

New Travel Guidance

Domestic Travel Guidance:

As of April 1, 2021 there is NO requirement for quarantine after domestic travel. The NYSDOH has updated its [Travel Guidance](#) accordingly.

International Travel Guidance:

As of April 10, asymptomatic travelers will no longer be required to quarantine after entering New York. Asymptomatic travelers entering New York from another country, U.S. state, or territory are no longer required to test or quarantine as of April 10, 2021. Quarantine, consistent with the CDC recommendations, is still recommended for all travelers who are not fully vaccinated or have not recovered from laboratory confirmed COVID-19 during the previous 3 months. Symptomatic travelers must immediately self-isolate and contact the local health department or their healthcare providers to determine if they should seek COVID-19 testing."
