Budget Message

**2018-2019
Superintendent Raymon Smith**

Introduction

This budget message and accompanying documents are presented in compliance with ORS 294.391, 294.369 and 294.401. This budget message is intended to depict points of special interest with regard to the budget document, which follows. The time period covered by this message and documents is July 1, 2018 to and including June 30, 2019. This document represents the recommendations of the Budget Officer and will represent the basic financial instrument and guideline for the Board of Directors and Administration, following changes as directed by the Budget Committee and Board of Directors. The format of the budget conforms to the Program Budgeting and Accounting Manual for the State of Oregon. Fiscal and accounting practices shall conform to acceptable accounting practices as required by statutes and standard auditing procedures. The codes in this budget comply with the state-mandated coding/definition revisions effective July 1, 2018. A Chart of Accounts is included with this budget for information.

Budget Development

The following procedures were used in developing this budget:

1. Review of budget proposals were guided by the district's priorities for maintaining current educational programs, focusing on helping each student grow, maintain reserves within the board policy DBDB and the requirement that expenditures stay within available resources.
2. The Budget Officer worked cooperatively with staff to prepare budget proposals, which reflect the needs of the students and the goals of the district.
3. The district office staff reviewed needs, entered them into the computer, made necessary changes to balance, and prepared the budget documents for the Board and Budget Committee's consideration.
4. The school board reviewed the Fund Balance policy in the winter 2013 meetings adopted the revised Fund Balance Policy DBDB in February 2013. The policy set balance triggers and a revised parameter for fund balance to maintain between 15% and 25% of the prior year's total general fund expenditures.
5. One goal this year is to develop a plan to reserve funds for future negotiations, so the district would have money in the reserve for a two-year budget cycle going into the next cycle of negotiations. This would give a four-year window for look ahead as the biennium is rolled up and would allow for sustainable increases in the negotiations process.

Budget Committee Tasks

The "local budget law" assigns to the Budget Committee, as a fourteen (14)-member committee, the task of setting and approving a dollar limit for:

1. Each fund in the budget
2. Each major function as defined by ODE
3. Total Budget
4. Levy and/or tax rate

5. General Obligation Bond tax dollar amount

In order to perform this task, the Budget Committee is required to consider recommendations from other citizens and examine the budget in whatever details the Budget Committee desires. The Budget Committee may request and receive any information about the district, which is relevant to the task and compel the attendance of any employee at the budget meetings.

The Budget Committee's ultimate task is to set the dollar limit for the budget. The Budget Committee meetings and deliberations about the budget must be in open session. All actions of the Budget Committee must be approved by a simple majority (8) of the committee; the same number required for a quorum.

When the Budget Committee has reviewed the approved budget, the Board has the responsibility to adopt a final budget prior to July 1 of each year. Once the budget is adopted, it becomes the fiscal instrument guiding the district's spending practices throughout the fiscal year. It is important to remember that the budget is the district's fiscal plan for the operation of the school district. It is based on estimations and projections given the information available at the time it is proposed, approved, and adopted.

Explanation of the Document

The financial policies depicted in the budget focus on maintaining comprehensive educational programs, providing for the purchase and replacement of textbooks, supplies and equipment necessary to operate the school district, and to maintain a cash position that provides stability for the future. Additionally, this budget allows the school district to continue to meet state and federal requirements.

The financial policies put forth in this budget can be summarized as follows:

Continue progress towards achieving the school district mission, student learning goals, district improvement plan and school improvement plans.

1. Meet district, state, and federal requirements.
2. Continue to implement the school district policies and technology plan.
3. Provide staff development and training to address student needs.
4. Maintain funding for district technology over the five-year plan.
5. In 2018-19, all high school students will get a personal chromebook computer to use throughout their high school tenure.
6. Continue preventative maintenance and building improvement efforts.
7. Maintain adequate reserves for the future school years in accordance with the board parameters set in Fund Balance Policy DBDB updated February 2013.

Budget Overview

Enrollment: The proposed budget shows an estimated ADMw of 456.93, an increase from 2016-17 at 449.72, and increased from 441.31 in 2015-16. ADMw is based on the ODE State School Fund Grant Estimates. ADMw are Average Daily Membership weighted student counts used in the State Funding Formula. It includes weighted counts for students with disabilities, small school adjustments, etc. This is a substantial increase over prior years ADMw calculated by ODE as a result of increased student transfers into the district and increased kindergarten enrollment from local residents. The Small high school correction and the Remote Elementary School Correction are based on a bell curve and Echo School District is at the top of the bell curve for 2017-18 into 2018-19. Therefore, even though our ADMr is increasing to close to 300, the ADMw in the funding formula is not increasing proportionately.

Resources: Total general fund resources show a minimal increase for 2018-2019 primarily due to increased reimbursement due to continued increases in enrollment. This is the second year of the biennium which is split 50/50 with 2017-2018. This increase will allow the district to offset the increase in personnel COLA expenses to maintain level FTE with no reduction in instruction staffing or days. Through frugal decision making, Echo has not had any reduction in instructional days or staffing and staff have received a COLA and insurance cap increase each year. The board policy calls for a cash reserves level between 15-25% between Contingency and Unappropriated Reserves. Due to increased enrollment and ADMw for past five years, resources have increased each of the prior years' per student allocations from the State School Fund.

Requirements: FUND 100: General Fund expenditures have risen over the past years with an increase in cost of living adjustments for salaries and major employer increases of close to \$120,000 in the cost of PERS contributions for 2018-2019. Echo employees do pay the 6% employee share for their contributions out of their paychecks. Operational costs including purchased services, supplies and materials, equipment and other expenditures are adjusted to reflect estimated operational costs for 2018-2019. With the completion of the bond construction project the district will also have increased costs for the additional 27,000 square feet of buildings.

Special Funds: FUND 200's: Other funds are called "Special Funds" and are miniature budgets unto themselves. The general fund can transfer funds to special funds, but special funds cannot transfer funds back to the general fund. Usually special funds are created to track grants or bonds. The proposed budget has Special Funds that include but not limited to; Federal Title Grants, Title I, Title V and the Rural Education Grant, Student Body funds, cafeteria enterprise fund, preschool enterprise fund.

Bond Funds: FUND 300's: General Obligation Bond fund, and the PERS UAL bond fund. The district placed Measure 30-112 on the May 17, 2016, ballot. The bond passed with 76.85 % Yes votes. These funds were used as the matching requirement for the OSCIM grant to construct the new building in 2016-17. The district will be completing the \$8 million construction project with 4 new classrooms, new metal and wood shop, science and ag classroom/lab and gymnasium, as well as improvements to the elementary school wing with planned occupancy by the start of the 2018-2019 school year.

Construction Funds. FUND 400: The Oregon Legislature established a capital projects grant, SB447, OSCIM grant in 2015. Echo School District applied and was awarded a \$4 million grant for school facilities. The Grant required the district to pass a \$4 million matching grant. The district placed Measure 30-112 on the May 17, 2016, ballot. The bond passed with 76.85 % Yes votes. The bond will be used for construction of new facilities and renovations to existing facilities, with planned occupancy by the start of the 2018-2019 school year.

Summary

This message represents the recommendation of the Budget Officer and will be the financial program for the district following approval by the Budget Committee and final adoption by the School Board. If the Administration or staff can assist the Budget Committee in any way, as you consider the best interests of the students, it will be our pleasure to do so.

Respectfully Submitted,

Raymon J. Smith, Superintendent
