PRINCIPAL. Please see attached

SUPERINTENDENT.

Dr. Namin provide some update regarding the MIE request for Accountability and Assessment Waivers from the Bureau of Indian Affairs and the final required component of the waiver which was the support of the Maine Department of Education was received. The Maine Indian Education and all the schools' websites are providing direct links to all the existing MIE and School policies.

HEAD START PROGRAM DIRECTOR.

To safely social distance we have to do split classes in the Head Start classroom. Normally the classroom would accommodate all 20 of our students. Ten would be in one day and ten would be in another day. The daycare classroom holds ten students as well so we have come up with a plan that we feel is most effective. We would like for all the Head Start students to attend every day and for the other ten to use the daycare program classroom until the end of our program year which is 8/31. There are no children enrolled in the daycare classroom as that is a paid slot by parents. The Head Start slots are federally funded. For this, to work MIE would have to eat the costs associated with the daycare budget as it has done basically since last March. Most of the Head Start children will be entering Kindergarten either this fall or next fall and we feel this is the best way to prepare them for the transition to BRS.

6. COMMUNITY COMMENTS.

Students are not allowed to leave the school for lunch and return and school will have a scheduled lunch program, and students are not allowed to bring their lunch due to CDC guidelines.

7. Motion by Ms. Sapiel, and seconded by Ms. Cleaves to adjourn. Voted Unanimously.
Time Out: 7:24 P.M.

Respectfully Submitted,
