment or discrimination based on a person's membership in a legally protected class under local, state, or federal law.

#### E. Prevention

#### 1. Dissemination

In each school and on the district's website the district will prominently post information on reporting harassment, intimidation, or bullying; the name and contact information for making a report to a school administrator; and the name and contact information for the district compliance officer. The district's policy and procedure will be available in each school in a language that families can understand.

Annually, the superintendent will ensure that a statement summarizing the policy and procedure is provided in student, staff, volunteer, and parent handbooks, is available in school and district offices and/or hallways, or is posted on the district's website.

Additional distribution of the policy and procedure is subject to the requirements of chapter 392-405 WAC

#### 2. Education

Annually students will receive age-appropriate information on the recognition and prevention of harassment, intimidation, or bullying at student orientation sessions and on other appropriate occasions. The information will include a copy of the Incident Reporting Form or a link to a web-based process.

#### 3. Training

The district compliance officer will participate in at least one mandatory training opportunity offered by OSPI. Staff will receive annual training on the school district's policy and procedure, including at a minimum, staff roles and responsibilities, how to monitor common areas and the use of the district's Incident Reporting Form.

#### 4. Prevention Strategies

The district will implement a range of prevention strategies including individual, classroom, school, and district-level approaches.

Whenever possible, the district will implement evidence-based prevention programs that are designed to increase social competency, improve school climate, and eliminate harassment, intimidation, and bullying in schools.

#### F. Compliance Officer

The district compliance officer will:

- 1. Serve as the district's primary contact for harassment, intimidation, or bullying. If the allegations in a written report of harassment, intimidation, or bullying indicate a potential violation of Policy 3207, the district staff member who receives the report must promptly notify the district compliance officer.
- 2. Provide support and assistance to the principal or designee in resolving complaints;
- 3. Receive copies of all Incident Reporting Forms, discipline Referral Forms, and letters to parents providing the outcomes of investigations.
- 4. Communicate with the school district's designated civil rights compliance coordinator. If a written report of harassment, intimidation, or bullying indicates a potential violation of the district's nondiscrimination policy [Policy 3210], or if during the course of an investigation, the district becomes aware of a potential violation of the district's nondiscrimination policy, the compliance officer must promptly notify the district's civil rights compliance coordinator. At that time, the compliance officers must promptly notify the complainant that their complaint will proceed under both this policy / procedure and the nondiscrimination policy / procedure. The investigation and response timeline for the nondiscrimination procedure begin when the school district knows or should have known that a written report or investigation or Harassment, Intimidation, or Bullying involves a potential violation of the district's nondiscrimination policy;
- 5. Be familiar with the use of the student information system. The compliance officer may use this information to identify patterns of behavior and areas of concern;
- 6. Ensure implementation of the policy and procedure by overseeing the investigative processes, including ensuring that investigations are prompt, impartial, and thorough;
- 7. Assess the training needs of staff and students to ensure successful implementation throughout the district, and ensure staff receive annual fall training;
- 8. Provide the OSPI School Safety Center with notification of policy or procedure updates or changes on an annual basis; and
- 9. In cases where, despite school efforts, a targeted student experiences harassment, intimidation, or bullying that threatens the student's health and safety, the compliance officer will facilitate a meeting between district staff and the child's parents/guardians to develop a safety plan to protect the student. A sample student safety plan is available on the OSPI website: www.k12.wa.us/SafetyCenter/default.aspx.

#### G. Staff Intervention

All staff members will intervene when witnessing or receiving reports of harassment, intimidation, or bullying. Minor incidents that staff are able to resolve immediately, or incidents that do not meet the definition of harassment, intimidation, or bullying, may require no further action under this procedure, other than tracking, to ensure they are not repeated.

#### H. Filing an Incident Reporting Form

Incident Reporting Forms may be used by students, families, or staff to report incidents of harassment, intimidation or bullying. A sample form is provided on the Office of Superintendent of Public Instruction's (OSPI) School Safety Center website: www.k12.wa.us/SafetyCenter/BullyingHarassment/default.aspx

Any student or students who believe they have been the target of unresolved, severe, or persistent harassment, intimidation, or bullying, or any other person in the school community who observes or receives notice that a student has or may have been the target of unresolved, severe, or persistent harassment, intimidation, or bullying may report incidents verbally or in writing to any staff member.

