Internet Safety

Eatontown and Safety

Technology Forms

At the beginning of the year, parents and students are asked to look over our school technology agreement. This forms states that students will use computer and internet responsibly.

Communication

- Gmail- Emails can only be sent between teacher and student (not student to student)
- Google Meet- Everyone can see chat or chat can be turned off
- Zoom- Messages can be sent between teacher and student.

Stem Club

- Allows the students to talk to each other under supervision by the teacher.
- Fun activities that give students the chance to share thoughts and ideas
- Can join at anytime

Knowing the
sites kids use

Common Sites that should be monitored or not allowed

Omegle-

- A place where students can talk to complete strangers.
- Do not need an account to access
- Video feature- Not appropriate!
- Can not control who you talk to.

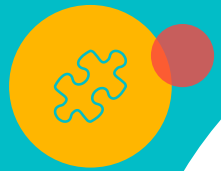
Tik Tok

Social Media Site for posting videos

- Some videos are inappropriate for kids

Roblox

- *Very popular game for kids*
- *New content is created everyday for this game*
- *New content can be very inappropriate*
- *Be aware that students can chat with other players*



1.

Safe Sites and Apps for kids

Math

- Reflex Math
- Iready
- Think Central
- ABC YA

ELA

Iready Language Arts

A program used in school to help access what they students need to learn. This is based on the students current level.

Epic Books

Students are assigned books to read and are also able to chose books on their own. The books are geared toward the

For Fun
