Dear Hawks families,

College Place High School is excited to be bringing our students back on campus for a full day of learning. With another change often comes various questions about the daily plan. We hope to answer all your questions but please feel free to contact us if more questions arise.

### **Safety & Health Guidelines:**

All students will still be required to wear a mask, even students who are fully vaccinated. Students should plan on bringing an additional mask to keep in their backpack or pockets, as a full day of school will likely require switching into a new mask at some point. The school does have additional disposable masks we can provide as well. Masks must be worn appropriately with noses covered.

Students will still be required to maintain distancing (three feet in most classrooms, six feet at lunch) and practice all proper hand washing guidelines as needed. Sanitizer will be amply provided by teachers and in common areas.

### **Bell Schedule:**

CPHS will revert back to our block schedule previously used with the addition of a 30-minute end of day intervention time, called "Hawk Time". See below:

### **Drop-Off, Pick-Up, Bus Transportation:**

Please do not drop-off your students before 7:45am. We will still require temperature checks for students at the door, and we will not be staffed for that until 7:45am. If you are a bus rider, please check your Skyward Bus Information if you have questions about pick-up times or routes.

### **Health Screening:**

While we will still conduct temperature screenings daily at our two entrance locations, students will only take their Skyward Attestations every two weeks on these specified dates: May 6, May 20, and June 3. These attestations should be completed before they arrive to school on those dates but we will also have students complete them while here via announcements and Hawk Time on that day.

### **Supplies - Water Bottles & Technology:**

With our shared water fountains continuing to be off limits for students, we do encourage the use of water bottles. Students should plan to bring a water bottle with them to school. They may use the water bottle filling stations to stay hydrated.

Students should also plan to bring their device every day to school, just as they have been in the hybrid setting. Please encourage your student charge their device every night so that their battery may last through the school day. We do have charging availability in every classroom.

### **Lunch:**

Students may bring a lunch from home. We will also have Grab & Go lunch opportunities for all students at the school. The lunches will be sacked, however, hot items will be provided in the sack lunches. Students must remain six feet apart while consuming their lunch. This will be enforced by the lunch supervision team. Breakfast will be a Grab & Go for students to take at 3:00pm on their way out. Both lunch and breakfast are free this year for all students.

We are going to allow all 9-12 grade students to be able to use off-campus lunch options. We have a few options for students within walking range of campus. Expectations have been made clear to all of our students that this privilege can be revoked, and that they must conduct themselves respectfully if using off-campus lunch options. We 40 minutes (12:00-12:40) for lunch, students must ensure that is enough time for them to grab a lunch, consume it, and return to their 5<sup>th</sup>/6<sup>th</sup> period classes by 12:40pm. If students are continuously tardy to class as a result of off-campus lunch, we will use progressive discipline which includes revoking off-campus privileges.

In addition to our cafeteria, we will open up the following locations for students to eat on campus: Stadium bleachers, outdoor tables, grassy knoll near the outside basketball courts, the Great Hallway, and the Sager gym bleachers. If weather conditions do not allow for outdoor dining, we will utilize the bleachers in the Hawk gym as well.

Additional garbage bins will be required and deployed, however, we will also strongly require students be part of the solution to keep our campus clean, utilizing proper Hawk behaviors, service opportunities, and lunch clean-up as minor infraction consequences.

### **Summer School:**

I also want to make families aware that these last several weeks of school, our counseling team will be communicating with students that are in need of attending summer school for credit recovery. We are going to have an in-person summer school, but utilize our online platform called Edgenuity that our At-Home Learners will be flipping to on April 26. [Information for our At-Home Learners on this new Edgenuity platform will be coming out next week, as well as an orientation virtual zoom meeting with the online teacher.]

Summer school will run from 9:00am-12:00pm, Monday through Thursday, from June 21<sup>st</sup> to July 29<sup>th</sup>.

If you would like to make sure your student is signed up for summer school, please contact us in the main office. If you are unsure if your student needs summer school, we will be communicating that with you as we conduct those conference meetings with students we advise to take summer school for the credit recovery.

Our students will also be required to watch the following 16-minute [Full Return informational video](#) prior to April 26<sup>th</sup>. Please feel free to also watch it or to watch it with your student together. The link to that video is on our main website as well.

We are excited about opening our doors back to everyone in this full return model! If you have any questions or concerns please feel free to reach out us at 509-522-3312 or you may email me directly at raguilar@cpps.org.

Thank you and Go Hawks!