#### I. Addressing Harassment, Intimidation, or Bullying – Reports

Step 1: Filing an Incident Reporting Form

In order to protect a targeted student from retaliation, a student need not reveal his identity on an Incident Reporting Form. The form may be filed anonymously, confidentially, or the student may choose to disclose his or her identity (non-confidential).

#### Status of Reporter

1. Anonymous

Individuals may file a report without revealing their identity. No disciplinary action will be taken against an alleged aggressor based solely on an anonymous report. Schools may identify complaint boxes, use online reporting processes, or develop other methods for receiving anonymous, unsigned reports. Possible responses to an anonymous report include enhanced monitoring of specific locations at certain times of day or increased monitoring of specific students or staff. (Example: An unsigned Incident Reporting Form dropped on a teacher's desk led to the increased monitoring of the boys' locker room in 5th period.

#### 2. Confidential

Individuals may ask that their identities be kept secret from the accused and other students. Like anonymous reports, no disciplinary action will be taken against an alleged aggressor based solely on a confidential report. (Example: A student tells a playground supervisor about a classmate being bullied but asks that nobody know who reported the incident. The supervisor says, "I won't be able to punish the bullies unless you or someone else who saw it is willing to let me use their names, but I can start hanging out near the basketball court, if that would help.")

3. Non-confidential

Individuals may agree to file a report non-confidentially. Complainants agreeing to make their complaint non-confidential will be informed that due process requirements may require that the district release all of the information that it has regarding the complaint to any individuals involved in the incident, but that even then, information will still be restricted to those with a need to know, both during and after the investigation. The district will, however, fully implement the anti-retaliation provision of this policy and procedure to protect complainants and witnesses.

Step 2: Receiving an Incident Reporting Form

All staff are responsible for receiving oral and written reports. Whenever possible staff who initially receive an oral or written report of harassment, intimidation, or bullying will attempt to resolve the incident immediately. If the incident is resolved to the satisfaction of the parties involved, or if the incident does not meet the definition of harassment, intimidation, or bullying, no further action may be necessary under this procedure.

All reports of unresolved, severe, or persistent harassment, intimidation, or bullying will be recorded on a district Incident Reporting Form and submitted to the principal or designee, unless the principal or designee is the subject of the complaint.

Step 3: Investigations of Unresolved, Severe, or Persistent Harassment, Intimidation and Bullying

All reports of unresolved, severe, or persistent harassment, intimidation, or bullying will be investigated with reasonable promptness. Any student may have a trusted adult with them throughout the report and investigation process.

- 1. Upon receipt of the Incident Reporting Form that alleges unresolved, severe, or persistent harassment, intimidation, or bullying, the school or district designee will begin the investigation. If there is potential for clear and immediate physical harm to the complainant, the district will immediately contact law enforcement and inform the parent/guardian.
- 2. During the course of the investigation, the district will take reasonable measures to ensure that no further incidents of harassment, intimidation, or bullying occur between the complainant and the alleged aggressor. If necessary, the district will implement a safety plan (<a href="https://www.k1wa.us/student-success/health-safety/school-safety-center/safety-planning-toolkit">https://www.k1wa.us/student-success/health-safety/school-safety-center/safety-planning-toolkit</a>) for the student(s) involved. The plan may include changing seating arrangements for the complainant and/or the alleged aggressor in the classroom, at lunch,

or on the bus; identifying a staff member who will act as a safe person for the complainant; altering the alleged aggressor's schedule and access to the complainant, and other measures.

If, during the course of an investigation, the district employee conducting the investigation becomes aware of a potential violation of the district's nondiscrimination policy [Policy 3210], the investigator will promptly notify the district's civil rights compliance officer. Upon receipt of this information, the civil rights compliance officer must notify the complainant that their complaint will proceed under the discrimination complaint procedure in WAC 392-190-065 through WAC 392-190-075 as well as the HIB complaint procedure. The notice must be provided in a language that the complainant can understand. The investigation and response timeline for the discrimination complaint procedure will follow that set forth in WAC 392-190-065 and begins when the district knows or should have known that a written report of harassment, intimidation or bullying involves allegations of a violation of the district's nondiscrimination policy.

