Universal Design for Learning (UDL)-Full description coming

Trauma Sensitive Classrooms—Full description coming

Secondary Traumatic Stress—Full description coming

Flexible grouping is for everyone!

Learn not only the "Why" of flexible grouping but the "How", turn chaos into collaboration as students engage in learning targeted to their learning needs. Rigor isn't about the content, it is about what teachers do to engage learners with the content that makes learning come alive. We will discuss flexible grouping from building the groups to designing classroom structures to creating the tasks and the assessment process too!

Instructional Redesign

Participants should bring a willingness to rethink classroom instruction AND a lesson or unit they would like to redesign. Join us and find out why the 4 Shifts Protocol is sweeping the globe as an instructional redesign tool and walk away with numerous ideas for shifting student learning!

Kagan Level 1

Pump up the fun, friendships, and liking for learning and each other with Class building and Teambuilding Experience why group work simply doesn't work for everyone, and why Kagan Structures do

Kagan Level 2

Do not Register for Level 2 unless you have previously participated in Level 1

Management Hints, Interpersonal Functions, Academic functions with Numbered Heads Together
