

Control of Exposure to Blood Borne Pathogens

I. POLICY

It is the Policy of the Barrington Public Schools that to the extent practicable the District shall conform to the bloodborne pathogens safety standards promulgated by the United States Department of Labor, Occupational Safety, and Health Administration regulations dealing with a "Safe Workplace." ¹

The Superintendent shall implement appropriate procedures to protect School District employees from infectious disease. The District shall provide appropriate training and protective equipment to those persons who are at risk by virtue of their jobs and all at-risk personnel shall be offered, at no charge, a vaccine for Hepatitis B Virus.
