

## Second Grade Recommended Apps

App Name	Icon	Price	Description
Chicktionary		\$1.99	Create as many words as possible from seven letters displayed on a row of cartoon hens. There are many levels, and play can be timed or untimed so the game can be shared between kids
100 Butterflies		\$.99	Educate your child to count to 100 with this beautiful and elegant butterfly game. With two game modes, free play and quest play, your child can learn to count by clicking the little sleeping caterpillars and turning them into pretty butterflies that fly away. Go all the way to the top of the tree through day and night
NumberLand		\$2.99	An Award-winning Montessori based number app for pre-K children, with 10 beautifully animated scenes, to learn numbers from 0 to 9
Arithamaroo 1		\$1.99	Leap ahead in math! Watch the "Ahas" kick in when players discover that seeing patterns is faster and easier than counting.

What's Hiding		\$.99	Practice basic addition and subtraction concepts. Discs are counted, then covered, and some slide out from under the cover. Your job is to tell how many are still hidden under the cover. Work with numbers 1-5 or 1-10. Discs are displayed in a 5-frame or 10-frame format.
Deep Sea Duel		Free	Okta challenges you to a duel! Collect cards with a specified sum, and you win! But you better do it before Okta does! Choose how many cards (9 or 16), what types of numbers (whole numbers or decimals), and Okta's level of strategy (easy to hard).
iLearn Continents		Free	A fun way to learn the names and locations of the continents and oceans
Raz Kids		Free	
Spelling City			VocabularySpellingCity is a fun way to learn spelling and vocabulary words by playing engaging learning games using any word list. The most popular activities are Spelling TestMe, HangMouse, and our vocabulary games, available to Premium Members

Rocket Speller	 The icon for the Rocket Speller app features a red and orange rocket ship with a blue nose cone, flying upwards against a blue sky with white clouds. The rocket is surrounded by a blue and white circular pattern.	Free	Rocket Speller is a fun and engaging spelling app for 3-7 year olds. Educators, occupational therapists, special education teachers, and parents agree that kids are engaged and learning with this app.
Wings	 The icon for the Wings app shows a colorful bird with a white body and a large eye, flying over a blue and yellow background. The bird is surrounded by a blue and white circular pattern.	Free	Wings, a fun multiplication game (iPad, iPhone and iPod touch) features a bird who flies across islands, building a nest and winning colorful feathers while solving math problems.
