Notice on 2019-2020 School Year Data

Due to the widespread impact of COVID-19, the US Department of Education granted Indiana a waiver from annual assessment and accountability requirements for the 2019-2020 school year. Information available on this site reflects assessment and accountability determinations from the 2018-2019 school year.

Student Achievement

Data source: 2018-2019 school year

Student Achievement includes both student proficiency and student participation. Student proficiency measures whether students have met or exceeded grade-level standards and expectations. Student participation measures whether students took part in and completed the statewide assessments. Only students who spend most of the school year enrolled in the school are included when reporting the performance of students.
