MEADOWS UNION SCHOOL DISTRICT

2021 | MARCH

BEACON RESULTS

OVERVIEW

To the MEADOWS USD Trustees & Keila Rodriguez, District Superintendent,

On behalf of the team from Beacon Results, we'd like to **congratulate you on the depth of conversation and planning** that you all have embarked on during our time together the past few months. We'd also like to appreciate you once again for taking us along with you on that journey. It has been our honor to assist you in adding meaning to your collective thoughts and conversations during that time.

It's **your deep dedication and desire towards creating a district that is both smart and healthy**, leading to greater student growth and success across all demographics that we especially noticed, and believe should be applauded. It was evident on every occasion that we gathered with you, that this was an **important part of success in your district and community**. And we believe it shows in the results of the priorities you created as guidance for the district. We look forward to continuing the journey with you as we develop more of the comprehensive strategies that leads your district.

BELIEF/LEGACY STATEMENT OF MEADOWS UNION SCHOOL DISTRICT

We are a strong united team that works together for the success of all students.

GUIDELINES

- **Put students first**
- **Have high academic expectations**
- **Establish rules, guidelines, processes**

MEADOWS UNION SCHOOL DISTRICT

KEY AREAS

Pupil Outcomes

Conditions of Learning

Engagement

Educational Equity

PUPIL OUTCOMES

Prepare all Meadow students by providing the knowledge and confidence to discover their career or college pathway.

CONDITIONS OF LEARNING

Provide a safe and healthy environment where staff work collaboratively on vertical and horizontal alignment for student achievement.

ENGAGEMENT

Facilitate the home-to-school connection by educating and valuing parents in their student's success.

EDUCATIONAL EQUITY

Create a safe learning environment that encourages rigor, relevance, & relationships for every student by providing them with the tools they individually need to be successful.