- 3. Within two (2) school days after receiving the Incident Reporting Form, the school designee will notify the families of the students involved that a complaint was received and direct the families to the district's policy and procedure on harassment, intimidation and bullving.
- 4. In rare cases, where after consultation with the student and appropriate staff (such as a psychologist, counselor, or social worker) the district has evidence that it would threaten the health and safety of the complainant or the alleged aggressor to involve his or her parent/guardian, the district may initially refrain from contacting the parent/guardian in its investigation of harassment, intimidation, or bullying. If professional school personnel suspect that a student is subject to abuse and neglect, they must follow district policy for reporting suspected cases to Child Protective Services.
- 5. The investigation will include, at a minimum:
  - a. An interview with the complainant;
  - b. An interview with the alleged aggressor;
  - c. A review of any previous complaints involving either the complainant or the alleged aggressor; and
  - d. Interviews with other students or staff members who may have knowledge of the alleged incident.
- 6. The principal or designee may determine that other steps must be taken before the investigation is complete.
- 7. The investigation will be completed as soon as practicable but generally no later than five (5) school days from the initial complaint or report. If more time is needed to complete an investigation, the district will provide the parent/guardian and/or the student with weekly updates.
- 8. No later than two (2) school days after the investigation has been completed and submitted to the compliance officer, the principal or designee will respond in writing or in person to the parent/guardian of the complainant and the alleged aggressor stating:
  - a. The results of the investigation;
  - b. Whether the allegations were found to be factual;
  - c. Whether there was a violation of policy; and
  - d. The process for the complainant to file an appeal if the complainant disagrees with the results.

Because of the legal requirement regarding the confidentiality of student records, the principal or designee may not be able to report specific information to the targeted student's parent/guardian about any disciplinary action taken unless it involves a directive that the targeted student must be aware of in order to report violations.

If a district chooses to contact the parent/guardian by letter, the letter will be mailed to the parent/guardian of the complainant and alleged aggressor by United States Postal Service with return receipt requested unless it is determined, after consultation with the student and appropriate staff (psychologist, counselor, social worker) that it could endanger the complainant or the alleged aggressor to involve his or her family. If professional school personnel suspect that a student is subject to abuse or neglect, as mandatory reporters they must follow district policy for reporting suspected cases to

Child Protective Services.

If the incident cannot be resolved at the school level, the principal or designee will request assistance from the HIB compliance officer.

#### Step 4: Corrective Measures for the Aggressor

After completion of the investigation, the school or district designee will institute any corrective measures necessary. Corrective measures will be instituted as quickly as possible, but in no event more than five (5) school days after contact has been made to the families or guardians regarding the outcome of the investigation. Corrective measures that involve student discipline will be implemented according to <u>district policy 3241</u>, Student Discipline. If the accused aggressor is appealing the imposition of discipline, the district may be prevented by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.

If in an investigation a principal or principal's designee found that a student knowingly made a false allegation of harassment, intimidation or bullying, that student may be subject to corrective measures, including discipline.

#### Step 5: Targeted Student's Right to Appeal

- 1. If the complainant or parent/guardian is dissatisfied with the results of the investigation, they may appeal to the superintendent or his or her designee by filing a written notice of appeal within five (5) school days of receiving the written decision. The superintendent or his or her designee will review the investigative report and issue a written decision on the merits of the appeal within five (5) school days of receiving the notice of appeal.
- 2. If the targeted student remains dissatisfied after the initial appeal to the superintendent, the student may appeal to the school board by filing a written notice of appeal with the secretary of the school board on or before the fifth (5) school day following the date upon which the complainant received the superintendent's written decision.
- 3. An appeal before the school board or disciplinary appeal council must be heard on or before the tenth (10th) school day following the filing of the written notice of appeal to the school board. The school board or disciplinary appeal council will review the record and render a written decision on the merits of the appeal on or before the fifth (5th) school day following the termination of the hearing, and will provide a copy to all parties involved. The board or council's decision will be the final district decision.

