March 31, 2021

Dear WUSD families,

We are getting closer to our Monday, April 5th, 2021 school's reopening date. As I cannot contain my excitement to have our staff, students, and families back on campuses, there are a few things I would like to communicate to you.

Recently, the CDC updated the K–12 school guidance to reflect the latest science on physical distance between students in classrooms. CDC now recommends that, with universal masking, students should maintain a distance of at least 3 feet in classroom settings in elementary schools regardless of transmission levels. For middle and high schools, CDC also recommends students should be at least 3 feet apart in classrooms where mask use is universal and in communities where transmission is low, moderate, or substantial. In case transmission becomes high, these older students should stay at least 6 feet apart. The agency still recommends students keep 6 feet away from one another at sporting events, assemblies, lunch, and chorus practice.

The California Department of Public Health (CDPH) adopted these guidelines on March 20, 2021; shortly after we had completed the Covid Safety Plans (CSP) for all of our schools. In consequence, we will be assessing the implications of these revised rules and regulations over the next couple of weeks to apply them in the safest way possible. This process would include feedback from our staff so we can all work together safely.

Please be on the lookout for an invitation for a community meeting this Thursday, April 1st, 2021. We would be hosting an online gathering through zoom to discuss our Safety Plans and gather questions, comments, and suggestions from all of you.

Thank you and see you soon!

Jeremy Decker
