INFORMATION TO ELECTORS²

Upon entering the polling place, an elector shall state his or her name and address, show an acceptable form of photo identification and sign the poll book before being permitted to vote. If an elector does not have acceptable photo identification the elector may obtain a free photo ID for voting from the Division of Motor Vehicles. If an elector is not registered to vote, an elector may register to vote at the polling place serving his or her residence, if the elector presents proof of residence in a form specified by law. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot.³ Upon being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

On referendum questions where **paper ballots** are used, the elector shall make a mark (X) in the square next to "yes" if in favor of the question, or the elector shall make a mark (X) in the square next to "no" if opposed to the question.

¹ THIS NOTICE MUST CONTAIN A STATEMENT ABOUT THE ACCESSIBILITY TO THE ELDERLY AND DISABLED FOR EACH POLLING PLACE. IF ANY POLLING PLACES ARE NOT ACCESSIBLE OR IN COMPLIANCE WITH FEDERAL LAW, CONTACT THE ELECTIONS COMMISSION.

² This section should be adapted depending upon what type of voting procedure is used.

³ Remove this sentence if only touch screen voting system(s) are used.

When using a *tactile ballot marking device (Vote-PAD)* to mark a **paper** ballot, the elector shall obtain from the inspectors, the assistive device and any audio or dexterity aids if required. On referendum questions, the elector shall fill in the oval or connect the arrow next to "yes" if in favor of the question, or the elector shall fill in the oval or connect the arrow next to "no" if opposed to the question.

On referendum questions where **optical scan** voting systems are used, the elector shall fill in the oval or connect the arrow next to "yes" if in favor of the question, or shall fill in the oval or connect the arrow next to "no" if opposed to the question.

When using an *electronic ballot marking device ("Automark", "ExpressVote", Clear Access or "ImageCast Evolution-ICE")* to mark an **optical scan** ballot, the elector shall touch the screen at "yes" if in favor of the question, or the elector shall touch the screen at "no" if opposed to the question.

On referendum questions where **touch screen** voting systems are used, the elector shall touch the screen or use the keypad to select "yes" if in favor of the question, or the elector shall touch the screen or use the keypad to select "no" if opposed to the question.

The vote shall not be cast in any other manner. Not more than five minutes' time shall be allowed inside a voting booth. Sample ballots or other materials to assist the elector in marking his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

If the elector spoils a **paper or optical scan** ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place.⁴

The elector may spoil a **touch screen** ballot at the voting station before the ballot is cast.

After an official **paper** ballot is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The elector shall deposit the voted ballot in the ballot box or deliver the ballot to an election inspector for deposit, and deposit any unvoted ballots in the discard box. The elector shall leave the polling place promptly.

After an official **optical scan** ballot is marked, it shall be inserted in the security sleeve so the marks do not show. The elector shall insert the ballot in the voting device and discard the sleeve, or deliver the ballot to an inspector for deposit. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.