#### Step 6: Discipline/Corrective Action

The district will take prompt and equitable corrective measures within its authority on findings of harassment, intimidation or bullying. Depending on the severity of the conduct, corrective measures may include counseling, education, discipline, and/or referral to law enforcement.

Corrective measures for a student who commits an act of harassment, intimidation, or bullying will be varied and graded according to the nature of the behavior, the developmental age of the student, or the student's history of problem behaviors and performance. Corrective measures that involve student discipline will be implemented according to <u>district policy 3241</u>, <u>Student Discipline</u>.

If the conduct was of a public nature or involved groups of students or bystanders, the district should strongly consider schoolwide training or other activities to address the incident.

If staff have been found to be in violation of this policy and procedure, school districts may impose employment disciplinary action, up to and including termination. If a certificated educator is found to have committed a violation of <u>WAC 181-87</u>, commonly called the Code of Conduct for Professional Educators, OSPI's Office of Professional Practices may propose disciplinary action on a certificate, up to and including revocation. Contractor violations of this policy may include the loss of contracts.

#### **Step 7: Support for the Targeted Student**

Persons found to have been subjected to harassment, intimidation or bullying will have

appropriate district support services made available to them, and the adverse impact of the harassment on the student will be addressed and remedied as appropriate.

#### I. Immunity/Retaliation

No school employee, student, or volunteer may engage in reprisal or retaliation against a targeted student, witness, or other person who brings forward information about an alleged act of harassment, intimidation or bullying. Retaliation is prohibited and will result in appropriate discipline.

#### J. Other Resources

Students and families should use the district's complaint and appeal procedures as a first response to allegations of harassment, intimidation, or bullying. However, nothing in this procedure prevents a student, parent/guardian, school, or district from taking action to remediate discrimination or harassment based on a person's membership in a legally protected class under local, state or federal law. A harassment, intimidation, or bullying complaint may also be reported to the following state or federal agencies:

# MINUTES NORTH FRANKLIN SCHOOL DISTRICT BOARD OF DIRECTORS

March 8, 2021 5:30 pm

#### 1. CALL TO ORDER/FLAG SALUTE

The meeting was called to order by Chair Utecht at 5:30 pm with Mrs. Walker (zoom), Mr. Fox (zoom), Mrs. Booker, Mrs. Hailey, Mr. Jacobs, Ms. Chamberlain and Ms. Mendoza present. Mr. Fox was absent.

#### 2. SET AGENDA – ACTION

Mrs. Hailey moved, Mrs. Booker seconded, to approve the agenda as presented. Motion passed.

#### 3. RECOGNITION OF VISITORS

Chair Utecht welcomed those in attendance. Lauren Smith and Bevon Davis from the Greater Connell Area Chamber of Commerce presented a Business of the Year award to North Franklin School District. They shared that the common denominator in selection was the difficulty in adapting for this school year. Every employee in the district has had to adapt. Mr. Jacobs thanked the Chamber on behalf of the board of directors and staff. Mrs. Booker echoed everything that had been said.

#### 4. REPORTS

#### A. Secondary School Reports

#### Connell High School

Mr. Walker reported that it has already been a busy month with a long stretch to spring break, but they have a lot of things to accomplish. Sports has started and he commended the coaches for their efforts recently to get it up and running. Enrollment has been in the high 500s for FTE. Ms. Koch will be extremely busy with student registration coming up for next school year. They are continuing to work with OJH for a virtual 8<sup>th</sup> grade transition. They are currently working on the challenge of how to do the senior LEAP presentations, possibly doing them in STAT or in-person in a large space. The goal for spring conferences is 100% attendance. There will be a senior parent survey about graduation and what parents would like to see based on the phase we are in and what is allowed. He also spoke about the D & F rate reduction to 13% at the end of 1<sup>st</sup> semester. They have been bringing students in on Wednesdays for interventions and other activities, and the goal is to work towards having 150-200 students there. This week is Education Support Professionals Week and classified staff are being celebrated for all their hard work.

