April 16, 2021

Dear [parent or guardian],

On April 27-29, your child will be taking ACT® Aspire® assessments for grades 9 and 10. The valuable data we gain from these assessments allows us to make evidence based decisions when addressing your child's strengths, areas for improvement, and growth potential. The information is used by our High School teachers to design instruction for the needs of our students. This can give you an early indication of his or her likely readiness for the future, providing time to address areas where improvement is needed.

We will be administering **ACT Aspire Summative assessment on April 27, 28 and 29** to continue charting your child's progress year-over-year. Measuring academic growth is necessary to keep your child on track for college and career readiness. Our students rise to the challenge and we ask you to encourage your child to do their best and get plenty of sleep the night before.

Thank you,

Erin Eslinger
