Any child living in the district born after January 1, 2017 is eligible to sign up for participation in the program.

Dolly Parton's Imagination Library is a book gifting program that mails free books once a month to children from birth to age five in participating communities within the United States, United Kingdom, Canada and Australia. Inspired by her father's inability to read and write, Dolly started her Imagination Library in 1995 for the children within her home county. Today, her program spans four countries and mails over 1 million free books each month to children around the world.