#### Palouse Junction High School

Current enrollment is 18-23 FTE. Staff have been focusing on increasing productivity on Odysseyware by using an all start board with tiers where students get incentives for reaching each tier and it has been very successful. They have also created a monitor board to track credits towards graduation and it has been motivating as well. The social/emotional concerns have increased this year and he is working to communicate regularly with each student to be more involved to help them with their concerns.

#### Olds Junior High School

Mr. Fox shared that they are continually working to keep students engaged while still being able to celebrate students and staff. Current attendance is 91-95%, and advisory

check in is about 80%. They are constantly working to improve attendance. Sports has started and there are about 133 students currently participating, which helps bring some normalcy to the school. After spring break, all spring sports will start and will go through the end of May. For Wednesdays they have brought in different students for additional work/interventions and it has been good and offered staff more time with students. The ASB will be coming in on Wednesdays to plan as well. Mrs. Ledezma and Mrs. Jensen have started a Reading March Madness to get students and staff excited and involved to help expand their interest in reading. They are looking forward to seeing and communicating with parents for conferences and they have a goal of 100% attendance.

#### B. Business Manager Reports

Mrs. Sital reviewed the enrollment report.

#### C. Board of Director Reports

Mrs. Booker shared that the Miss Connell program is on Saturday, March 20<sup>th</sup>. Attendance is limited, but the program will be recorded and made available for viewing on YouTube about a week afterwards. There was a Little Miss program with approximately 10 girls participating and it went well. They are hoping in the future it can continue to grow. Ms. Mendoza reported that there is a modified homecoming week March 15<sup>th</sup> – 19<sup>th</sup> with limited activities planned and students are looking forward to it. Also, sports being up and running has been very positive and kids are happy to be participating.

#### D. Superintendent Report

Mr. Jacobs reported that they are continuing to work on streaming games as they deal with Wi-Fi and camera issues, but many community members/parents have stepped up to live stream with their devices and it has been much appreciated and allowed many family/community members to watch games they aren't able to attend. He continues look at rapid COVID testing for students, with parental consent. The benefit is that if students or parents have concerns or anxiety about their health, they can test locally rather than having to go to a clinic. People across the state, through the ESDs, are pushing to get the social distancing requirement reduced from 6 feet to 3 feet, while continuing the current mitigation strategies, with the possible addition of optional rapid testing. Mrs. Booker asked about the possibilities of the schools that have been in-person instruction to be able to move to 3-foot. Mr. Jacobs shared that it has been discussed, but at this point is not an option. Board members discussed the rapid testing and Mr. Jacobs will gather more information about it and report at a future meeting. He continues to work with CBHA and Affordable Counseling Center to provide support for student mental/emotional health services for grades 7-12, working with the school counselors when there are issues outside of their expertise. He is also looking at the feasibility and benefit of the district having on-site services through CBHA to treat minor, quick treatments to help reduce absenteeism. CBHA is donating tent structures to use outdoors for shading and protection across the district. Administrators spent the day brainstorming for recovery planning over the next 2-3 years to help mitigate the impact of COVID including the loss of instruction, student mental health and wellness, upgrading ventilation systems, funding loss, etc. They are also increasing the training incentive for substitute bus drivers to help recruit and increase the pool of substitutes.

#### 5. GENERAL DISCUSSION ITEMS

A. Policy 2145 – Suicide Prevention – Second Reading Mr. Jacobs presented Policy 2145 – Suicide Prevention for approval. Discussion ensued.

Mrs. Booker moved, Mrs. Hailey seconded, to approve Policy 2145 – Suicide Prevention as presented. Motion passed.

B. Policy 3225 – School-Based Threat Assessment – Second Reading Mr. Jacobs presented Policy 3225 – School-Based Threat Assessment for approval.

Mrs. Walker moved, Mr. Fox seconded, to approve Policy 3225 – School-Based Threat Assessment as presented. Motion passed.

C. Policy 6216 – Reimbursement for Goods and Services: Warrants – Second Reading Mr. Jacobs presented Policy 6216 – Reimbursement for Goods and Services: Warrants for approval.

Mrs. Hailey moved, Mrs. Walker seconded, to approve Policy 6216 – Reimbursement for Goods and Services: Warrants as presented. Motion passed.
